

The Ice Will Leave Lake Temiskaming on _____?

The first guess in The Haileyburian's Ice Contest this year came from David MacVeigh of Moore's Cove. What was his guess? We're not telling because David lives close to the lake and should have a very good idea of the date of that fine day to come when we will experience the glorious sign of an open Lake Temiskaming.

To help you in your guessing, the record of the past twenty-four years is listed below. One guess only is allowed to each person, and in each family; simply fill out the coupon and mail it to The Haileyburian not later than April 9th.

musical entertainment which they provided for their card party last week.

That Mrs. M. P. Wright has seen a lovely yellow bird—the size of a robin with a white streak on its wings—Can you identify it?

That the sap has been running during the past few days, but according to Bill Thuerck it isn't a goodyear — mild nights mean a poor flow into the tins.

That last year there were some five hundred and thirty entries in the Temiskaming Festival of Music — indications are that there will be more than that number participating in this year's event.

That another butterfly has been seen by a reader—this time it's yellow.

That the Ski Club reports a successful bingo in the Silver Town last week — H. Simmet of New Liskeard won the \$50.00 draw and a young ten-year-old child from North Cobalt who was attending her first bingo was the lucky winner of the \$25.00 door prize.

That the nicest surprise on a rainy Wednesday morning was another taste of things to come — Mrs. A. L. Herbert presented us with a lovely purple pansy — on March 22nd, the blooms lifted their faces to the sun.

That the inter-town curling 'spiel is continuing and all rinks are getting their two games a week—final results will come next week.

That the North Bay Nugget tells of a Pennsylvanian who wrote a friend in North Bay that they have the impression that the place has become another Klondike with feverish digging, rocketing prices and teeming crowds of mining speculators, prospectors and millionaires — they hear that they can't get a room for thirty miles in any direction

—however, tourist officials feel that more accurate information in the meantime will be of benefit to the trade rather than scaring them away.

That although St. Mary's Academy closed last week-end because of flu the number or severity of cases was not as high as intimated by the closing — the Public Health Nurse reports that in town and in the schools cases are spotty — citizens that do have the insidious germ are not caring for it — the cure? — go to bed and stop talking about it.

That from all indications, the Horticultural Society's Red Emperor tulips will soon be waving in the western breeze down by the Matabanick Hotel — they poked their heads up on the right day—March 21st and are now two to three inches high.

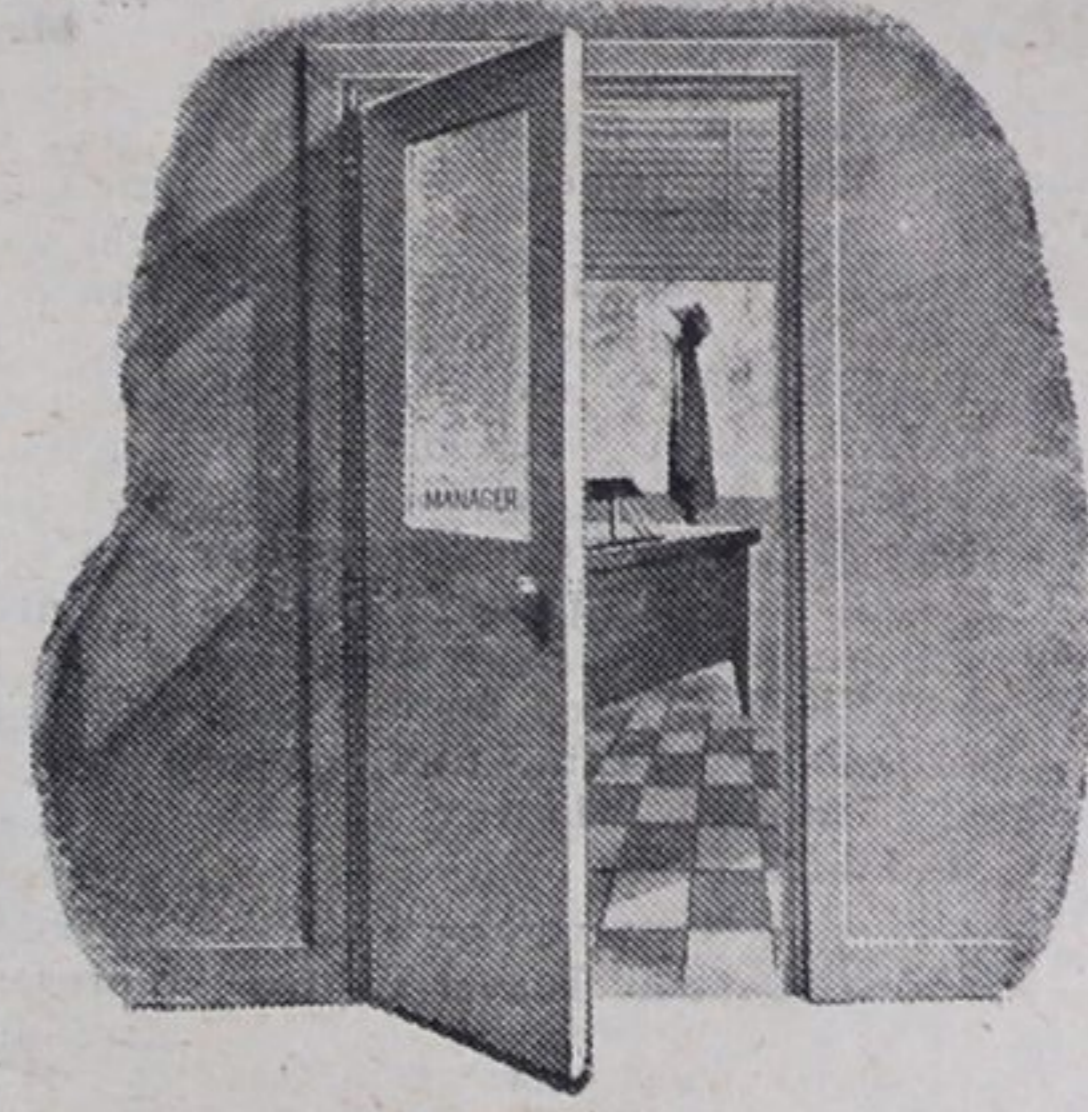

That we are calling all citizens to keep their fingers crossed on Saturday during the running of the race for the Irish Sweep-take — another Haileyburian stands to amass a small fortune and this time it's Billy Grozelle the name of his horse is Glen Fire and if he doesn't bring home \$140,000 for Billy, he will likely receive in the neighborhood of \$1,200.00.

That we would like to congratulate Miss Edna Maher and Miss M. Donaldson for a splendid recital last Thursday night—the performance of their pupils from the first tiny tot to the senior group was a glowing tribute to them for the important part they are playing in advancing our appreciation of music.

That a new service club has been launched in Cobalt — a group of local business men have organized a Lions Club.

That 'tis just about a month before the month of May and the spring comes slowly up this way

A friend of yours works here

At your branch of The Bank of Nova Scotia, through the door marked "Manager," works someone you should get to know. Someone who can be as good a friend as the old family doctor.

Sure he's a business man—and a good one, who knows rather more than the next man about finance, whether it affects you and your family or your business. That's why he's got where he is. But he's learned one lesson—a lesson passed on to him from The Bank of Nova Scotia's 121 years of experience. That is, that when you get right down to it, business is really people. And because people need friendship in business—he's ready to be your friend.

You'll find him a good man to know.

Your BNS Manager is a good man to know. In Haileybury he is H. Brown

That the cripple of little children uses no discrimination—are you doing your part by using Easter Seals?

That we like the story about the gentleman who when asked by the lady "Do you play the violin?" said "I don't know. I've never tried!"

That a Timmins man paid \$19.00 last week for one fish—he must have been desperate as he was caught fishing through the ice with seventeen lines out.

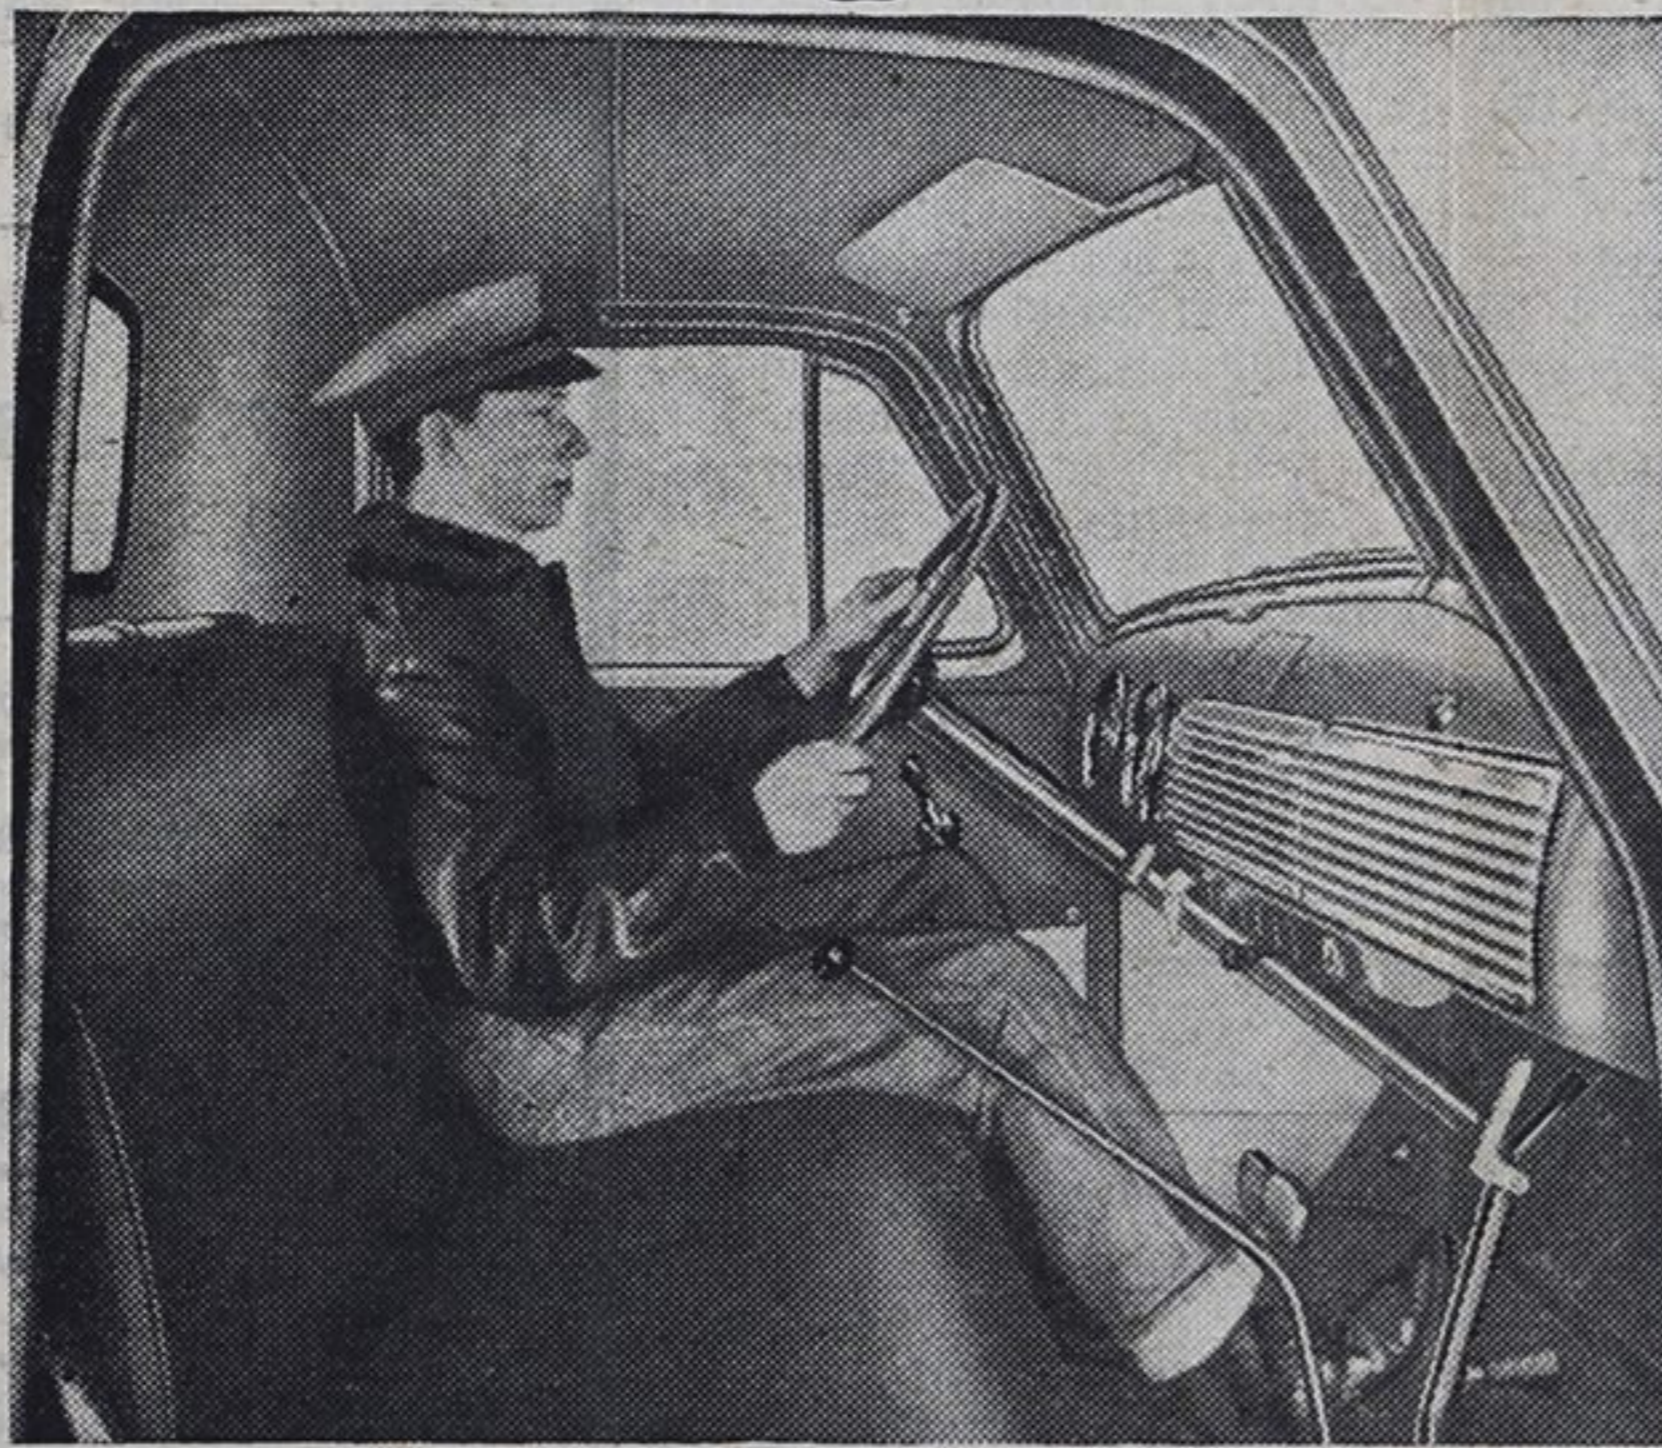

That this week, we have a report from the Mining Recorder that not one but many robins were singing their happy springtime song in the vicinity of his home on Sunday, March 22nd.

That on Saturday afternoon the thing to do is go to the school and see the exhibition of Adrian Verdonk's paintings and the work of the Haileybury Art Club—then drop in at the annual spring tea of the United Church W. A. —the Art Club Exhibit, by the way is Saturday and Sunday afternoons from 3 to 5 and Saturday evening from 7 to 9.

That the Catholic Women's League would like to thank Mr. O. E. Walli, Miss W. Keller and Miss Dorothy Hartley for the

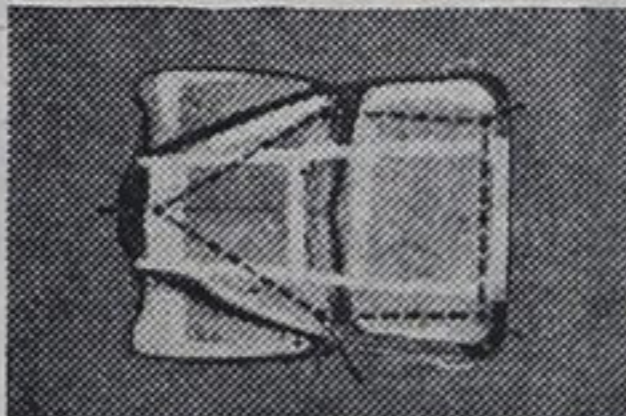

Comfort in the Cab

and dollars in the bank

Chevrolet Trucks are first because they're finest—feature for feature—in performance, economy and just plain value for your money. Take a look at the cab for example. It's "Driver-Conditioned", seats 3 big men with ease. Full width seat cushions, easy access doors and placing all controls in easy handling range provide unusual driver comfort and convenience. Impressive? Sure it is. But the cab is just one of many Chevrolet "Advance-Design" features that add up to one BIG advantage — Chevrolet trucks are the world's leading money makers on any hauling job. What more proof could you ask than the fact that truck operators, recognizing this, buy more Chevrolet trucks than any other make. Why not see your Chevrolet dealer today?

Chevrolet Driver-Conditioned Cabs

FLEXI-MOUNTING — Husky rubber cushions cut effects of chassis vibration and frame weave to increase truck life, add extra driver comfort under the toughest conditions.

SEAT SPRINGS — Seats have Double-Deck springs, cushiony, Latex-treated hair and cotton topper pad, hard-wearing leatherette cover that looks better, lasts longer.

VENTIPANES — Draft-free or forced ventilation just by adjusting ventipanes to desired angle.

BATTLESHIP CONSTRUCTION — For driver safety, this cab is a single, all-welded, double-walled steel unit that gives maximum protection for all occupants.

ALLIGATOR JAW COUNTER-BALANCED HOOD — Easy access to the engine and good visibility come through the alligator jaw hood that stays open easily without a prop.

ADJUSTABLE SEAT — Fingertip control permits easy adjustment. Seat moves full 3 3/4" forward, back tilts, seat rises for proper eye-level vision and shoulder support.
