

# You Ought To Know

That we cannot disguise our enthusiasm for the dramatic development of the year... if we had been quite sure in the beginning which was three weeks ago, of the date and final arrangements for the presentation of St. Joan by Canadian Players in New Liskeard on Wednesday, January 19th, we would have recognized its proper value in the scheme of things and given it a front page position... to the best of our knowledge nothing to equal this tour in Northern Ontario of a great play by a good company has ever been planned before... to us it marks the beginning of many good things to come... Bernard Shaw was one of the outstanding playwrights of his time and Saint Joan is one of his greatest plays dealing with problems of life which have as much of a message today as they did when they confronted the Maid of Orleans... as the tickets are now on sale and may be purchased from Mrs. W. E. Bagshaw or Mrs. R. D. Cumming for \$2.00... to avoid disappointment, we would advise an early call to either 309 or 378 as orders received by telephone will not be held after two days' time to turn in your money or forward a cheque... in New Liskeard tickets are available from the Lions Club who are sponsoring this first performance in the Memorial Hall.

That we just happened to go to the Misericordia Hospital this week and while we were waiting in the lobby, we decided to have a peek into the Children's Wing since we'd never seen it before.

### Father and Friend Protect Children!

Last winter, a young father told a Confederation Man: "Fred, you know how much is left of my \$5,000 income after payments on my house... food and clothing bills... and all the other expenses. How much protection can I afford for my family?" "A lot more than you think, Jim," replied the Confederation Man. "We have a plan that, on your salary, will provide for your family \$10,000 in cash at death... and \$100 every month until your daughter is 21. Then, they'll receive another \$10,000. In the event of death after your daughter is 21 this plan provides \$20,000 in cash. That's enough to provide a brighter future!" That's how a Confederation Life Man helped one father protect his family. He can help you too!

since the day it was first... children wend their way into anyone's heart at any time but sick little children, well it's just well nigh unbearable, they look so very cute and so very sad... and then we found out that there is something that could make them very glad... when you're out stocking up for all kinds of toys for your favorite children, you'll be into the right Christmas spirit if you could double up on the order and help equip this lovely, sunny wing of your hospital with any kind of toys for from six months to fourteen years... first donation is a doll's house and it's meant happier days when they are sick and lie abed].

That music lovers will not soon forget a very talented young artist, Joan Maxwell, last year's winner of "Nos Futures Etoiles"... the charm of her personality and a voice of rich beauty made her Sunday recital at the School auditorium an exciting event... the audience were well aware that they were privileged to enjoy the beginning of what will be an important career... her well chosen program showed a distinct talent for a fine interpretation of different languages... in some parts, her voice sounded like mezzo-soprano and in others soprano, although she is generally presented as a contralto... particularly in Franz Schubert's "La Belle Meuniere", her special charm with an unfamiliar language gave a beautiful interpretation to the thoughts of the famous German composer.

That it seems to us that while Council are busy passing motions to give turkeys to all the employees on the payroll, somebody, as ambassador at large, maybe, should be given the authority to dip into the funds just ever so briefly and go shopping for the Councillors... heaven knows they deserve a little something and they'd be the last to vote anything for themselves because they would be accused immediately of being frivolous when Main Street was icy and we needed more sand... we'd want this whole thing to be a real shock to them... if you have any ideas, get in touch with Santa Claus.

That the Board of Education must be very happy with the handsome new light gracefully arched from the top of a brand new pole and beaming down on the entrance to the auditorium... Councillor Alex Mosher and this writer have had a good time over the long pending matter of a request from the Board some three long years ago to light the way, the best way... and by a series of eliminations of what is not satisfactory in the way of floodlights and cross-the-street bulbs, all is serene... every time we inched our way down the steps in the darkness, we acted like every other good citizen wondered about the Chairman of Light... as soon as the swelling had gone down on a sprained ankle, up loomed Councillor Mosher working like a trojan for the Curling Club bingo and we didn't care if the lights all went out... like everything else it is just a matter of lightening the the darkness and going on to other things... Councillor Mosher finishes his first stint as a Councillor this year, for due to the pressure of business, he does not feel that he can do it to the town until some future date "when" as he so nicely put it "I hope the people will once again give me the privilege of serving them for no job has ever me such wholehearted satisfaction."

That so many times we have been driving with someone and the question was asked "What is the proper signal to give by hand when making a move at the wheel"... it is astonishing the people who have no conception of what the signal indicates and we include ourselves among

them... it stands to reason that if so few know the meanings, there are going to be accidents and there are... it only takes a second to digest and it is time we all conversed in the same road language... if you drop your arm straight down it means you're slowing down with the intention of coming to a stop... obviously you should do this well in advance and not the very moment you spot the biggest Christmas tree in the forest to take home... you are going to turn into the farmer's road and pick up a nice fat turkey... fine... put a straight arm out into the frosty air first or you may never get the carving knife into the bird... and if you are turning right with the intention of getting home safely tonight, it is up with the arm, remembering all the way that 1954 slogan "What is your hurry?"

That tying in with the discussion of a holiday on January 3rd, we remind readers that the Chamber of Commerce Christmas closings call for a holiday on January 1st, 2nd and 3rd.

That we phoned the Postmaster to ask him what you put on those unsealed Christmas cards and the answer is anywhere in the world for 2c... even to China, Mr. Cooke says, if you have any friends there so we forbid anyone else to phone and confuse us on postage.

That here and there, we can see glowing signs that our good citizens are going to lighten and brighten the town with gay lights outdoors that will do justice to the lovely white month of December... it doesn't really take so much time... just a little thought and a little effort and

you may be the winner too of the Chamber of Commerce's 1st prize of \$15.00, 2nd prize of \$10.00 or third prize of \$5.00.

That we like the story of the little lady who was trying so very hard to do the right thing... her mother had drilled her beautifully on how to behave and then to say "I thank you from the bottom of my heart"... so off she went to a party and as her mother sat and beamed with joy over a perfect behaviour, her ardent pupil blurted out to her hostess "I thank you from my bottom to my heart".

### Tri-Town Nurses Hold Christmas

The December meeting of the Tri-Town Chapter, District 12, R.N.A.O. was held in New Liskeard at the home of Mrs. Dorothy Gregory. Registered nurses from Cobalt, Haileybury, New Liskeard and Englehart attended.

Plans were discussed concerning the Nurses' Snowball dance to be held in the Cobalt Community Hall on January 21, 1955. Invitations are to be sent out.

Following the meeting: Christmas pageant was presented and Santa arrived at 10:00 p.m. and distributed gifts. Lunch was then served.

The next meeting to be held in the Nurses' Residence, Haileybury on Jan. 6, 1955.

The officers of the Tri-Town
