NOTES FROM PETERS

"Mr. Hennessy is quite right when he states that I am making the pipeline a political issue," stated Mr. Peters, C.C.F. Federal Candidate for Timiskaming, speaking to a public meeting at the Haileybury Legion-Hall last night. "Mr. Hennessy must accept his share of the blame in helping make it a political issue when he admits he hired help on the recommendation of the Conservative candidate," asserted Mr. Peters.

"My job is to protect the interests of the people of this riding. Mr. Hennessy's job, of course, is to get the slash for the pipeline cut as cheaply and quickly as he can to make as much as he can for himself. No one blames him for that. Every sub-contractor does the same," said Mr. Peters.

"The question a lot of people are asking is why were the men not hired through the National Employment Service rather than on the advice of the Conservative candidate in the forthcoming election," stated Mr. Peters. "It's rather late for Mr. Hennessy to say that the other two candidates had the same opportunity. I'm sure that Mr. Hennessy is much too intelligent a man not to be aware of the fact that hiring men in this manner is most unethical," continued Mr. Peters. One wonders just who is building the pipeline, Mr. Hennessy or the Conservative candidate who claims to have provided the jobs and looked after the farmers best interests in the deal. "I'm afraid that like his party, the Conservative candidate is talking out of both sides of his mouth. On one hand he recently told a meeting that of course he and his party are for public ownership of the Trans-Canada pipeline, while on the other hand, his party sets up a Borden Commission to avoid putting the line under public ownership, thus ducking the issue until after the election.

"The same thing applies to the Bill of Rights and a National Flag," continued Mr. Peters, "the Conservatives while in opposition, were all for this badly needed legislation but were opposed to it when they had the chance to do something about it as the government."

"I am for Public Ownership of the Trans-Canada Pipeline, a Canadian Bill of Rights, a Canadian Flag now, and I will be after March 31st on the floor of the House of Commons if you send me back to speak for you," concluded Mr. Peters.

Across the Kitchen Table

By Mrs. Mac.

Snow! Snow!! Beautiful Snow! The sun won't shine and the wind doth blow!!! My poetry is as bad as the weather, and that's saying something. When I was complaining bitterly the other day about the wind, saying that even if we did have forty or fifty degrees of frost in my young days, we didn't have such horrible steady winds, I was gently reminded by another pioneer, that in those days there were more trees to break the wind and therefore we didn't think it was so bad. Now, we are practically out in the open and are getting the full sweep of the wind and I really think it comes straight from the North Pole! Oh well, in another day we'll be into March, and even though it does come in like a lion, by the 31st, all the snow should be melted by the hot air, (pardon me, the balmy atmosphere, gosh, no, that's as bad as hot air) well, anyway, the election WILL be over and the winter should be nearly so Oh, Happy Day!

I was reading the other day, in Gwendolyn Clark's "Chronicle" of Ginger Farm" column, about a kitten that she got on the eve of a certain provincial election and as it was nameless, they

Flag," continued Mr. Peters, "the Conservatives while in opposition, were all for this badly needed legislation but were opposed to it when they had the chance to do something about it as the government."

CCF FEAR LOSS OF SEAT

It looks as if the C.C.F. and Social Credit will be the Parties to lose seats in the next Federal Election on March, 31st. The C.C.F. candidate in Temiskaming knows he is losing ground throughout the district to the Conservatives.

They are attacking the P.C. party in all ways possible, and this is a sure sign of fear and

decided to name it for which ever candidate won, and for the rest of it's life, their kitten was known as "Mitchie".

This year, they have a kitten named "Ditto" and while they were watching the Liberal convention on television, the kitten went to the door and asked to be let outside. And up to date, it not returned. Are cats psychic? Can they look into the future? Shall it be Ditto? Or shall it not?

And speaking of cat's names, I am reminded of some of the original and sometimes highly unsuitable names that we gave our animals when we lived on the farm. One huge black cat, as meek and mild as skim milk, was named "Satan", and another big grey one responded to "Darling". Two orange ones were "Taffy" and "Marmalade," while one with a white chin was "Chin-Chin," and another friendly little morsel was named "Chum".

One year our six calves were named "Tweedle-dee" and "Tweedle-dum," "Peach" and "Plum" "Cherry" and "Pansy-Purple." It's no wonder my dearest friends tell me I am slightly (?) wacky, is it?

defeat, C. Foster Rice the Conservative candidate stated that the C.C.F. celebrated their twenty-fifth anniversary last year and that they have twenty-five members in the House.

At this rate of one member per year it would take then 100 years to have enough members to form a government.

So people of Temiskaming why waste your vote? It will be left up to you the Voter on March 31, to decide Temiskaming's future.
