

You Ought To Know

That among the talent winners in the second preliminary of the Red Feather Teen Talent Hunt in Toronto last week was Joanne Elton, operatic singer... and we speak for a host of friends in Haileybury who always watch this former Haileybury girl's career with interest and pride when we say "Congratulations!"

That we may not have started an industrial revolution with the visit of Toronto's Board of Trade members to this neighborhood but we did find out that they all had a wonderful trip and were "amazed and impressed" with Northern Ontario... It is nice to come across someone who doesn't always say the right thing and it's worth remembering when making up a tour for any visitors... "After you've seen one mine you've pretty well seen them all"...

That fancy looking train that pulled in at the Haileybury station last Wednesday is said to be the biggest train ever to go to the end of steel at Moosonee... the 16-car special took 125 officers and members of the Board of Trade to Ontario's only tidewater port on the week-end... the party was headed by Courtland Elliott, CBE, president of the Board and included enough presidents and general managers of big industrial and financial houses in the Queen City to read like Canada's "Who's Who." for a few moments we sat in a car used by the Duchess of Kent on her Canadian visit... we cannot decide whether this has done anything for us or not.

That planning a tight schedule for a hundred and twenty-five Board of Trade members is not quite as easy as it looks and we have nothing but praise for the Presidents of the Chambers of Commerce, Leo Gough, John Hunt and Leo Bouchard for their good work... too often the guests are subjected to a long lengthy program of Presidents, Mayors, Reeves... bright lights and the party fades into nothingness... would anyone's feelings be hurt?... they thought not and wound up with one speaker...

represent the three towns and extend a welcome... Dalton Dean can go up head of the class for an excellent talk, straight to the point and ending right at the psychological moment... nothing short of envy glinted in a hundred pairs of eyes when Mr. Dean said "With all these riches, we take time to enjoy our beautiful lakes, streams and forests. There is nothing more satisfying than to leave the office at five o'clock, fish, swim, play golf and be home at nine o'clock!"

That more truths have been discovered through error than this world knows of... before proof reading last week, an ad in the classifieds read "Available—single doom and board!"

That it pays to advertise in The Haileyburian... promptly upon publication of ad for a home for four little kittens we had two visits to the office with an offer of homes... but woe betide us, on Friday morning we looked out the window and across the Rotary Park went one black cat followed closely by four little kittens... she led the parade out to the end of the cement side wall on the dock, down the stones and apparently to a new home underneath... her choice upset the working day of the whole staff as her family took some coaxing to follow the rocky trail... we were sad to have to tell our callers that the adoption

depended on their ability to wade out twenty feet into Lake Temiskaming and crawl under the dock which rumor has it is rotting away.

That Anita Plaudit is off to Hamilton on Friday for a holiday visit and her beauty parlor will be closed until Tuesday, October 12th.

NOHA APPOINT NEW EXECUTIVE

Carl Palangio of North Bay is the new president of the Northern Ontario Hockey Association. He was elected at the 36th annual meeting in his home town last Saturday afternoon. Over one hundred and fifty attended the dinner, thought to be the biggest the Association has ever had.

The two new executive members were Charles Camsell of Haileybury and Doug Preston of Kirkland Lake.

The rest of the executive is as follows; past president—C. G. (Charlie) Brown, Timmins; vice-president—Jack Wild, Swastika; secretary-treasurer—Lorne Mil-

ler, Noranda, Que.; Executive Committee—George Anderson, Kapuskasing; Red Maltby, Copper Cliff; Cliff Thomson, Timmins; C. J. Murphy, Sault Ste Marie; W. J. McTaggart, Noranda, Que.; Jim Aspin, North Bay.

NO. 9 IN A SERIES... YOUR HYDRO AT WORK FOR YOU AND YOURS

YOUR HYDRO ... power to scan the skies

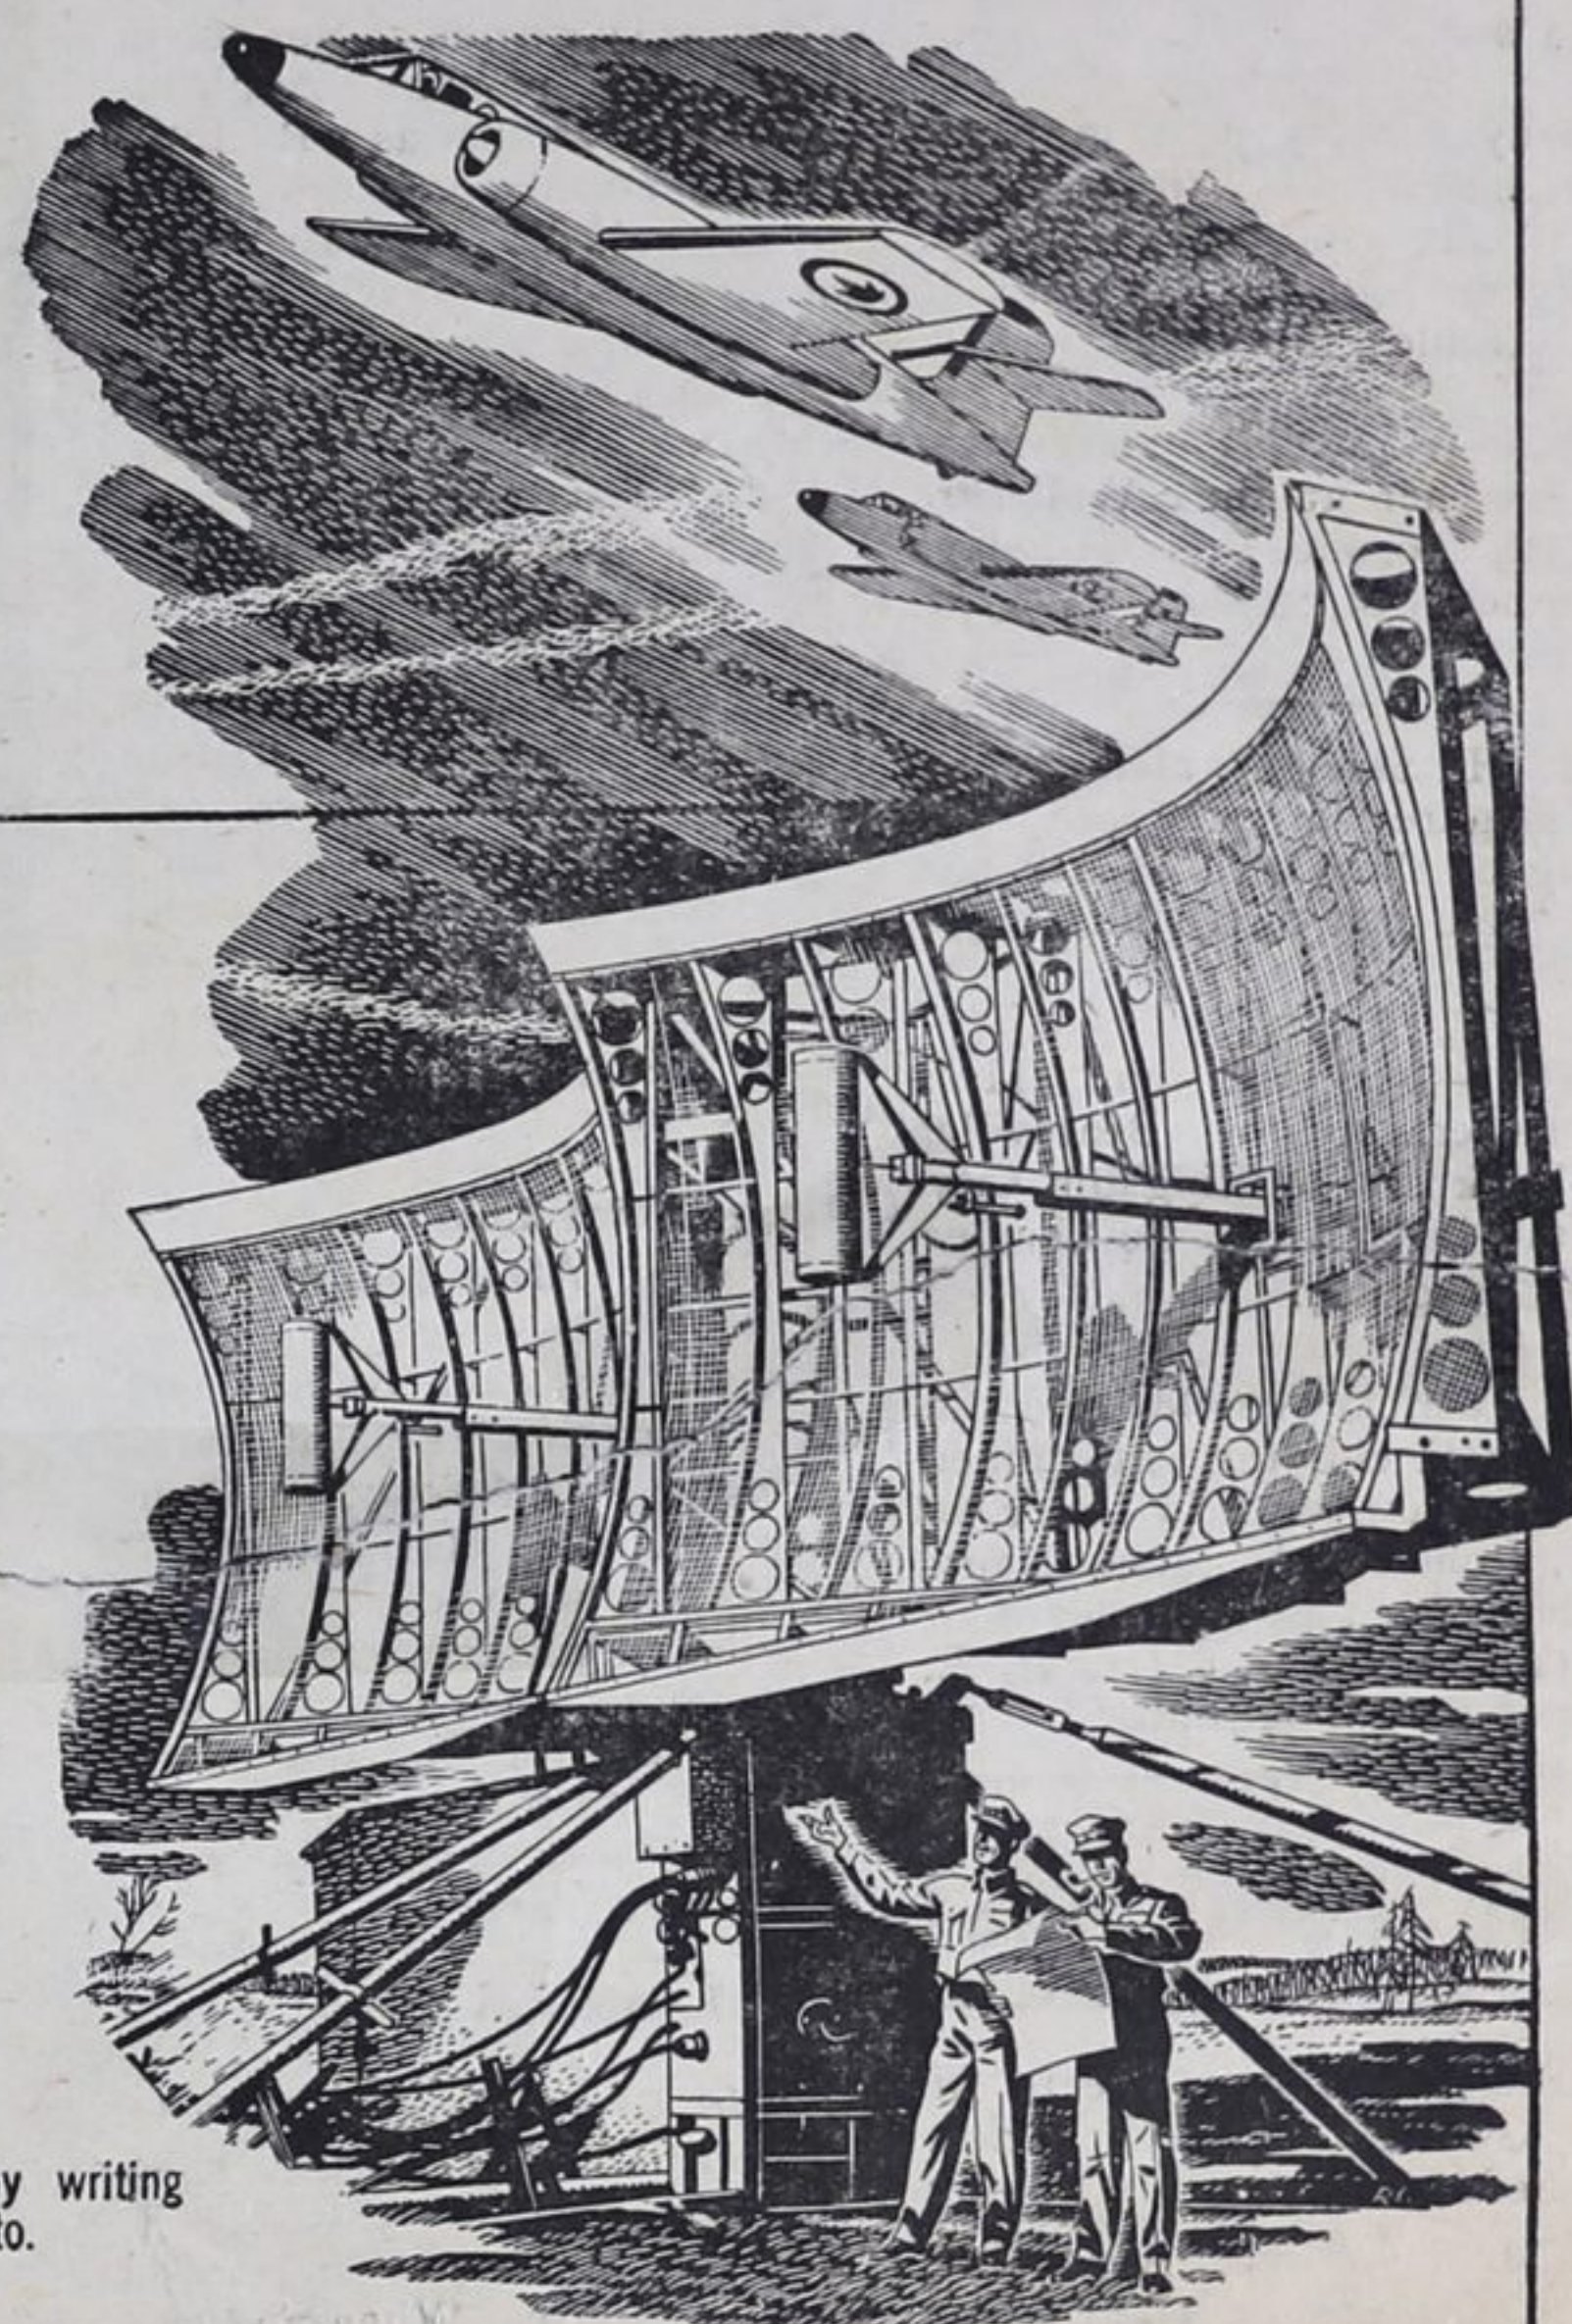

In our constantly shrinking world, the field of electronics assumes increased importance daily. One of the great marvels is "radar", and here again Ontario Hydro plays a vital role.

Hydro generates much of the power for the "radar" at our airports and defence stations... an alert guardian of your safety and sentinel of our Dominion's security.

Radar is another way in which today's advanced electronic equipment, made possible through electricity, contributes to our way of life... another example of...

CITIZEN-SOLDIERS

Defence is everybody's business

Be ready and able to protect the Freedom you enjoy

Your family, your home, your church, the school your children attend, your favourite grocery store, the corner movie... these are yours to enjoy—it's up to you to protect them, for your family and yourself.

By serving one or two evenings a week in the Militia, and by going on various weekend schemes, you will be doing your share in helping to protect the Freedom you enjoy, and prepared to defend it if it's ever threatened. Do it NOW! Contact the Militia unit of your choice. The Militia training season begins in September.

In the Militia, planned periods of training will help you qualify, step by step, to the status of trained citizen soldier.

In the Militia, you are paid for the time spent in training at the rate for which you qualify.
