

## Elaine Lowery Harold Hamerstrom Tennis Champions

Elaine Lowery and Harold Hamerstrom won the boy's and girl's classes in the Haileybury

tennis club's junior tourney Sunday.

They were presented with trophies as winners of the girls' and boys' divisions respectively. The runners up will receive prizes of tennis balls at the opening of next year's season.

"Extensive heat this year has affected participation in this strenuous sport," John Valentine, president of the Haileybury Tennis Club. "We hope there will be a better turnout next season."

Junior tennis championship games, sponsored by the club, saw Pat Arnold and Elaine Lowery battle out the finals. Miss Lowery won the first two in the best of three, 6-3; 6-1.

In the boys' division Harold Hamerstrom beat Bill Thomson 6-0; 6-1 in the best of three games.

Mr. Valentine says his club is already planning for a more active season in 1956 and would welcome any interested citizens into their ranks.

### MAGNETIC REACTIONS ON ROMAC'S LITHIUM GROUP

Mr. J. J. Martel, director of the Company, reports that upon a recent visit on the property of Romac Mines Limited situated south and adjacent to Quebec Lithium Corp, strong magnetic reactions were noted on the North-West portion of the Company's holdings and according to the Company's consulting geologists.

Although that the claims appear to be extensively drift-covered and overburdened, favorable formations are suspected to exist on Romac's property warranting closer examination and systematic prospection.

Certain radioactive minerals have been found associated with lithium deposits in the area.

Results are now being studied and an extensive development program is continuing, concludes Mr. Martel.

### WEDDING BELLS

#### McDONOUGH — FLEMING

The marriage of Nancy Ruth, daughter of Mr. and Mrs. Richard Charles Fleming of Haileybury, to Joseph Peter Basil McDonough, son of Mr. and Mrs. Joseph McDonough of Toronto, was solemnized in Newman Chapel, on September 17th, Reverend John Markle officiating. The bride, given in marriage by her father, wore a waltzlength gown of candle-white brocade, fashioned with a Peter Pan collar, fitted torso bodice and long sheath sleeves, the full crinolined skirt flaring from a hip-cuff re-embroidered in iridescent sequins. Her shoulder length veil of tulle illusion was held by a small cap of iridescent sequins and pearls. She carried a prayer book with a white orchid and stephanotis. Attending her was Miss Elvira Bartola, of Sault St. Marie, who wore waltz length clover-pink delustered satin with cap sleeves, a portrait neckline, and a small matching headdress of velvet leaves. She carried mauve and pink Shasta mums.

The groom was attended by Mr. John Birtles. Ushering were the groom's brother, Mr. Joseph McDonough, Jr. and Mr. Douglas Address. The soloist was Mr. John Wilson.

Upon returning from their honeymoon the couple will reside in Toronto.

#### LORRAINE — O'BRIEN

A quiet wedding was solemnized in St. Theresa's parish Cobalt, Saturday morning, September 15th, when Wilma Cheryl O'Brien, foster daughter of Mr. and Mrs. Albert Speicher of Haileybury, was united in marriage to Arthur (Sonny) Lorraine, son of Mrs. Arthur Lorraine and the late Mr. Lorraine of Cobalt. Rev. St. Louis officiated.

The bride chose a navy gabardine suit, with powder blue

accessories. Her corsage was red roses and fern.

Mrs. B. Vileneuve, sister of the groom was her attendant. She wore a light grey suit with pink accessories and a corsage of pink roses. The best man was Euclide Genest, an uncle of the groom.

Following the ceremony, a reception was held at the Speicher home, for a few close friends and relatives.

On their wedding trip to Southern Ontario, they visited with Rev. and Mrs. J. H. Watson in Gravenhurst, and will reside in the Connelly apartments in Cobalt.

### UNITED LITHIUM CORP. PROGRESS REPORT

According to Mr. Jean-Marc Roberge of Thetford Mines, director of the Company, United Lithium Corp. just received from their consulting geologists Messrs. Koulomzue, Geoffroy & Brossard & Co. a geophysical report completing the scintillometer and magnetometer surveys recently carried on the lithium property adjoining Valor Lithium and South-West of Quebec Lithium Corp.

The magnetometer survey outlined one zone of slightly higher than average magnetic values and of possible geological significance. The possibility of finding valuable minerals in general and lithium deposits in particular on United Lithium ground is emphasized in the report.

The claims are underlain by a formation of muscovite granite known to contain several occurrences of lithium and beryl and in the opinion of the consulting geologists, the property warrants a careful prospecting campaign.

The Board of Directors of United Lithium Corporation will carry on the recommendations outlined in the report, says Mr. Roberge.

### Coming Events

The Anglican Church W.A. monthly meeting in the Parish Hall, Tuesday October 4th at 3 p.m.

The Haileybury Home and School Association will hold a sale of pies and other home baking in Connelly's show-room, Ferguson Ave., Saturday, October 1st at 2 p.m.

Haileybury Masonic Lodge No. 485 will hold its next meeting October 6.

SERVICE STATION  
HAILEYBURY, ONT.

## See the new 1956 MERCURY - LINCOLN - METEOR Tomorrow Night

### A Message from Jack:-

To All My Customers:

Of course I am proud to announce the big expansion of my business, but more than anything else, I want to say THANKS A MILLION.

Thanks for the support that you have given me during the past five years. Thanks for buying your gas and oil. Thanks for trying our repair service. Thanks for buying our new and used cars and trucks. Even thanks for calling at three o'clock in the morning for the tow truck.

This new expansion would not have been possible without your support, and while Jack Mathews' Garage is getting bigger and better, I intend to see that it never loses the friendly small-town atmosphere that has contributed to its growth.

I sincerely hope that you will call in tomorrow or within the next few days to see the new Mercury, Lincoln and Meteor cars and trucks. And at the same time give me the opportunity of saying thanks to you personally.

Yours sincerely

Jack Mathews
