Business Practice Course Added to School Curriculum

The Board of Education held its regular meeting on Monday, June 28th with H. A. Doran, vice-chairman in the chair. During a busy session the Board approved the payment of accounts in the amount of \$10,924.01.

In a written report, G. L. Cassidy requested authorization to teach a course in Business Practice during the coming school year. The Board added their approval to that of the High School Inspector. In his report, Mr. Cassidy stated that the estimated number of pupils enrolled in the High School would be between 105 and 110 approximately.

Classes would be made up as follows: Grade IX—45; Grade X—27; Grade XI—21; Grade XII—7 and Grade XIII—6. A discussion followed concerning the large enrollment in Grade IX

and Mr. Cassidy's views on this matter will be obtained for the next meeting.

Mrs. Morgan was appointed Public School representative on the Haileybury Free Public Library Board.

An invitation was extended to the Temiskaming Educational Association to hold its annual Fall meeting in the Public School.

Members acknowledged a donation of \$500 from the Haileybury Chapter I.O.D.E., which is being used towards the cost of the auditorium.

A. C. Dempster and the P-F Hardware were authorized to carry out suggested changes in the heating system, whereby all classrooms will receive uniform heat. Approval was given to the repairs to the school roof by W. G. Cooper and the purchase of a power mower for the grounds.

Diamond Jubilee

A happy memory of a lovely place pushed the Jubilee Fund up this week—the letter said "I have been reading with interest about the celebration Haileybury is going to have in July. If my husband were still alive, I know he would love to be there and in memory of him and the grand times he used to have in Haileybury, I am sending a small donation but wish it could be much larger." And from a new Canadian, who, with his family, made Haileybury his home while working with Temiskaming Construction—Ojars Biskaps, comes another thoughtful contribution; add to this the donation of a charming Haileybury lady who wishes to remain oh, so anonymous; the donation of Miss Jean Gordon of Toronto and the Brantford Roofing Company and you have \$1,351.07.

WEEK IN COURT

A short docket in Magistrate Atkinson's Court last week saw Yut Jun Lew of Matachewan take a two months' sentence for keeping liquor for sale.

John Morrison of Englehart was driving a vehicle not registered with the Department of Motor Vehicles and paid \$10.00 and costs.

For having liquor unlawfully, Leo Cleroux of Renfrew, Ronald Card of Matachewan, Alcide Tremblay, Gordon Woodward and Roy Pannel of New Liskeard were fined \$10.00 and costs.

Intoxication in a public place cost Hyvarinen Mattie of Tarzwell, Preston Clifton of Englehart and Douglas O'Shaughnessy Kirkland Lake \$10.00 and costs.

Firemen Win Record Number Trophy at Noranda at Opening of Tournament July 1 Rotary Playground

Haileybury's Firemen came home from the July 1st tournament in Noranda with a shining new cup won by the wagon team with the following firemen on the team: W. Stevens, O. McQuaid, Norman Abraham, Harold Sadler, B. Treen, B. Allen, Jim Blair and Bill Hughes. Competing against twenty-two Northern Ontario teams the boys tied with Larder Lake in a time of 51 seconds to take fifth place. On the tie-breaking run, the Larder Lake team pulled out ahead for a 54 second win as against the local winning team came from Noranda in 44 seconds with Timmins lads' time of 57 seconds. The running second with 49 seconds. Neighboring towns of New Liskeard and Cobalt did the race in 61 2-5 and 69 4-5 respectively.

In the ladder race the Haileybury team was composed of B. Allen, N. Abraham, O. Hughes, B. Hughes, J. Blair, B. Treen and C. Belland. Rouyn was well out in front with a 16 second timing. Cobalt and Haileybury did it in 18 2-5 and New Liskeard in 18 3-5. The boys were captained by J. Blair in the absence of Fire Chief Watson who remained in town to avoid any shorthandedness at the Fire Hall.

IAN MacDIARMID TAKES FIRST MEETING AS PRES. OF HAILEYBURY ROTARY

President Ian MacDiarmid took his first meeting as President of the Haileybury Rotary Club meeting on Monday. Vice-President for the new term is F. W. Thompson with S. Graham continuing as secretary and Jack Lecky continuing as Treasurer.

On the Board of Directors are Jack Hughes, George Lemay, C. Donegan and Jim Blair.

Retiring President of the Club, F. W. Thompson, thanked his fellow members for their wholehearted co-operation throughout the year.

The playground opened last Monday with one of the largest attendances in several years. Both supervisors, just returned from a special recreational course in North Bay, were on hand to introduce many of the new ideas they acquired during the week of classes.

This year many of the new crafts and games are to be introduced. Already the few that have been tried were very well accepted by the children. Instruments have been procured in order to start a rhythm band and plans are being made to organize a Junior baseball league for boys 14 years and under.

Keeping step with Jubilee activities the supervisors have been asked to see about a parade of bicycles and tricycles, wagons and doll carriages with prizes for the best decorated. Thursday morning of the festivities, the children of the playground will put on their own program.

The supervisors want as many children as possible to come out every day; however, it must be noted they cannot be responsible for anyone under 5 year of age.

Now we're getting into this business of a Jubilee the way a Jubilee should be.

Busiest and most interesting hive of excitement with the July 1st week-end behind us is right on Ferguson Avenue in the Jubilee headquarters. Citizens who had to put first things first have their gardens nursed into bloom and are turning their full attention to the big event. Mrs. Creighton has produced a dandy picture of the thriving brick yard situated on the Lake Shore Road in the early days. Mrs. George has contributed a lovely scene of a group in front of the Presbyterian Church—a quick glance and we were not surprised to spot W. H. Tuke, A. W. Sanderson, H. Pickard and Dr. R. Somers—for these are among the early builders of a church and a town.

From Parkhill comes a nice letter from Tom Magladery this week—a man who can be counted upon always to be right in there pitching when one of Temiskaming's towns is marking an occasion. "It will be much more than just a usual pleasure to meet some or all of the oldtimers whose names you have mentioned in the paper as they are a genial crew and on top of that, are the men who made the north or a least gave it a good push forward during the making. I would not miss meeting them for anything. I would be there now but that I am detained by a visit from my several grandchildren. But I am going to be one of a huge crowd that will be in Haileybury on July 28th."

Snapshots of 1908 and 1909 arrived this week from Gordon F. Summers and we will perhaps put them in the bank for safekeeping until the day of the exhibit for surely we have never appreciated pictures more or realized how precious they are after a fire like that of 1922.

Dr. Gordon Jackson, one of Haileybury's well known doctors of the early days sends "Best wishes for the Diamond Jubilee."

"I am planning to be in Haileybury for the celebration" writes Wallace MacGirr of Toronto—in fact, I'm looking forward to it and also seeing many of the old faces I used to know and came in contact with during my police duties. Wishing you every success."

From Bill Edwards of the Northern Miner "Expect to see you all the last week in July." Miss Lucy Chenier, Latulipe. "Wishing you and all Haileyburians the best for the Jubilee." Mrs. J. H. Shibley, wife of the early station agent writes "I still have a longing to go back to the good old town" with a wonderful collection of pictures enclosed.

Still looking for the names of the earliest residents and we come up with Tom Lemon, Haileybury's Pumpman, who came here in 1900, much against his wish and has been so happy he did ever since. Asked if he could tell us an amusing anecdote of those days he said "Well, everything was amusing now that I come to think of it. Mrs. A. Dickson has been on Browning

Popular Canadian To Act As M.C. at Diamond Jubilee

A Canadian with a wealth of experience behind him will be acting as Master of Ceremonies at the Diamond Jubilee's evening shows on July 29th, 30th and 31st. James R. Millman, a public relations officer of John Labatt Limited, has been associated with the Company for the past fifteen years. Well known throughout the province, Mr. Millman was formerly Kiwanis Millman Chairman for Ontario, Quebec and the

Maritime districts and served also as an International chairman of Music for Kiwanis. He is an executive of the Ontario Baseball Association. He has been associated with many philanthropic work and has been an able committee-man in canvasses in behalf of the Anglican Advance Appeal, Society for Crippled Children, Girl Guides Association and the St. Johns Ambulance Association. During the war, he was chairman of Kent County Victory Loan drives.

Transformer House Burns at Aganica on Saturday Night

A \$10,000 fire wiped out the transformer house at the Aganica mine, North Cobalt, late Saturday night but not a single shift was lost as A. D. Hellens, Consolidated Mining Corporation manager, organized an all-out effort which was successful in overcoming a holdup in production at one of Cobalt's most important producing mines.

Aided by floodlights, mine workers and special gangs of hydro linemen worked without stopping throughout the night and on Sunday work had started on erecting the transformer house.

Mr. Hellens paid special tribute to the Hydro's work and to H. E. Burton, manager of the Ontario Hydro office at Cobalt.

Street since 1904 and two years later Mrs. T. Edwards began her long residence in town. Mrs. Maria Hamilton is another 1906er and she has lived on the West Road all these years. Tied with Mr. Lemon is Mrs. N. Austin who steamed up the lake on the Meteor on the 18th of May, 1900.

Many Citizens Plan to Attend Opening Northwood Camp

Rotarians from Haileybury and many other citizens are planning to be present this Sunday when Dr. McKinnon Phillips, Provincial Minister of Health, officially opens Northwood Camp for Crippled Children on Lake Sesekinika. The ceremonies, to which the Public is invited, will be conducted by Mr. H. H. Popham, vice-president of the Ontario Society for Crippled Children; Conn Smythe, honorary treasurer of the Society and well known sports figure; Alex Harris, chairman of the camp and R. W. Hopper, executive director of the Society.

This opening day will feature an inspection of the camp, the ceremonies and refreshments from two until five in the afternoon.
