District Rally of Ladies' Auxiliary of Canadian Legion

One hundred and one members of the Ladies' Auxiliary of the Canadian Legion attended a rally in Cobalt on Monday evening. Representatives were present from auxiliaries from Charlton, Thornloe, Englehart, New Liskeard, Haileybury, Cobalt and the youngest auxiliary, Temagami.

Mrs. J. A. Underwood, president of the Cobalt Auxiliary, opened the meeting and welcomed the Command Officer, Chairman of the Provincial Command, Mrs. P. Pegg and members. The meeting was then turned over to Mrs. E. M. Marsh of Englehart, Commander of Number 5 Zone. Mrs. A. Fleming, secretary of the Cobalt Auxiliary read the minutes of the rally held in New Liskeard last year. These were correct and adopted as read.

The auxiliaries were then asked to give their reports for the past year. Each and every auxiliary gave a very splendid report and were complimented on their work.

Mrs. Pegg then spoke to the gathering saying "It was a pleasure to be back in the north again as it had been some years since her last visit. She stressed the point of working in harmony and to help and support the new members but not to forget the pioneer members.

She congratulated the auxiliaries on their gratifying reports and said she could see we were all working very hard.

A question and answer period followed, after which the meeting was turned over to Mrs. Underwood for the closing ceremony.

One minute's silence was observed in memory of the comrades who have departed from our midst.

Before the meeting opened the auxiliaries marched to the cenotaph where a wreath was placed by the Command officers.

The Cobalt Auxiliary served a delicious buffet supper and a sing-song with Mrs. Stan. Treasurer at the piano, was very much enjoyed.

The rally will be held in Haileybury next year.

Attending from Haileybury were Mrs. Alice Fleming, Mrs. Bill Taylor, Mrs. Phil. Libby, Mrs. John Dewson, Mrs. Vic.

Observation Tower Does Double Duty; Tourist Attraction

From the Great Lakes almost to the Arctic Circle, some 311 forest fire observation towers are spotted on strategic heights across Ontario, manned and alert all during the fire season from April to October's end. Most of them are 80 to 100 feet high, perched atop the highest point in the district from which forest are visible for 25 miles or more in all directions. Most of the towers are steel and most of them function unseen by average woods travellers.

An exception is the fire tower at Parry Sound. Its lookout actually is more than 170 feet above the waters of Georgian Bay and the tower surrounding grounds are visited by thousands of tourists every year.

To make the tower safer for visitors, its stairway is being closed in with interlocking wire mesh. This precaution has been thought especially important because of the number of children who visit "Tower Hill" and, with adults, admire and photograph the flower gardens and reforested areas which have earned high praise for the Department of Lands and Forests there.

H. W. Hummel, assistant District Forester at Parry Sound says: "Since June, 1927, the surrounding country has been surveyed from Tower Hill. From the lookout cabin, 171 feet above Georgian Bay, one can see the smoke of Copper Cliff smelter on a clear day or the flicker of the lighthouse on Western Island—25 miles as the crow flies.

"Tower Hill, before erection of the tower, was barren of trees. Reforestation cured this and today a fine young stand of pine gives cover to birds, shade to travellers and is an asset to the town. During a bad spring storm, hundreds of birds of many species may be found in the plantation waiting for good weather to proceed to their nesting places.

"The odd-shaped stones bordering the walks and flower beds were picked up on Georgian Bay and add much to the place's scenic beauty.

"The sun-dial, with its inscribed motto 'It's Later Than You Think' was carved by Peter McEwen, former district forester at Parry Sound, who also engineered the whole tower project. People checking watches with the sun dial are apt to forget that sun time actually is about 20 minutes later than Standard Time.

"Gardening Bits"

Dr. and Mrs. J. C. A. Crawford are very proud of their crab-apple trees in their splendour of pale pink and white blossoms.

Somehow or other we think that Mr. and Mrs. D. R. Murray will be the first Haileyburians eating new potatoes out of their own garden this year. Mr. Murray planted his potatoes on April 28th and they are now up a foot or more and are ready for second hoeing.

Mr. Cliff Ferguson of Montreal renewed acquaintances in town this week.

Triple Drowning Near Quebec Town

Two recent graduates of The Provincial Institute of Mining and a fourteen year old youth were the victims of a drowning accident in Lake Demontigny seven miles north of Val D'or, on Friday last.

They were identified as Paul Giroux, 14, John McCallum, 25 and Derwin McKinley, 26. All three perished within thirty feet of a causeway leading to Sisco Island.

The two men drowned while trying to rescue the youth who had slipped into the water while fishing. McCallum tried to rescue the lad and when he was unable to, was joined by McKinley but all three were dragged into deep water and drowned.

Derwood (Red) Arthur McKinley, son of Mr. and Mrs. W. McKinley, Red Lake, Ont. was buried on Wednesday in Holy Cross Cemetery here following mass in St. Patrick's Church, in Cobalt.

A graduate of the Haileybury Institute of Mining in May of 1952, he was the third prize winner in General Proficiency and an honor student.

After graduating Mr. McKinley spent a year in Mexico, and on returning to Canada accepted a position as metallurgist with East Sullivan Mines.
