## Lake Temiskaming Officially Open on Wednesday, April 27

The winter ice covering of Lake Temiskaming has been officially off as of Wednesday, April 27th, 1955, according to Councillor Neil Fleming, who has acted as judge for the past several years.

In recent weeks the ice has softened up and an earlier opening would have taken place had there been any wind whatsoever. In former years, the ice was considered out of the lake when there was sufficient open water so that navigation could be carried out between here and Ville Marie.

Mr. Fleming said that although there was still some ice floating in the lake on Thursday, it was considered out on Wednesday.

There were three winners of the Haileyburian ice contest who had picked April 27th as the opening day, Mrs. E. Adams, Mrs. N. Austin and Mrs. D. K. Burke, all of Haileybury. Mrs. Burke and Mrs. Austin are already subscribers to the paper and will be credited with a year's subscription, while Mrs. Adams is a newcomer and will receive the paper for the coming year. The contest this year was fairly well patronized with most guessers having a slightly later date than the April 27th opening. Last year the ice left the lake on May 2nd.

Congratulations are extended to the winners and to the rest: better luck next time

## Tact

A certain young man proved wise beyond his years when he paused before answering a widow who had asked him to guess her age "You must have some idea" she said.

"I have several ideas," said the young man with a smile. "The only trouble is that I hesitate whether to make you ten years younger on account of your looks, or ten years older on account of your intelligence."

ATTENTION! All those interested in playing, coaching or managing the Town's entry in the Haileybury Fastball League are asked to be at the Legion Hall at 2:00 p.m. Sunday afternoon. Election of officers will also take place.

## Junior's Problems

Too many scoldings and too firm discipline may defeat their own ends and create behavior problems in a youngster. If he feels that his own family does not love and want him, his reaction may be to disobey his parents and to draw attention to himself by angry outbursts. If a child shows signs of abnormal behavior of any sort, consultation with the local child guidance clinic will usually aid in discovering the basic cause.

## Late Daniel Hughes Former Resident; Mining Pioneer

With his death at the age of 76 in the Sanatorium, Haileybury, on April 20th passed one of the few remaining old-timers identified with mining in Ontario for the past 60 years. His career started at the Helen Mine in Michipokoten and then to the Shakespeare Gold Mine near Webbwood. The early days of Cobalt saw him, with his brother Jack who predeceased him 17 years ago and either separately or together they carried out much of the underground development, more particularly in South Lorrain and Gowganda at such mines as the Keeley, Wettlaufer, Frontier, Castle Trethewey and Morrison. With the decline of silver they did considerable shaft sinking in the Kirk-lake area, the Bidgood and Townsite amongst others. This was followed by an era of prospecting and, with Martin Shunshy, they staked the Halcrow Swayze property and carried out extensive underground work on that property. In recent years he was superintendent of the Morrison Mine in Gowganda and remained as watchman during a lengthy shut-down period. On retirement some five years ago, he and Mrs. Hughes resided in Gowganda until failing health made it necessary for him to enter the San. His funeral service was from the Tulloch Funeral Home on Friday, the 22nd to Haileybury Cemetery. Besides his widow, a son, Romley (Rusty) lives with his wife in Syracuse, New York.

Mr. and Mrs. Jas. (Osborne) Burton and children, David and Keith of Bathurst, N.B. spent a few days with Mrs. Burton's mother, Mrs. Harry Burton.
