By Suzanne Lecky

This is our last column of the summer as we will be finished at the park on the 31st. We are grateful for Mr. Hunt's kind words in last week's paper, and would like the parents to know that we've enjoyed working with with scores of 67 and 72 on the their children every bit as much as the children have enjoyed the park.

We wish to thank all those who so kindly donated to our bazaar last Wednesday. The proceeds covered most of our day to day expenses. Winner of the colourful big "clown" doll, donated by the Rotary Club was Mrs. J. E. Leveille of Haileybury who bought her tickets from one of our regular attenders.

On Friday evening, August 26, we are holding our closing night for the parents and friends at seven thirty. Mr. Timmins has generously given us the use of the Blue Room in the Haileybury Hotel for this purpose. The program will consist of square dancing, skits, rhythm band, and presentation of field day prizes.

In closing, we would like to thank members of the Recreation Commission, and Mr. Timmins, Mr. Gough, Mr. Hunt, and parents for their support and encouragement.

SEVENTH DAY ADVENTISTS GATHERING AT DEER LAKE

Seventh Day Adventists from all points north of Huntsville gathered at their camp on Deer Lake, near North Bay, for a three-day meeting last weekend.

The gathering was under the leadership of Reverend I. H. Helm of Haileybury Seventh Day Adventist Church. The camp superintendent was Elder F. B. Wells of Oshawa, who is district leader in young people's work.

The meeting started Friday evening, and more than 75 Seventh Day Adventists from Haileybury, North Bay, Sudbury and other centres.

Five people were baptised, making a total of 19 baptised from the north this year. The gathering included swimming recreational and devotional periods.

People in British Columbia eat more ice cream and drink less milk than Canadians in any other province, while people in Quebec drink the most milk and eat the least ice cream.

Do you like scrubbing floors—I don't. But it's a chore that I've made easier by sewing patch pockets to my jeans and inserting squares of half-inch thick foam rubber.

Troubled by falling flowers in a low bowl arrangement? We use a suction type pin holder, which is heavy and won't rust, to hold the flowers correctly. Bill bought several from our local florist.

We painted our screens last week-end. Black on the inside and white on the outside, so that we can look out but no one will be able to look in!

Hope you'll join the Lovett family in our crusade to make our beaches safer and cleaner. One of the great hazards, as we've learned from painful experience, is broken glass. Our slogan is—"Keep bottles off the beach." To help us do that sun-tan oil and now even insect repellent come in a small pliable plastic tube. They are easier to carry and, of course, there's never any danger from broken glass.

A film of soap or oil on glass will allow you to remove any paint that splatters on windows when you paint the frames. We

learned the hard way! We've put a cylinder made out of tar paper around our newly transplanted plants. This keeps away cut worms until the plants are established and eliminates a second planting or spreading poison bait.

Bill has installed a beverage rack under the kitchen sink to store bleach, soda, starch bottles etc. It's so much neater and easier for me to pick out the bottle I need.

No doubt your youngsters, like ours, will pick up their share of thorns, prickles or thistles this summer. A completely painless way of removing them from the skin that sometimes works is simply to place a piece of adhesive tape over the offender, pull off quickly and, presto, it's removed!

This hot weather it's difficult to keep the house cool, unless you're fortunate enough to have air conditioning. For cooler sleeping we place our fan at the open window along with a bowl of ice cubes.

Bill says: "A wise woman puts a grain of sugar into everything she says to a man, takes a grain of salt with everything he says to her."

The LOBA Lodge held a successful euchre at the Orange Hall in North Cobalt on Friday August 19th. Those winning prizes were: Ladies first, Mrs. Ted Leonard of Cobalt; second, Mrs. D. Hager of Moore's Cove; consolation, Mrs. Mary Cook, Cobalt; Men's first, T. Fisher, New Liskeard; second, Doug Hager of Moore's Cove; consolation, Jack Smith. Lunch was served by the ladies. The quilt was won by Mrs. Church of Kirkland Lake.

LONDON MOTOR SHOWS

Several new models will make their first appearance at this year's Motor Show in London, from October 19-29, which will feature the products of 534 exhibitors. Interest expressed by prospective overseas visitors over 7,500 of whom came to the last event, has never been greater, says the U.K. Society of Motor Manufacturers and Traders.

RIFLE RANGE UNDER DRILL FLOOR

Many Tri-Town citizens aren't aware that a fine miniature rifle range is housed beneath the drill hall floor of the Haileybury Armouries. This range will be open next week for inspection by the general public. There will be a firing demonstration and

any visitor who would like to try out the target rifles will be invited to do so.

The wireless sets will be operating also and you can try out the famous walkie talkies for yourself if you wish.

A drill squad will be in action at least two evenings next week and the old vets can compare today's Citizen-Soldier with their old unit on parade.

IDEAL FOR DAVY

"My hero's DAVY CROCKETT you can see.

Brave and strong I too would be

So it's me for milk, and milk for me!

I drink plenty of milk every day.

So I'll have pep for fun and play.

(Does milk taste great? We'll, I'll say!)

Milk keeps me full of vim and vigor,

And keeps me healthy, growing bigger."
