FEED YOUR FLOCK A FONDUE

Eggs are in the limelight! They're plentiful, and they're less expensive than they've been for a long time. And, of course, eggs rate "excellent" as a protein food; fine for the time you want a meatless meal. From most any standpoint, there couldn't be a better choice than eggs for main dishes this season.

Golden fluffy fondue is an egg favorite from way back. And it's a dream to fix. Take a few eggs, some grated cheese, a can of condensed soup, and a couple of cups of bread cubes. All foods you're likely to have on hand. Once they're combined, the oven does the work. And you get the credit!

A salad of apples, walnuts, and pineapple chunks can be tossed on a bed of crisp lettuce just before the fondue comes out of the oven. Dessert could be rhubarb pie baked with the fondue. And there's a meal to please your flock and keep the budget balanced!

MUSHROOM CHEESE FONDUE

4 eggs, separated
1 cup (4-ounces) grated sharp cheese
1/2 teaspoon dry mustard
1 can (1 1/2 cups) condensed cream of mushroom or celery soup
2 cups small bread cubes
Beat egg whites until stiff but not dry. Then beat egg yolks until thick. Combine egg yolks, cheese, mustard, soup, and bread cubes. Gently fold in egg whites. Bake in a greased 2 1/2-quart casserole for 1 hour in a slow oven (325°F.). 6 servings.

Carry the fondue quickly to the table to serve while at its peak of perfection. Note: If desired, you may bake it in individual casseroles; these are pretty enough to serve at a luncheon. Then baking time will be shortened.

SAN. NOTES

Visitors of Mrs Henry Jubinville were Mr. and Mrs. Roy Willard, Chaput Hughes; Miss Shirley McGonegal, Chaput Hughes; Maurice Didine, Kirkland Lake; Mr. and Mrs. Ray Kellar Mrs. George Kellar, Mr. and Mrs. Clarence Cox Miss Marjorie Cox of North Bay; Tom Gravelle of Toronto; Mr. and Mrs. Mernie Kellar, Blind River; Mr. and Mrs. E. McGonegal. Murville McGonegal and Henry Juvinville of Cobalt.

Visiting Miss Simone Ladouceur were her mother, Mrs. Rose Ladouceur, her sister, Mrs. Jan Melnick, Mr. and Mrs. Lucien Ladouceur, Miss F. Savard, Cobalt.

Mrs. Fred Edwards was visited by her son, Terry an dhusband, Ford Edwards of Thornloe.

Visiting his wife, Mrs. L. Maille wasq Paul Maille of New Liskeard.

Fern Lafreniere visited his wife Mrs. Doreen Lafreniere.

Mrs. Lillian Knight was visited by her husband, Clifford and her mother, Mrs. James McDonald, sister Mrs. Alice McFadden and son, Barry, Timmins.

Mrs. Rose Borden, Roberto Rinaldo, Mr. and Mrs. Bruno Lava and Lorenzo Rinaldo of Timmins.

Mrs. Eva McLeod was visited by her husband Howard McLeod son Philip. Mr. and Mrs. S. McLeod, Mrs. Sadie Dickenson

and Allan Ruddy al lqf Kirkland Lake.

Mrs. Estelle Forville was-a visited by her mother, Mrs. Forville and brothers from Timmins.

Mrs. L. Quinn had as her guest Henry Quinn of Timmins. Guest of Mrs. Enes Pasqualle was her husband, A. Pasqualle.

YOUNGBERG

IS YOUR CAR IN SAFE DRIVING CONDITION ?

Traffic accidents are a disgrace to this Ontario of ours. And the great scandal is that in most cases they are unnecessary. More care, more alertness, more respect for the rights of others, would eliminate the greatest number of accidents. Particularly inexcusable are the accidents which grow out of inadequate vehicle maintenance.

The Ontario Safety League says that, just how many accidents fall into this category can never be statistically established because in many fatal accidents the car, or cars, involved are so badly smashed that pre-existing repair needs cannot be determined. In spite of this, accident reports do show that a significant number of vehicles involved in fatal accidents have one or more unsafe conditions.

Very often such condition can be present in apparently normal cars. Last year, voluntary vehicle safety check programs in Ontario indicated one out of four vehicles checked was in need of maintenance attention to one or more parts affecting safe operation. In many cases, the automobile owners did not suspect this need.

Obviously, then, the only way a driver can be sure his vehicle is in safe condition is to check and double check.

It is very simple to check for surface danger points. The driver himself can do this. Excessive tire wear, loss of brake efficiency, lights that are not working properly, and other obvious danger spots can be easily detected.

But no driver should be satisfied with these surface checks. He should have his care checked regularly by a qualified mechanic. On these checks, the following should be carefully examined; headlights, rear and stoplights, brakes, tires, steering mechanism, windshield wipers

muffler and exhaust system, window glass, horn and rear-view mirror.

"Check your car, check accidents!" is a pretty short sentence, but it contains the only solution to one important segment of the traffic accident problem in the Province of Ontario.

ONTARIO'S **farmers** SHARE A **BILLION DOLLAR BUSINESS**

AIDED BY GOOD GOVERNMENT

More than a billion dollars worth of farm products have been sold by Ontario farmers in each of the last three years—nearly double the output of ten years ago.

Development of new crop varieties and thorough extension work under the present administration has expanded cash crop acreage in Ontario by more than 400 per cent.

Departmental herd improvement policies have maintained livestock output at 70 per cent of Ontario farm income.

The Frost administration has introduced the most advanced marketing legislation of any Canadian province.

Community living in rural areas has been bettered through Frost government grants. Last year these amounted to a quarter of a million dollars for 108 community centres.

UNDER THE FROST ADMINISTRATION

SOUND LEGISLATION HAS BROUGHT BENEFITS TO ALL ONTARIO FARMERS:

- **THE NEW NORTH'S** agriculture is expanding as never before under Frost government policies. Last year, grants of \$200,000 gave real assistance to farmers in clearing and breaking land.
- **HERD IMPROVEMENT** has been encouraged by the government program which helped more than 750 farmers buy 3,000 head of breeding cattle.
- **WEED CONTROL** programs were aided in northern areas by government grants for the purchase of nine weed control sprayers.
- **MARKETING AID** has been offered in the form of Frost government grants to eight northern co-operatives for the installation of modern potato-grading machinery.
- **FUTURE FARMERS** already have received a million and a quarter dollars in cash loans from the provincial government under the Ontario Junior Farmer Establishment Loan Corporation.
