BY BOB FLEMING

We're making money again at last. It has been so long since we have made any, and, what with the paying out steadily without replenishment we were getting near financial embarrassment. It was a very successful stag last Friday night and next week I will give you the financial picture of it when all the expenses have been paid.

We are very happy to tell you that Mr. A. P. MacDonell (that's Buster MacDonell folks) was the proud holder of the winning ticket for the tailor made suit of clothes. He has promised to sport around with his walking stick as soon as the measurements that Abe Abraham took are put together by House of Stone Tailors in Toronto.

The executive meeting we were to have with the Ladies this week has been postponed therefore we will have to wait till next week to give you any news from that.

Your businesses and offices will be approached in the very near future for the orders for your wreaths for this year and we would appreciate your co-operation for bigger and better sales than ever before. There will be more poppies too this year of the twenty-five cent variety than we have been previously selling.

Our poppy campaigns have been very successful in the past but not as they should have been. There should be more wreaths sold for a better price and the same applies to the poppies. When approached for your order of a wreath please bear this in mind and we'll remind you

too. I'll tell you of the out come of the meeting with the Ladies next week, I hope, cause if I don't I won't have anything else to tell you.

Cheers Now.

Miss Margaret H. Brown, United Church Missionary who has recently returned to Canada from Hong Kong will speak each evening. Miss Brown was appointed to represent the United Church of Canada at the General Assembly of the Church of Scotland, held in Edinburgh in May and later attended the World Council of Churches Conference in Bossey, Switzerland. For many years her chief interest has been the writing and publishing of Christian literature in the Chinese language.

In reviewing Miss Browns work as a writer, the Toronto Globe and Mail of August 6th, said "Miss Brown has made a name for herself in the field of Christian literature the world over, several of her books having been translated into four languages and went into several editions."

All ladies residing in South Temiskaming are cordially invited to attend any or all of these Rallies to hear the very fine messages these outstanding speakers will have for the gatherings.

Later in the week Rallies will be held in the Kirkland Lake area and in Noranda and Bour-lamaque, Quebec.

BARGING IN LAKES

Look for a fleet of barges to be swarmed into the Great Lakes with the spring 1959, St. Lawrence Seaway opening, says The Financial Post. They'll carry package freight in truck trailers as well as bulk goods.

ADEQUATE WIRING for Better Electrical Living

Adequate wiring in your home assures convenient, economical electrical living at its best. If you are planning to build a new home, have your local Hydro or your Electrical Contractor explain why it is to your advantage to have sufficient circuits, switches and convenience outlets in order to derive the full benefit from today's many electrical aids to living.

Too often the unsatisfactory operation of electrical appliances is due to inadequate wiring. Many older homes, and some newly built homes, are not wired to efficiently operate more than a few electrical appliances.

Specify "Red Seal" wiring to the standard of The Electric Service League of Ontario, a non-profit organization maintained to assist you with wiring problems. See your local Hydro Manager, or send for the FREE BOOKLET, "Facts About Electrical Wiring For Your Home." Write to: The Electric Service League of Ontario, 4 Carlton Street, Toronto 2.

This Red Seal on the service box is your assurance of an Adequately Wired home.
