Kids Fair Helps Crippled Children

The Rotary Club's fund for Crippled Children is richer by \$22.00 this week thanks to the efforts and thoughtfulness of a group of boys and girls in Haileybury.

Headed by Brian Hogan and Bobby Gough, with a committee composed of Jackie Watson, Evelyn Simard, Bobby Blair and Angus Hogan, they staged a fair in Leo's Gough's yard that would have been a credit to youngsters twice their age.

They had a fish pond in charge of Richard Regimbal and Dennis Lamothe, a food stand where hot dogs, freshie, popcorn, taffy and fudge were sold by Evelyn Seymour and Jack Watson.

Steven Fleming looked after the water cup attraction and Bobby Gough was in charge of the shooting gallery and Ring Toss game.

Brian Hogan was the salesman at the ticket stand where tickets were sold at one cent for children and five for adults. A number of ten cent articles were also for sale.

Billy Wiseman had a book stand and Bobby Blair had a fortune telling booth and sold fire hats, canes and balloons.

MESSAGE FROM FRANCE

Wilfred Bailey, president of the Haileybury Rotary Club has received from the Rotary Club of Sanary-Bandol, France, a booklet containing a talk on France, and a message from the Club.

Signed by the president, Frederic Granet, the message reads; "The small Sanary-Bandol Club wishing to let you know the true aspect of France, sends this friendly message to you. Would you kindly read it to your members during the next get together. Our sincere wish is, that widely spread and commented, this message could create between both our countries more understanding and friendship than ever."

HOSPITAL

Haileybury Hospital plans a new, two story building adjacent to the present hospital, for a 50 bed ward for incurable patients. At the council meeting Monday night, a letter was read from the hospital authorities, stating the cost at about \$6,500 per bed.

\$3,500 per bed will be paid for by the province, and the hospital suggested that the town might like to pay \$3,000 for a bed. This would be reserved for Haileybury patients, and the town would have first call on it.

In their letter, the hospital authorities pointed out that the incurable ward is at present serving an area from North Bay to Hearst, and the present 25 bed ward cannot handle the burden.

The town council agreed that it was good news, and promised further consideration of the request for a grant.

CURLING CLUB TO SPONSOR DON MESSER AND HIS ORCHESTRA

The Cobalt-Haileybury Curling Club have been successful with their arrangements to have DON MESSER and his Islanders to appear at the Haileybury Armories on August 22nd. This well known band, who have made a number of recordings, are at present touring Western Canada and will stop off at Haileybury on their tour of Northern Ontario.

The group consists of a nine piece orchestra featuring Marge Osborne and comedian Charlie Chamberlain. They plan on putting on a two hour show before the dance and are a very good drawing card where ever they appear. Two years ago MART KENNEY and his western Gentlemen appeared in Haileybury under the sponsorship of the Curling Club and were a real success.

Town Spends \$40,000 of Reserves; Beach Water Only Grade 4

The old town isn't broke after all. In fact it has \$65,000 in various reserve accounts, and \$29,000 in board of education debentures.

This came out at the council meeting Monday night, when the council bowed before the weight of the Ontario department of municipal affairs, and the Ontario Municipal Board. The town had proposed to issue debentures for \$40,000, to cover the town's share of the nearly \$80,000 paving expenditure. But the government bodies refused to agree, and insisted that the town use some of its reserves.

Mayor Cooke warned that the town's financial expert, Councillor Dan Millar was opposed to digging into the reserves, but Mr. Millar could not be present to present his views. After some discussion the council decided to go along with the Municipal Board. One reason for their haste was that the contractor has started work in Haileybury and the town fathers had to do something to find some money.

Mr. Cooke said that in view of the depletion of the town's reserves, he thought some second thoughts should be given to the proposed expenditure of \$7,000 for a new fire truck. The truck will be needed if the town provides fire protection for Buckle township.

Councillor Camsall said that he understood that Buckle is in a somewhat embarrassing position at present due to a mix-up in its book keeping, and couldn't go ahead with the fire agreement for some time.

Councillor N. Fleming brought up the dog question, and most councillors dived for cover. Mr. Cooke wanted the Haileyburians to take a stand, and it was forcefully intimated to him that the Haileyburians are scared stiff of the dog question.

Dr. W. C. Arnold thought the best way to reduce the number of dogs would be to increase the license fee. He suggested \$25 for males, and \$100 for females. Most councillors thought it a little high, and Dr. Arnold said that he wasn't serious, but thought that something should be done.

Mr. Cooke said that children did as much damage to gardens as do dogs, and Mr. Fleming suggests that the solution might be to license children as well as dogs.

BINGO PLAYER WINS ONE THOUAND CASH

"I'm still pinching myself, to see whether I'm awake or dreaming," said Mrs. Olive Childs, Tuesday afternoon. The reason for the pinching? She was the winner of \$1,000 at the Kiwanis Bingo in Kirkland Lake Monday night.

Asked what special plans she had for the spending of her prize, she said she wasn't making any until she realized that she had really won it.

While she has won small amounts of a dollar or two, and once, a \$25.00 prize, nothing so breathtaking has ever happened to Mrs. Childs before.
