Diamond Jubilee Sports Day To Feature Top Water Skiers

Long ago, nothing more than the silent dip of an Indian warrior's paddle cut through the quiet waters of Lake Temiskaming. Times have changed! This month, Canada's foremost water skiers will dip and glide over the mirrored surface in the first of its kind in this district.

The Rotary Sports Day Committee has made arrangements to bring an array of water skiers to Haileybury for the Diamond Jubilee who will do justice to a lake rightfully bearing the description "one of the most beautiful in Canada."

The troupe is headed by Gus McIntosh, Canadian Closed Champion, Ontario Open Champion and Eastern Canada's Open Champion. He and his family started the water skiing sport in Canada and

were responsible for the first show at the C.N.E. in 1938. Every year since, this has been one of the outstanding features of the Exhibition.

With him will be Bruce Poole, Junior Canadian Closed Champion and Junior Canadian Open Champion; Marg Gilpen, Runner up Canadian Ladies' Open, Ontario Ladies' Open Jump Champion; Sally Smith, Ottawa Valley Ladies' Champion; Stephanie Stewart, Junior Eastern Canadian Jump Champion and Junior Ontario Open Champion and Larry Freeborn, well known champion skier.

Their program will be packed with entertainment and thrills in a two-hour show of slalom, jumping, ski routines, aquaplaning and disc, tandem, helicopter turns in mid-air and a clown act.

Diamond Jubilee

IMPORTANT! On Tuesday, July 6th at 7:30 p.m. in the Blue Room of the Hotel Haileybury, all committees and organizations who are taking part in the Jubilee and all others interested in helping are asked to be at a meeting of the Diamond Jubilee.

What is this country noted for? We were the first to come. We have been the jumping off place for every big rush and every big deal of famous mining men from here to Smyrna. Lumbermen have been taking out timber since the 1800's by raft and sail. We are the District Seat. We are the most beautiful residential centre in Northern Ontario. We are a lot of things, but through it all someone has forgotten the glorious cooks. Cooks who since 1894 have had to make something out of nothing while they waited for the supply boat to come in the spring. Cooks who worked in lumber camps and the first hotels to make a living. Cooks who when the summer sun beat down trudged happily to the nearest stream or well and put the milk and butter in the cooler. Cooks who soon learned how to make the best pie of all for a barrel of apples was the only fruit available in the long winter months. It called for imagination and a little ingenuity until today, this is a town of famous cooks and they are going to have the opportunity during the Jubilee to let the world see just what they've been doing up all these years. On Thursday, July 29th, the display of cakes, cookies, rolls and pies will be on exhibit in the basement of the Holy Cross Church. First, second and third prizes will be awarded. Ladies are asked to have their produce on hand Wednesday night. And remember, can't write" because everybody Mrs. Boudreau is looking for

everyone of you enter your handicraft or hobby in the exhibit. Are you doing your bit or just sitting back thinking what a nice job everyone else is doing? We ask this question because the Secretary, Miss Jean Grant wants a lot more names of former Haileyburians and their addresses so that she can get a nice personal invitation off now, and they can make plans to spend their holiday in Haileybury.

Donations from Mrs. Mary Wilson of Toronto and Weston Bakeries Limited have brought the total of the Jubilee Fund to \$1,278.50 this week. The days are running out and soon it will be July 28th, so we appeal to you this week to follow through that good intention and get your donation in this week so the Committee will know just where they stand.

The most interesting piece of history to be added to the increasing wealth of material coming in to the Jubilee Headquarters this week is a large map of the Town of Haileybury which was made before the fire. Of Cooke was the thoughtful citizen responsible for this addition. The Jubilee Committee also appreciated photographs of many early day prospectors brought in by Paul Hermison and some interesting samples of High School art done by his wife, the former Mrs. McAuley in 1921 and 1922.

Do you have a story to tell? If so, speak now or forever hold your peace. The Diamond Jubilee edition can use short notes of interest concerning the history of this neighborhood and we could specially use some amusing anecdotes about the people who are responsible for all this and are awarded. Ladies are asked to have their produce on hand Wednesday night. And remember, can't write" because everybody Mrs. Boudreau is looking for

Who has lived in Haileybury for the longest time in the same houses? This week we think we have the winners for Mr. and Mrs. Darius Cooke who celebrated their fiftieth wedding anniversary this year have made their home on Albert Street for forty-eight years. Close runner-up must be Mrs. Lyttle of Moore's Cove who has lived here in Haileybury for forty-four years.

Births in Canada during 1953's first ten months were up nearly four per cent over the same period of 1952.

Rotary Beach to Open Season on Monday, July 5th

Can your children swim? Can they swim well? Could they save another child from drowning? If they tip over in a canoe or boat do they know what to do? If the answer is NO to any of these questions by the end of the summer they should be able to score 100% on these and many more of similar nature.

The Rotary Club in co-operation with the Recreation Committee and the Haileybury Red Cross will operate and conduct the swimming classes and water safety classes.

Claude Proulx, a Red Cross qualified instructor, will be in charge and chief instructor with Pat Cassidy acting as assistant. The whole beach program to be under the supervision of Rotarian Leo Gough, chairman of water safety and chief Red Cross examiner for this district.

The importance of being able to swim and swim well cannot be stressed too greatly. The ability to swim well has and will be the means of saving many lives in the past and will in the future. All too often some person has been in difficulty just a few feet or yards from shore, but not being a good swimmer or knowing what to do, drowned. Often friends and relations have been on the shore and had to stand and watch, unable to help due to their inability to swim or their lack of water safety knowledge as taught by the Red Cross. A paddle or an oar, a seat or a cushion will keep you afloat if you gently put a hand on any of these articles. Slowly kick your feet while you paddle or scull with your other hand towards shore or if there are any other boats near just keep calm and save your strength and concentrate on staying afloat until they reach you. If possible stay with the canoe or boat until rescued. A canoe full of water will hold up four persons sitting in it.

The following is the schedule for the instruction classes with special fancy diving classes to be conducted by Claude Proulx, who has won many fancy diving awards.

Parents Please Note:—Do not send children under 9 down to the beach. The life guards and instructors are not baby sitters.
10 a.m.—Juniors; stroke improvement and diving.
11 a.m.—Seniors and Intermediate, stroke improvement and diving.

2 p.m.—Beginners, Class 1.
3 p.m.—Beginners, Class 2.
4 p.m.—Senior, Intermediate.
4:30 p.m.—Juniors.
5 p.m.—Adults, swimming, diving, life-saving and artificial respiration.

N.B.—Beginners Class 1 are those just learning to swim. Beginners Class 2 are those who can swim a little.

Those who will not be taking lessons regularly (e.g. children away at camp) MUST be examined by the instructors at least four days before trying the required tests.

The beach will officially open on Monday, July 5th and registration for classes will take place on that morning.

Hours of supervision on Week-days are from 9 a.m. to 6 p.m.; on Sundays from noon to 6 p.m. There are no classes on Sundays.
