

# You Ought To Know

That the Legion Ladies would like to thank Mrs. A. D. Hellen, Mrs. S. Rouse, Dayntrie MacDougall Barbara Lee Cooke, Therese Villeneuve, P.-F. Hardware and Frank Plaunt for their generous assistance during the Jubilee.

That the youngsters are having a fine time in the park with the addition of junior swings and something new are the two rings put up through the ingenuity of Rotarians and with the assistance of P. M. Fleming who provided the bar.

That further donations to the Jubilee were made by Hugh Carmichael the Ideal Dairy and Mrs. E. M. McCuaig...and from Hollywood, California, came greetings from Wynne Slaght "Best Jubilee wishes...cannot be there in person but am with you in spirit"

That they finally got the truck

Still smiling, Haileybury's Frank Plaunt charges down the track on Firemen's Day at Haileybury's Diamond Jubilee.

out of the lake last week-end and the report was given to us by a helpful little seven-year-old boy who added "Now you'll have something for your paper"... even at seven, he knows his Haileybury.

picture in Toronto where it ran for months to full houses... it is one of the loveliest pictures ever produced and you will smile to yourself long after you leave the theatre....

the Club are the pride and joy of Haileybury—this time, it was Jane Ledwell playing into the prize bracket with a birdie two on the sixth and the least number of putts in the second division.

### Golf Notes

Hostesses at next Wednesday's tea will be Mrs. S. Bond, Mrs. P. B. Dettmar, Mrs. C. Van Eden and Mrs. V. Daughney.

Catching up on the golf activities after making way for the Jubilee, seventy golfers from Northern Ontario attended the Kirkland Lake visitors' day last month. Those entering from this Club were Flora McFarlane, Grace McDonough, Audrey Bond, Jeanne Murphy, Phyllis Bates, Lou Dettmar, Jeannie Arnold, Judy and Jane Ledwell, Suzanne Smith, Kathie Murphy, Kay Price, Edith Doheny and Ness McAuay. Flora McFarlane played true to form and captured the low gross honors. The Junior members of

This is the most important note in the Golf Notes — because of increasing activity in the Club and the large verandah membership, the attendance at the Wednesday teas has been wonderful. However, the tea hostesses must be notified by members of the number they plan to bring to the tea for obvious reasons. We invite you to follow these notes each week, find out the convener's name and phone. Otherwise.

## NEW GASOLINE ADDITIVE BOOSTS ENGINE POWER

Report Power Gains as high as 15%

In the engines of most cars on the road today, there is a reservoir of power never used—power locked in by carbon and lead deposits.

But now, according to scientists at the Shell Oil Company, a new gasoline additive, blended into Shell Gasolines and sold under the trademark TCP, is neutralizing these deposits and giving power gains up to 15%.

### Two-way Power Loss

In combustion chambers these deposits glow red hot and set off the gasoline-air mixture before the piston reaches its proper firing position. Engineers call this pre-ignition. Power is held captive—the full power of the engine is never realized.

These same deposits—the engineers say—also form on spark plugs, where they cause the spark to short-circuit and misfire. They point out that this pair of power-wasters, pre-ignition and spark plug misfiring, is the greatest cause of power loss today.

### TCP Frees Captive Power

Shell Gasolines with TCP, Shell engineers report, put this captive power back to work, boosting engine power as much as 15%. Shell engineers explain it this way:

"TCP additive keeps deposits from becoming red hot—and therefore stops pre-ignition. It also makes the deposits non-conductive and ends spark plug misfiring."

The engineers say that Shell Gasolines with TCP act so quickly that a motorist will feel that his engine has had a tune-up before he's finished the second tankful. But Shell warns that since deposits constantly accumulate, there is only one way to maintain the increase in power—continued use of TCP. They call TCP the greatest gasoline development in 31 years. Shell Premium and Regular Gasolines with TCP are available only at Shell Dealers.

That firemen appointed a committee to look after their park project at the lakefront... Chairman is Bill Fleming and with him, he has Treasurer E. St. Louis, Jim Blair, Walter Stevens, Billie Hughes, Sam Hughes and Shorty Sadler....

That we wish to thank Mrs. J. H. Shibley of Toronto for her generous donation which we received this week for Northwood Camp and crippled children....

That we learn from Mrs. C. McVicar that down Burnstown way, it is so cold and wet and the farmers are having difficulty saving their hay... we have written to tell Mrs. McVicar that up Haileybury way, it is also cold and wet and we are having difficulty saving our dispositions... warmest sight we saw last week-end was a group of bathers on the Lake Shore Road huddled around a magnificent bonfire....

That Wallace MacGirr has seen us on television already and we thank him for sending us the good news... "I had a grand time on Sunday at 6 p.m. watching the Diamond Jubilee on television... I saw the firemen's parade, their races, Mayor H. A. Day and Fire Chief Watson, the prospectors tent etc.; the water sports and the exhibition by the three champions on the lake and the crowd watching was quite near and could be recognized by their friends... Haileybury people would have had great pleasure if they had only seen their friends and young people in the pictures walking about and cheering each event...."

That there is an English picture called "The Kidnappers" coming to your local theatre... we saw this
