Curlers' Committee To Study Artificial Ice Possibility

At the annual meeting of the Cobalt-Haileybury Curling Club on Monday evening in the Club rooms, A. C. Mosher was elected president for the ensuing year with F. W. Thompson as Vice-president, H. A. Doran was re-elected secretary-treasurer and the directors are as follows: Clarence Connelly, Wm. Fleming, C. J. Donegan, W. R. Leith, Harry Ramey, G. C. Dixon and Tom Brown.

The decision was made to order matched curling stones immediately as it takes two years to obtain them from Scotland.

An artificial ice committee was formed consisting of A.L. Umphrey, chairman and George Morissette, T. G. Tulloch, W. R. Leith, A. D. Hellens and Robert Patrinquin. They will take on the responsibility of canvassing the towns of Cobalt and Haileybury to determine the amount to finance which might be raised on bond issue and report their findings to a general meeting in two weeks time.

The retiring president, A. L. Umphrey thanked the executive for their untiring efforts last year and expressed his appreciation to each member for their support.

Dr. Crawford Re-Elected President of Fish & Game

Dr. J. C. A. Crawford was re-elected President of the Temiskaming Fish and Game Protective Association by a large turnout of members to the 23rd annual meeting in the Legion Hall last week.

R. Faibrother was elected 1st Vice-President, Dr. W. C. Arnold 2nd Vice-President and H. M. Grady, secretary-treasurer.

Discussion was held on lake trout fishing through the ice and the possibility of a moose season in the North Bay district.

Mr. Ross Whitfield, District Biologist for the North Bay district spoke on the problems of pollution in streams and lakes and showed moving pictures.

The executive will make arrangements for a Fishing Derby during the Jubilee to be restricted to Lake Temiskaming.

Inspector Smaill Dies Suddenly in Liskeard Hospital

Inspector C. N. C. Smaill officer in command of one of the largest districts in the force, District 12, died suddenly last Friday in New Liskeard Hospital. He had been in poor health for some months and only recently returned from consulting a leading heart specialist in Montreal.

Born in Cache Bay on August 23rd, 1902, Carl Nevin Coyne Smaill was the son of the late Mr. and Mrs. Minor Smaill. Before joining the Provincial Force in 1927, he served for several years with the R.C.M.P.

His work as a policeman received early recognition with his promotion to corporal in 1940, to sergeant in 1943 and in 1950, he was made an inspector. He remained active in his work until the day of his death.

Inspector Ralph Crozier who served as his district sergeant here for two years before going to Timmins spoke of his fellow-worker as 100 per cent policeman. "It was with profound shock that I learned of his death. Inspector Smaill was a good officer to work with or under," he said. His greatest interest in life was the welfare and efficiency of the Provincial Police Force and his death is a great loss to the OPP.

During his years of service, Inspector Smaill was stationed at North Bay, Sudbury, Niagara Falls and latterly Haileybury where he and his wife lived in the Dempster duplex on Rorke Ave.

He is survived by his wife, the former Cecile Gauthier of Sudbury, and one son, Minor Smaill nine months. Other survivors are two sisters, Miss Laura Smaill of Schumacher and Mrs. J. W. Carswell of Cache Bay and four nephews, Murray, Grant, Yvall and Neil Carswell of Cache Bay.

Funeral services were held at Cache Bay and interment was at Sturgeon Falls.

Former School Inspector In This District Honored

R. H. Macklem, who was Public School Inspector here from 1942 to 1944 was last week appointed President of the Ontario School Inspectors' Association. Prior to this he was elected President of the Canadian Association Schools Superintendents and Inspectors for Canada.

Mr. Macklem, who has many friends in town is now situated in Belleville.

CBC PLANS COVERAGE

Plans for the British Empire Games take shape in Vancouver as Stanley V. Smith, general chairman of the Games committee, signs contract giving rights for radio, television and film coverage of the event to the CBC. Looking on (left to right) are Jack McCabe, CBC co-ordinator for coverage of the games, W. H. Raikes, chairman of the organization's finance committee; and Kenneth Caple, the CBC's regional representative in British Columbia. The Games get underway in Vancouver July 30th.

Diamond Jubilee

Every individual on every committee heading up the Diamond Jubilee has his shoulder to the wheel and his enthusiasm knows no bounds to make the celebration an occasion worthy of sixty magnificent years. Contributions to help finance the program have started to roll in and the executive is confident that everyone, near and far will dig down and contribute his share. Cyril T. Young, the Haileybury Chamber of Commerce and Mayfair Mines have led the way in financial contributions with a total of \$90.00. Your donation may be mailed or given to the Jubilee Committee through Mr. Alan Hurst, treasurer, Diamond Jubilee, Bank of Nova Scotia, Haileybury. Receipts will be forwarded on request.

The third co-chairman of the Diamond Jubilee is Alex Mosher and the secretary is Miss Jean Grant. The appointments were made at a meeting of committees in the Hotel on Sunday.

Leo Gough has contacted the Canadian Ski Association regarding the exhibition of water skiing and its going to be a big day on a big and glorious lake in July.

The Fish and Game Association discussed the Jubilee at their annual meeting last week and they are all set to sponsor a fishing competition.

Now, we can fully appreciate the hard work and foresight which went into the building of the tennis courts. Already, players have been enjoying the sport this year and can look forward to a tennis tournament during the Jubilee.

Mario DeBastiani of Cobalt president of the C.I.M.M. has agreed to act on a committee to lead the prospectors and mining day.

J. Hallworth reported the Firemen expect ten to fifteen brigades to participate in their doings. Included will be a demonstration of equipment. They will also see to it that there are fully trained men at the Water Sports day in case of accidents.

In other days, Anson A. Guard writing in his "Gateway to Silverland" said "Those who have a way of looking into the future have made Haileybury the capital city when New Ontario shall have been made a separate province. They make of New Liskeard and Haileybury one great city, with the capitol buildings on that magnificent site that lies between the two."

Mrs. Macdonnell was assured by the Cobalt ladies that their meals in the Legion Hall would be a necessary and popular phase of the celebration.

Bob Poppleton, who is acting on the Parade Committee, reported that letters had gone out to all organizations for floats.

School children will be asked to write to friends publicizing the anniversary and a contest will be conducted to choose the best letter and a copy given to the Jubilee Committee.

Mrs. A. H. Moss, granddaughter of the late C. C. Farr, was named as honorary chairman of the Jubilee.

We know a lot of things about the street names of Haileybury now that we didn't know last week. We found out from a young reader who was here in the early days but doesn't want her name divulged. Florence and Ethel McConnell of Mattawa were friends of our second Mayor's wife, Mrs. C. A. Foster. Since Mr. Farr had chosen family names—Georgina after his wife's maiden name, Probyn after her family name, Marcella after Mrs. P. A. Cobbold's maiden name Mr. Foster continued naming them after his friends.

Vern Lundy reported that his committee was going ahead with the sale of tickets on a boat and motor.

Mrs. Lorimer of Cobalt spoke to the meeting on the handicraft exhibits which had been held there during their Old Home Week. A list of handicrafts was drawn up and approved by her committee. The lists were sent out to all organizations from Temagami to Englehart. Cobalt also had a flower show. A children's fashion show by Buckovsky's was a success with entrance by registration buttons. Frontage was sold for commercial display and the money went to prizes.

Way back in the good old days, there was a prosperous lumber mill at the foot of Blackwall street which was started by C. C. Farr, later sold to C. A. Foster and then purchased by Walter and Bob Little, then bought by the Riordan interests. In 1906 the first electric light in town came from a small steam generator in the mill. Finally, this mill met its end in the 1922 fire.

Sam Hughes said that people were in favor of a mutt snow and that the children are busy working on their powder boxes for the derby.

Mrs. Lorimer offered several (Continued on Page 6)

Funeral Services Held Monday for Thomas Edwards

Thomas Edwards, one of Haileybury's oldest and best known residents died at his home here on Friday afternoon after a brief illness. He was in his 84th year. Mr. Edwards, who was born in England, came here in 1906 and was associated with the dairy business until his retirement. He was one of those who experienced the great fire of 1922 and lost no time in rebuilding his future.

He is survived by his wife, the former Jane Smith, two sons—Thomas Edwards Jr. of New Liskeard and William of Toronto and six grandchildren and eight great grandchildren.

Mr. F. Audet of New Liskeard officiated at the funeral service which was held on Monday afternoon in the Tulloch and Buffam Funeral Chapel. The pallbearers were Charles Dean, Henry Adams, William Fleming and Elmer Nelson of Haileybury, George Mahwinney of Sudbury and William Edwards Jr. of Toronto.

Interment was in Mount Pleasant Cemetery.

Mr. Edwards was one who was held in the highest esteem by all who had come to know him throughout his close association with this community and we join with them in extending sympathy to his wife and family in their great loss.

Prospecting in Ontario

Prospectors in Ontario have been extremely active so far this year. According to a statement issued by the Ontario Department of Mines during the first three months of this year the number of mining claims staked amounted to 16,049 as against 4,261 for the same period in 1953. This is an increase of 11,788.

Most activity is reflected in the report on the Port Arthur-Kowash Division which shows that 9,442 claims were recorded as against 561 for the same period last year. Eastern Ontario had 2,458 while the Sudbury region had 1,775.

Recordings in the other districts were: Fort Francis 144, Kenora 76, Larder Lake 227, Montreal River 81, Parry Sound 145, Patricia 241, Porcupine 67, Red Lake 422, Sault Ste Marie 833, Temiskaming 138.

Number of licenses issued during the three month period amounted to 2,855 and the number of licenses renewed was 5,419.

More than three million squirrel and muskrat pelts are taken by Canadian trappers each year.

Constable Vic Clive Leaves in May for North Bay

Haileybury loses a popular member of the Municipal Police force next month when Constable Vic Clive moves to North Bay to take over new duties with a patrol boat on Lake Nipissing. He will be succeeded by Constable Don Scanlon, who is serving with the Ontario Provincial Police here.

Constable Ralph Berry, who has been closely associated with the officer for the past three and a half years had this to say about his fellow worker this week "The died-in-the-wool antagonist might consider this terribly monotonous but in working with Constable "Vic" Clive for more than three years in a small community, I have found that it is virtually impossible to even have a difference of opinion with him. He has been a good friend and an excellent working partner and I find it difficult to picture him working elsewhere than in Haileybury."

Councillor R. J. Poppleton expressed regret that the town was losing such a fine officer "who had at all times performed his duties so conscientiously and with such good common sense."

W. A. of United Church Hold Annual Spring Tea

The Womens Association of the United Church held their annual spring tea on Saturday afternoon in the Sunday School Room. The guests were received by the president, Mrs. J. B. Robinson and Mrs. A. T. Denholm.

Colorful spring flowers centred the tea table where Mrs. W. C. Arnold, Mrs. G. Campbell, Mrs. H. G. Pickard and Mrs. R. W. Carter poured tea and coffee. They were assisted by Mrs. G. E. Chipman, Mrs. D. W. Atchison, Mrs. M. B. Glazier, Mrs. A. M. Hurst and the convener Mrs. T. Smith.

Mrs. A. W. Stollery was the convener of the produce table and she was assisted by Mrs. N. Austin and Mrs. W. Farmer.

On the average more than half a million Canadians travel by railway train every week.

THE WEEK'S WEATHER

Week ending April 28th, 1954
