

You Ought To Know

That the big bus which will take off on Friday, February 18 for Toronto carrying hockey enthusiasts and their wives to the Toronto-Boston game in the Maple Leaf Gardens still has some seats available...for \$12.75 passengers will enjoy a trip to the big city return and good seats in the Blues where they can settle back and beam with pride as Haileybury's Leo Labine lives up to his reputation as the most valuable Bruin on the ice...anyone interested please phone Norm Abraham.

That every now and then we read something else which impresses upon us the great service that Jeunesse Musicale du Canada is doing in assisting promising artists...a European tour has been arranged for Maureen Forrester, Canadian contralto... this, of course comes under the organization's program for the exchange of young artists...the singer will make her debut in Paris and continue on a two and a half month tour.

That it's the case of the missing tea towels...it's not drastic enough to call in Fabian, but the Northern Ski Club is sending out a distress signal to the kind soul who took the tea towels off home to launder and forgot to bring them back...meantime it won't interfere too much with the big Saturday night planned for this week-end for interest in the Mid-Winter Festival is running high and if you're not at the Club having fun, you're just not having fun...remembering that the emphasis is on casuals for floodlight tobogganing and skiing but whatever your ensemble you can be sure you will be welcomed.

That from Richard Butterfield, theatre manager of the Stratford Shakespearean Festival comes an interesting letter today which we pass along to readers for if they think the idea is worthwhile, they will tell us so or perhaps discuss it through any organization to which they belong...the letter is the outcome of Laurel Crosby's recent visit to Haileybury as advance publicity agent for Canadian Players...incidentally, she is so the sister-in-law of Nicholas Monsarrat...Miss Crosby found that there was interest in Haileybury in her suggestion that

special excursions might be arranged for residents here to attend the Stratford Festival... "We are most anxious to encourage visitors from Northern Ontario to attend the Festival and in view of the obvious difficulties of getting here, it seems that group excursions would be an excellent means to make such visits possible"...Mr. Butterfield says that although the complete schedule of plays and musical concerts has not been finalized, it appears that the weeks of July 11th to August 6th would be the best ones for a visit of a party from Haileybury for they will have travelled a considerable distance to get here and during any one of those weeks there will be eight different programmes from which to choose...if such a venture is planned, the theatre manager points out that they have facilities to aid us in arranging living accommodations and such matters as well as tickets to the plays and concerts and will assist in transportation matters.

That Aunt Mary has been leading a very quiet existence since all the Christmas festivities but last week she thought it would be rather nice to go to the matinee on Monday and enjoy "The Robe"... she said she got a bag of peppermints and a good seat half-way up and snuggled down all by herself for what she thought would be one of her nicer days off from things... quite suddenly, she said, she realized that she was surrounded with school children... (Aunt Mary has a poor memory and she forgot that because it's a school day, children don't have to go to school)... Aunt Mary says she is fond of all kinds of children but had the distinct feeling right away that she wasn't going to be fond of The Robe... however she told herself not to be an old fuss budget and popped a peppermint in her mouth and tried to push the giggling and the laughing and the popcorn out of her way and concentrate on the picture... then came the moment of the Crucifixion and Christ being dragged to the cross... in a loud, highly amused voice, the boy said "Gee, kids, is he ever drunk!" and Aunt Mary got up and went straight home... today she has regained her sense of humor and phoned and said she had just read the shows for this week... "I see," Aunt Mary said "where Demetrius and The Gladiators begins where The Robe left off"

Rockets Fight for 3rd Place Play-Off Position in League

Haileybury Rockets whipped in seven goals on Tuesday night in Cobalt to keep going right ahead in the race for play-off positions in the Juvenile League. Right now, it looks like Lions Cubs for top place with the Legionnaire in second place but the see-saw battle for third position is between the Holy Name and the Rockets are now in sole possession at the moment. A win against the Legionnaires in Kirkland tonight and another on Sunday against the Cubs here could cinch the position for them. The record shows the Lions have just one loss in twelve starts, so the Rockets are going to have to show their best stuff.

Gordie Connelly counted for three goals in Cobalt with Wilson, Paiement, McKnight and Evans getting one each. Roger Fleming, Christo and Paiement also got assists.

The average length of time under construction of new homes built in Canada in 1953 was 6.3 months.—Quick Canadian Facts.

THRILLS of the ROARIN' GAME

Winners in game played in the Norma Herron Event from Tuesday, January 18th to date as follows:
