A Welcome to New Residents

If you have just arrived in town, you may think that Haileybury is a cold place. Don't believe a word of it. Of course, it does get a little chilly at time, but in terms of warm friendliness and warm hearted people, you won't find a warmer place.

So we extend to you a warm welcome, and when the wind is blowing across the lake and the snow is drifting on the walk, remember that in the things that matter, Haileybury is one of the warmest places you can find.

We cannot help but feel that in our business we have had some part in the warmth of Haileybury, at least as far as winter heating comfort is concerned, because we have been rendering a service for half a century in that direction. When you are ready, we should like to serve you too.
