

# You Ought To Know

That just a few weeks ago, June 30th to be exact and Northwood Camp will open its doors to crippled children from scattered points across Northern Ontario... we chatted with Alex Harris, chairman of the committee directing the operations and learned that just now the finishing touches are being given to the Arts and Crafts building... the required amount of fill is being poured into the surroundings with lots of good top soil for gardening purposes... and the great official opening day is July 1st when everyone will have opportunity of inspecting the camp from 1:00 p.m. to 5:00 p.m. An official ceremony is slated for 2:30 p.m. and we suggest you plan to drive to the Lake and see for what Northern Ontario have done for crippled children who will arrive at the camp June 30th... your contribution to The Haileyburian Crippled Children's Camp do more good for more children than any other project you can think of at the present time.

That the phone rang the other day and neighbours of Paul Morissette wanted us to know how much they are enjoying the recent improvement to Marcella Street which Mr. Morissette has had surfaced... They are reaping the benefits and as happy as can be with no dust and a nice outlook.

That the theme this week is hats!!... big hats, little hats, hard hats, soft hats, sailor hats, Breton hats, cocktail hats and sober hats... straw hats, silk hats, fluffy hats, tall hats, cloche hats, sweetheart hats, flowered hats, feathered hats and beribboned hats... pretty hats and funny hats... original hats or as the French would say "tres chic" hats!... yes, ladies, we're inviting you to the afternoon of the year... the fun of the season at the I.O.D.E. this Saturday afternoon at the home of Mrs. W. R. Lowery, Brewster Street, from 3 to 6 p.m. there are three prizes for hats, a door prize and a surprise... Max Whitby and his able henchmen, Earl Hawkins and Bill Fleming, will give their final decision about the winning hats at 4:30 p.m. we think if you don't swing into this affair you might just as well be ploughed under in the onion patch... and it's all to-

wards the I.O.D.E. project still in hand... the Schools Auditorium... so come on now, toss your hat into the ring.

That one of the nicest gifts of the month was given to Gladys Nelson... from the Temiskaming Construction and Hoyle Mining Company where Gladys has been working... the wedding gift was silverware in the Daffodil pattern... and, of course, a rolling pin.

That very few people would think of tossing empty cigarette boxes or polar bar wrappings on the living room or... far too many though are truly what the Vancouver Sun terms "Litter louts" the moment they step on the street... they turn public living rooms into garbage dumps... we think there are too many litter louts in Haileybury too.

That John Hay said "Love your but be careful of your neighbour."

That as far as the eye can see, the sloping hills of A. Groom's farm at Moore's Cove are bright with masses of flowers ready for the district's gardeners to take home and plant... we are not rushing you because we agree with the wise old owls who say you can rush into this wonderful work too early, but we are giving you fair warning to place your orders early because last year we well remember setting there much to late for the choice we had our heart set on.

### GOLF CLUB NOTES

Thirty-two golfers started this chase-the-white-pill season off in the first mixed two-ball foursome. It couldn't have been a more glorious day or week-end for the game and a steady roll of cars headed up the hill to enjoy their favorite summer sport. Flora McFarlane and O. E. Walli were better than the rest and the prize for low gross. Winners of the low net were Jean Grant and Ron Morissette. The Juniors played off in a competition too, with Judy Ledwell and Peter Bond taking the prize donated by the captain, Flora McFarlane. Don't forget, if you are not a golfer, you can take out a verandah membership and enjoy all the privileges of the Club—lunches, teas, dances and a wonderful verandah overlooking the lake, where the Stewardess, Mrs. A. J. Brown, is busy serving luncheons and dinners that are the talk of the fairways. Mrs. Brown, by the way, plans to take every Monday off except when Monday is a holiday and then she will take Tuesdays.

Because of the enthusiastic interest in verandah memberships, the tea committee under the convener'ship of Mrs. T. Smith have made plans to hold a tea every Wednesday afternoon in the month of June. Tea hostesses next week are Mrs. G. Pratt, Mrs. W. Inch and Mrs. T. Smith.

Remember, the first field day and luncheon tomorrow. This has always been one of the nicest days of the year at the Club.

### West Road and North Cobalt to Open Softball Season

The softball season gets underway this Friday night at seven o'clock when the West Road and North Cobalt teams meet in the first Town League game.

The playing surface at the Public School has been graded and work which was started last year to put everything in first class shape is being continued. Location of the ball field has been

switched back to the southeast corner. New posts have been put in at the backstop and new screen is on order.

Officers for the year are President Pat Ruddy, vice-president, George Weston, secretary-treasurer Anita Plaunt and director Len Johnson.

Don't forget tomorrow night we'll see you at the old ball field!

# Strength... Stamina... Lower Cost!

## Chevrolet Trucks

do More Work per Day... More Work per Dollar!

Chevrolet's great, valve-in-head engines produce new power for hauling goods, or for speeding deliveries—and they do it at less cost per load and per mile. But these thrifty, high-compression engines are just the start of the powerful Chevrolet story! Visit your Chevrolet dealer and talk over the many money-making reasons for using trouble-free Chevrolet trucks in your business. You'll get the full story of Chevrolet's new strength, new stamina, new economy plus all these big new benefits, too—

**New Comfortmaster Cab:** Offers new comfort, safety and convenience. New one-piece curved windshield provides extra visibility.

**New Ride Control Seat:** Seat cushion and back move as a unit to eliminate back-rubbing. It "floats" you over rough roads with ease.

**New Automatic Transmission:** Proved truck Hydramatic is offered not only on 1/2- and 3/4-ton trucks, but on 1-ton models, too!

**New Chassis Ruggedness:** Heavier axle shafts in 2-ton models... newly designed clutches, and more rigid frames in all models.

**New, Bigger Load Space:** New pickup bodies have deeper sides, lower loading heights and are absolutely grain tight.

**New Advance-Design Styling:** New front-end is more massive in appearance. New parking lights show the full width of the truck.

\*Optional at extra cost. Ride Control Seat is available on all cab models.

**CANADA'S NO. 1 TRUCK!**
