Dreams Come True For Couple, 65

Retire on \$200 A Month for Life!

A popular Halifax grocer and his wife recently retired on \$200 a month for life. Their dreams of security and comfort have come true, thanks to a decision the grocer made in 1923.

It was then he took out a Confederation Life Insurance Pension Plan which included \$20,000 insurance protection. He had just opened his store... and with the baby and the payments on his home, he had only so much left for retirement plans. It was a pleasant surprise when his Confederation Man told him how easily his dreams could come true—without risks or investment worries.

You'll be pleasantly surprised too at how easily you can make your dreams come true—and protect your loved ones at the same time—with a Confederation Life Pension Plan with Insurance.
