PLANTER'S Nut Products
from Rotarians
Bring joy to Crippled Children

The Haileybury Rotary Club, in addition to carrying out its normal activities of assisting handicapped and crippled children of the area and other community projects, have also undertaken, together with other Service Clubs of Northern Ontario, to assist in the financing of the beautiful new Summer Camp for Crippled Children now under construction on the shore of Sesekinika Lake.

Northwood Camp is being built under the supervision of the Ontario Society for Crippled Children and will have the most up-to-date equipment for the comfort, medical care and entertainment for the children. It is now almost completed and will be ready to accommodate the first forty children by June 30th.

To raise funds for the above project and our other Community activities our Club is now organizing a campaign to sell Planters Nut Products.

Commencing April 20th, Rotarians will call on Householders in the community and offer them Planters' Nut Products at regular retail prices.

It is hoped there will be a generous response from our fellow citizens to this appeal. When you purchase these Planters Products you not only receive full value for your money in the way of palatable and nourishing

food but you also participate and assist us materially in our various activities to help the youth of the Community and more especially those that are crippled.

This announcement has been made possible by the generosity of the business firms and merchants listed on this page and we gratefully acknowledge their co-operation.
