The ROTARY WHEEL
by Norman Abraham

Our bingo Saturday was another success as reported by Carm. Donegan, bingo chairman. So at this point, on behalf of the Rotary Club I would like to thank all those who attended our bingo and generously supported this project.

A return engagement was held at Englehart last Wednesday afternoon, where a curling spiel was held between the two clubs, the same as the one held in Haileybury two weeks ago, when our club entertained the Englehart club. All those who attended enjoyed themselves very much.

A great deal of discussion was held at our meeting on Monday in regard to the Rotary Club Assembly to be held here on April 16th. About 150 guests are expected to attend including our district governor Ross Dobbin and former district governor Basil Tippet.

Easter is not very far away and the Easter seals campaign will soon be in full swing. Our club sponsors this campaign and the envelopes containing these seals will soon be sent to each home.

These seals mean so much in aiding crippled children, so when you receive your envelope, mail your contribution in the self addressed envelope enclosed.

ARCADIA NICKLE

Arcadia Nickle Corporation Limited has two diamond drills putting down holes in a grid pattern on the Gersdorffite zone on its Worthington property, Sudbury area. Thirteen holes have been completed and 13 more sited.

Meantime the installation of the mining plant at the Denison shaft on this property has been completed, dewatering has reached the second level and sampling of the workings is proceeding. This property is now owned by Aer Nickle Corporation, which Arcadia controls through financing.

In earlier operations by previous owners five levels were opened to a depth of 950 feet with lateral work carried out plus diamond drilling to a depth of 1,100 ft. and this permitted an estimate of 400,000 tons of ore, of approximately \$30 grade in this area alone. Drilling on the Gersdorffite zone has indicated ore of similar grade 1,200 ft. to the east, of the shaft and the new shaft, has returned some high nickel-copper-platinum values. It is the company's objective to outline 2,000,000 tons of \$30 ore on this property.

On the Werner Lake property which straddles the zone in which Eastern Mining & Smelting is now developing orebodies the first diamond drill hole is now going down in a program to test anomalies previously located.

On the Bellechasse property, in Eastern Quebec, drilling has indicated zinc values in one section and gold values in another. In the Kirkland Lake area the crosscut from the Sylvanite mine at 5,500 ft. depth is approaching the Arcadia's wholly owned Toburn mine, with 160 ft. average monthly advance.

Bicycle production in Canada reached a ten-year low in 1954 while imports of bicycles reached an all-time high. Production dropped to 71,530—from 101,460 in 1953, while imports rose to 91,382 from 63,124.

Fort Henry Guard Goes To England

Hon. James N. Allan, Ontario Minister of Highway's announces that Ontario's famed Fort Henry Guard will participate in the 1956 Royal Tournament to be held in London, England, this year from June 6 to 23.

In announcing that the invitation had been accepted, Mr. Allan noted that this is a signal honour because the guard, which is a civilian, not a military unit, will be taking part in what is rated as one of the world's greatest military spectacles. The guard is composed entirely of hand-picked university students who are employed by the Ontario Department of Highways

to give a visual presentation of history to visitors to Fort Henry Ontario's historical show place at Kingston.

From a humble beginning in 1938, this aggregation has grown until the split-and-polish smartness of its absolutely authentic 19th century uniforms is famed throughout the continent. Hundreds of thousands of visitors to the Kingston citadel have thrilled to the guard's letter-perfect demonstrations of old British army drill and received thrilling lessons in mid-nineteenth century battle tactics from its rousing displays.

THE BIBLE TODAY

The "Letters to Editors" column of weekly newspapers often offer interesting sidelights on life in rural communities. Problems of people are often presented. A recent letter to a Muskoka Weekly revealed the difficulty of securing a Bible in out-of-the-way places. This difficulty is experienced, even today, around the world.

To help solve this problem hand-to-hand distribution of the Scriptures by 1,000 "Colporteurs" throughout the world is undertaken by the British and Foreign Bible Society of which the Upper Canada Bible Society is the local auxiliary.

The purpose of the Society is to place a Bible without note or comment, within reach of everyone, at a price he can pay, and in his own language. This purpose has been adhered to throughout its 150 years of christian service to almost all denominations.

From home to home, where Bibles are not readily available, "Colporteurs" call carrying the Book of Books. Thus people who need it and desire it may secure it.

Most editions are sold at, or below, cost price and all missionary translations are heavily subsidized.

Canada has required the Bible in over 100 different languages. Ontario is over 45. Colporteurs can provide it in most of these languages.

Four "Colporteurs", Enrique Bazan in Bolivia, Raul Campos in Ecuador, Po Tun in Burma and Philip Wambua in Kenya, are supported by funds raised through "Stamp Corner", a department in the Bible House, London. Many hundreds of pounds are provided each year through the sale of used stamps sent in from around the world. One girl's school, "Bromley

High", recently contributed 400,000 stamps to their department for colportage work.

Suggested readings for the week.

- Sunday - Psalms 95: 1-11
- Monday - Psalms 115: 1-18
- Tuesday - Jeremiah 1: 4-19
- Wednesday - Jonah 1: 1-17
- Thursday - Jonah 2: 1-10
- Friday - Jonah 3: 1-10
- Saturday - Jonah 4: 1-11

Husbands! Wives! Weak, Run-down, Old?

Thousands of couples are weak, tired, lack energy and pep; they feel run-down, old because bodies lack iron at 40, 50, 60. Try Otrex Tonic Tablets today. Supplies invigorator you, too, may need to revitalize, stimulate, energize and build-up entire body. Feel years younger. "Get-acquainted" size costs little. Or start with big, popular "Economy" size and save 75¢. At all druggists.

RECREATIONAL CALENDAR

EDITORIAL

Ontario's Submission to the Royal Commission on Canada's economic prospects is one of the most interesting documents to enter the office in a long time.

O massive document, it portends amazing developments in this province in the years to come, and inevitably, it is a reflection on the Drew and Frost regimes, that have done so much to contribute to the post-war growth of Ontario.

It costs two dollars, and while we are not trying to rob the government of two bucks, if any local citizen would like to borrow our copy, he can find it in the office. It is well worth reading.

Here's to the man (Or his missus)

Who bring in the news (Or just phone us)

There'd be no paper without 'em (May they always be with us)

But spell names correctly (Or our readers will cuss us)

IODE Grant \$16,000 Bursary

Mrs. R. C. Bennett, Educational Secretary, Provincial Chapter of Ontario, Imperial Order Daughters of the Empire, announces that a bursary of \$1600.00 is offered for 1956 to an Ontario student planning to take a degree in a Canadian University. This bursary is made possible by the Memorial Fund established to honour service personnel of the Second Great War.

To be eligible for this bursary, a candidate must be the son or daughter of deceased or permanently disabled men or women of the Armed Services—Navy, Army, Airforce, or Merchant Seamen of World War II.

Applications must be made not later than March 1st. The application forms may be obtained from the Provincial Chapter, I. O. D. E., Headquarters, 168 Jackson Street West, Hamilton, Ontario.

Two \$1400.00 Scholarships

The Provincial Chapter of Ontario, Imperial Order Daughters of the Empire, is offering two scholarships this year, from the Lucy Morrison Memorial Fund for Education, to which all the Chapters in Ontario contribute. The scholarships are each valued at \$1400.00, and are available to students, British born or of naturalized Canadian parentage, domiciled in Ontario, and are tenable in any Ontario University.

Mrs. R. C. Bennett, Provincial Educational Secretary, announces that the first scholarship is in Pure and Applied Science and is offered for the twelfth consecutive year, while the other scholarship in Humanities and Social Sciences is being offered for the third consecutive year.

All applications must be received by April 15th. Full details, application forms, etc., may be obtained at Provincial Chapter, Imperial Order Daughters of the Empire, Headquarters—168 Jackson St. West, Hamilton, Ontario.
