What's Next?

In a speech this week, Rotary's District Governor repeated a story of an eminent scientist who upon receiving a medal in Paris was told that the medal was not so much a reward as a challenge.

This thought came to us six hours later as R. J. Poppleton told Council that the firemen would like permission to go ahead with a project which they intend to take hold of and complete within the next two years.

Needless to say, council agreed wholeheartedly that it would be an asset to the town although in any case, they do not have authority as the land is Government owned.

We cannot commend the Firemen too highly for their spirit in directing their efforts towards making this town fully worthy of its often quoted title as "the most beautiful town in Northern Ontario."

THE WAYFARER

We read in a news despatch recently an American scientist has stated that it would be possible to cause disastrous floods or alternately droughts in Russia by seeding the rain clouds before they reach that country.

How low can we get? Even a low die-hard Tory like me can see that there's something fundamentally wrong with our reasoning when we even contemplate harnessing the very forces of nature for the purpose of destruction—even under the name of War.

I remember back in 1942, a suggestion was made that the Allied Air Forces should bombard the volcano Vesuvius in the pious hope that the resultant explosion would destroy the city of Naples.

One reason for discrepancies in Canadian and United States prices is that Canada has a 10 per cent general sales tax and the United States has not.

THE LETTER BOX

To the Citizens of Haileybury:

As Jubilee Chairman, I would like to take this opportunity of thank all the Committee Chairmen and their Committees for doing an outstanding job during the Jubilee.

In about a week's time, when all the various organizations turn in their statements along with their cheque for 20% of the net profit to Mr. Hurst, we will know exactly what the profit has been.

I give my special thanks to Sam Hughes, Max Whitby, Alan Hurst, Alex Mosher, Ruth Gordon and our able Secretary, Jean Grant. Their wonderful cooperation was largely instrumental in making the entire Jubilee such a success for such a small town.

I would particularly like to thank the priests and ministers of our churches for their Thanksgiving services and to God for the excellent weather He so kindly blessed us with.
