Nine Winners as Ice Leaves Lake Temiskaming

The ice is out of Lake Temiskaming and nine lucky readers of the Haileyburian have won a year's subscription to the home town paper. Seven of them live right here on the shores of the lake and two of them are out-of-towners—Mrs. W. J. Cotnam, Mrs. L. H. Ferguson, Jean Belanger, G. H. Ross, Gordon Davies, Maurice Fortin, A. L. Barry, all of Haileybury and Mrs. J. I. McNally of Divadale Drive, Toronto and Mrs. Fred Gordon of Nestleton, Ontario.

We presume you are still waiting in suspense for the date, which was Sunday, May 2nd, according to the official report coming from Neil Fleming. Last year the ice went out on April 26th with only six winners and the year before no less than twenty-two received a paper every week of the year for a guess on May 3rd.

The signs of spring come slowly and fitfully in these northern latitudes but when with one seemingly mighty heave the lake bursts open and the waves roll in, then only do we know that the time has really come to think about the things that tradition says we must do at this time of the year. Most traditional of all is just sitting anywhere looking at the lake and this is a reminder to get at it. We feel a deep sorrow for those who do not live on the water.

Englehart Constable Comes to Haileybury

Constable E. M. St. Amand who has been attached to the Englehart detachment of the Ontario Provincial Police for the past eighteen months has been transferred to Haileybury and took up duties here on May 1st.

Mr. St. Amand whose interest in Englehart's young people was appreciated by that town was founder of the Englehart Teen Town, of which he is a Director. With his wife and nine-month-old daughter, he will reside on Probyn Street in the house formerly occupied by Ian Bain of the Children's Aid Society. Mr. Bain and his family are in a new home this week—the former Don Edwards home on Rorke Avenue.

Manitoba ranks fourth amongst Canadian manufacturing provinces. Ahead are Ontario, Quebec and British Columbia in that order.

Rotary Club Sends First Film Festival Well Received by Small Audience

Through the Rotary Club, a Haileybury High School student, William (Bill) Rice, eighteen-year-old son of Mr. and Mrs. Foster Rice of Burke Township, will go to the National Capital on May 17th to enjoy "An Adventure in Citizenship" sponsored by the Rotary Club of Ottawa. He is the second student privileged to take advantage of this educational journey. Miss Isobel Plaunt who is now teaching in Charlton was chosen to attend four years ago.

The popular young Grade XIII student has taken an active part in school activities all the way through and this year is president of the Students' Council. He attended Public School in Kirkland Lake and Moores Cove and has received all his senior schooling at the Haileybury High School.

In making their decision to continue this annual project, Ottawa's Rotarians were encouraged by the appreciation expressed by Rotary International by the Canadian Advisory Committee and by many students, by many Clubs and by the general public. There seems to be a growing conviction that it is a national project and has a strong unifying influence on our country.

Plans for the four-day program are much the same as in previous years, which included tours of all interesting points in the city, a visit to the House of Commons while in session, entertainment by the Federal Member for the District and the formal presentation of Canadian citizenship papers.

Rotary Clubs accepting the invitation not only defray the expense of the travelling student but contribute toward the expenses of those students living over 500 miles distant from Ottawa.

Services Held for Pioneer Resident Mrs. John Bruce

Funeral services were held at 9:00 a.m. in the Holy Cross Church on April 24th for Mrs. John Bruce, well known pioneer resident of Haileybury who died suddenly at her home on Albert Street on Thursday, April 22nd. She would have been seventy-five years old in June. Father L. Brunette officiated at the service and the pallbearers were John Hallworth, D. G. Hogan, W. V. Fleming, John O'Hara and Bert McGillivray.

Mrs. Bruce, the former Mary Elizabeth O'Halloran, was born near Sprucedale, District of Parny Sound. In 1907, she was married to John Gaudin Bruce and came to the North Country where they took up residence in New Liskeard. Mr. Bruce is a well known prospector of the early days having participated in the principal mining rushes of those years, beginning with the 1908 rush to Gowganda. For many years he was superintendent of Malone Lake Gold. In 1930 the Bruces purchased the Floody farm lands at the southern limits of the town.

Mrs. Bruce is survived by her

First Film Festival Well Received by Small Audience

The Haileybury Film Council presented its first Film Festival and the first in Northern Ontario on Sunday evening in the Schools Auditorium. If the attendance was disappointing, the reception which was accorded this new event by those present must encourage the executive to plan on an annual festival. Few, if any, realized just what a pleasant evening awaited them.

Nine of the outstanding films of our time were presented during the two-hour program among them "The Romance of Transportation" by the NFB which placed 1st in the International Cannes Film Festival in 1953 and "Neighbours", winner of a 1953 Oscar for the highest achievement in documentary film production.

Vice-Chairman of the Film Council, J. H. White, welcomed the guests and introduced Mr. S. Wooton of Kirkland Lake, Field representative for the N.F.B., who spoke briefly on the purpose of Film Board's documentary type of film which was to stimulate interest in the Canadian way of life.

Northern Ski Club Closes Successful Year with Parties

Citizens from Cobalt, Haileybury and New Liskeard gathered at the Northern Ski Club Chatel overlooking Cross Lake on Friday and Saturday nights last week-end to enjoy the final party of three held during the past season.

The attractive chalet nestled on top of the hill is firmly established as one of the most popular spots in the District where citizens from the three towns look forward to joining in a happy time in pleasant surroundings. Because it is one of the few places friends from the three towns do come together, the Executive were delighted to have a winner from each town drawn from their raffle tickets. Eric Heaslip of Haileybury took the mantle radio home; Elma Bazinet of Cobalt won the second prize of \$5.00 and J. E. Smith of New Liskeard's Radio Shop won the third, \$3.00 prize.

Looking back over the records of the Club since fire burned the chalet to the ground in March, 1952, we pay tribute this week to all those who have participated in a comeback that is nothing short of remarkable. The proceeds of special events, parties and draws have amounted to \$2,559.39. Next year, the club plans to continue its steady progress. The aim is to put the finishing touch to the chalet with an attractive ceiling, purchase additional furniture and complete the snack bar.

The president of the Club, Leo Gough, would like to thank all those who participated in any way in the steady progress of the Northern Ski Club.

husband and two children, John of Toronto and Mrs. J. P. Kelly of Pembroke and seven grandchildren. On behalf of the community, we extend sympathy to Mr. Bruce and his family.

FATHER H. MAILHOT OFFICIATES AT OPENING OF NEW PLAYGROUND

The St. Mary's Academy marked yet another step forward on Friday evening when the playground on the east side of the school was formally opened.

At seven o'clock the pupils descended from the school to the ground singing their school songs. As the procession of twos reached the Grotto, they separated and took their places for the ceremony.

Father H. Mailhot, Chaplain of the Academy officiated at the inaugural service. After the blessing, he opened each activity provided for in the playground—hitting the first tennis and baseball and throwing the first basketball and volleyball and thus declaring the playground open to the happy students.

Construction on the site began in July, 1952 and the progress has been watched by citizens who are happy to have such a splendid addition to the town's landscape.
