

Mayor A. Cooke Extends Greetings

It is with real pleasure that I extend to the Scottish Curlers a very warm welcome from all the citizens of Haileybury. It has been reported that Haileybury is

the smallest town on your route, but I trust that in the warmth of the welcome extended to you, will more than make up any lack of size. I hope that when you return to Scotland, you will tell your friends that in Northern Ontario there is a friendly town, with the finest curling rink, with the finest people. It's a good place to

live, and perhaps if you know of any young and energetic men in Scotland who are looking for a good place to establish their homes or businesses, you will tell them that Haileybury will more than make them welcome. Therefore, on behalf of all the people of Haileybury, I welcome you, and trust that you will not only enjoy your visit, but come back again in the not too distant future.

Arthur H. Cooke,
Mayor

Then welcome to our Scottish friends,
We'll play the game together;
We'll learn from them, they'll learn from us,
We're birds of the same feather.

Play to a hair;
Foot firm and fair,
Your stone, if well directed,
Will hit your aim,
And win the game;
If not, be not dejected.
