

President T. Smith Sees Bright Future for Golf Club

The Haileybury Golf Club closed its season on Sunday with one hundred and sixty people participating in one of the most enjoyable evenings in the history of the Club. The occasion was the annual presentation of golf prizes preceded by a supper party arranged by the Ladies Section.

In thanking the Stewardess, Mrs. A. J. Brown, the Professional, Percy Hitchen, the Ladies' Section and the Men's Executive for their efforts during the past season, President Terry Smith pointed out that success could only be achieved by every member taking a part in the affairs of the Club. "We need," he said "one fifth more members next year and I sincerely believe that they can be secured if every member will do his or her part."

The Men's Prizes were presented by Captain RonMorissette as follows:

Captains' and President's Cups—O. E. Walli.

Gordon Cup—Gordon McKnight, New Liskeard.

Hiram Walker—Dan Hellens. Bagshaw Trophy—Ron Morissette.

Senior Club Champion—Frank Kemp, New Liskeard.

MRS. C. E. FLEMING WINS \$100.00 AT THE CURLING CLUB BINGO

Mrs. C. E. Fleming was the lucky winner of the \$100.00 door prize at the Cobalt-Haileybury Curling Club bingo on Saturday night. The first in a series of bingos in the Club Lounge, drew a crowd of three hundred and President Alex Mosher thanked them for their interest in making the evening a resounding success. The next bingo will be held on Tuesday, October 26th so that it will not conflict with the C.W.L. Bazaar being held on Friday and Saturday, October 22nd and 23rd.

TIME OF HIS LIFE?

"The average business man dies six years before his time." So reads a report on the findings of a fidelity and casualty company.

If any quarrel arises with this estimate, it will no doubt be "the average business man" who will make it. Whatever is intended by the expression "his time," the average business man is bound to maintain that it is a gross under-estimate.

This is one of those startling statements which statisticians sometimes come out with and reminds one of that masterpiece, namely, "The majority of people these days are sub-normal." Ordinary men, who are not statisticians—and even some who are—have been known to go mad trying to make sense of statements like those.—"Industry."

Expensive Fishing

The Department of Lands and Forests' weekly reports tells of three fishermen recently apprehended with 24 pickerel over their legal day's catch. They paid \$10.00 and costs. This may seem rather lenient but it was only the beginning. The trio paid

\$100.00 for the release of their car and outboard. All their tackle, including four rods, three tackle boxes full of baits and lures and other equipment was seized.

At a conservative estimate each illegal fish cost \$9.00 and the final blow was they didn't get the fish anyway.

LIBRARY NOTES

The Channel Shore by Charles Bruce. Setting the Martimes human interest the people whose hands are on the axe and the plough, whose eyes are on the sea. This tale is rich with the tang of their speech and the salt

spray of the coast and warm with laughter and humanity.

The Man Who Never Was—by Ewen E. Montagne. A floating body was used to mislead the enemy. The ruse was elaborate and successful; the account of it is intriguing and good going.

A Bank is useful in so many ways...

At a bank, you can keep important papers and other valuables in a private safety deposit box.

Travellers Cheques and Letters of Credit provide a safe, handy source of funds when you travel.

A bank helps you do business at a distance; sells exchange, transfers funds, makes collections.

A bank is much more than just a place to cash a cheque or deposit your savings. The many services it provides are designed to help you handle money matters more simply, safely, easily. You will find bank people courteous and efficient in handling routine banking matters and helpful, too, when unusual problems arise. Don't hesitate to "see the bank about it."
