

Cobalt Socials

Brownies

Brown Owl, Connie Perrault, assisted by Tawny Owl, Glenda Browne, conducted a meeting of the Second Cobalt Brownie Pack on January 28th. Golden Bar Brownies prepared and passed tests. L. A. members passed Golden Hand Brownies on tests for making pudding, knitting, skipping, semaphore. There was inspection of uniforms and clean handkerchiefs. Tweenies worked on tying a tie and braiding. Games were enjoyed, sing song. Meeting closed with Taps.

Euchre

Regular Euchre held weekly by Auxiliary to Canadian Legion branch 44. Tuesday, January 27. 1st prize, Mrs. B. Leonard; 2nd, Mrs. E. Geck; 3rd, Mrs. D. Moore. Mrs. O'Rourke, convener reports a very good attendance at the Euchres.

Home and School

Two very fine and entertaining films were shown when the Cobalt-Coleman Home and School Association met for their regular meeting in the Public school on Monday, January 26. These films portrayed underground mining at Broulan Reef Mines, in the Porcupine Area and underground mining in the fabulous uranium mining field in the Elliot Lake region. Both films were very worth while and educational. In the absence of the president, Mr. D. McGugan chaired the meeting. Mrs. Neddo played for the singing of O Canada. Minutes of last meeting were read and adopted. There were 38 members present. First item of business resulting from these minutes was a discussion on fund raising ideas. Mrs. Knight moved that the Home and School Association start a project towards supplying kindergarten with playground equipment. This was seconded by Mrs. Degager, a few suggestions were made but as nothing concrete was decided upon it was felt that the executive should have a meeting in the near future and bring back several definite ideas and plans for a fund

raising project. These plans would be submitted for approval by the association. The banner was awarded to Miss S. Smith's class. Bonus prize was drawn but the ticket holder was absent, therefore the amount will be \$3.00 next month. Mr. McGugan then announced that a battle of wits would be on. Grade 8 team comprised of Doreen Aird, Jim Taylor, Pat Slaght and Hal Spencer. The Home and School enlisted as their team, Mrs. H. Mallett, Mrs. D. Stanley, Mrs. A. Todd and F. Purdy. A very fine educational battle of wits ensued with Home and School winning by a very narrow margin, final score 15-14. Mr. Whitham thanked these very able and clever students for showing us all what they can do. Suitable prizes were given to all contestants. Meeting closed with the "Queen."

C.G.I.T.

The Sunshine Gals C.G.I.T. of Cobalt United Church held their regular meeting at the home of their leader, Mrs. A. Svekers, on Thursday, January 22. The worship service was conducted by Gail Stoughton. A sleigh ride party was planned for January 29, and a decision was made to extend an invitation to the Explorers Group of the United Church to join with them for this party. Meeting closed with Taps and Mizpah benediction.

85th Birthday

A number of relatives and friends gathered at the home of Mrs. Jessie Johnston on Sunday evening, January 25th to honor a well known and popular senior resident of Cobalt, in the person of Mrs. James Bowers.

Mrs. Bowers who is Mrs. Johnston's mother was celebrating her 85th birthday on Monday, January 26th, she enjoys very good health and is very active, seldom missing a bingo. The evening was spent playing bingo after which Mrs. Johnston served a delicious lunch which featured a birthday cake with candles and made by Mrs. Johnston. Mrs. Bowers received

two gifts one from an old friend Mrs. Wm. Ross, a former Cobalter, who is now in Nova Scotia and one from an old friend Mrs. Bob Burns, Morrisburg, Ontario. The relatives and friends who had gathered for this occasion decided instead of presenting Mrs. Bowers with gifts to present her with a cash token accompanied by a birthday card from each, so she could play more bingo, knowing she would enjoy it. Mrs. Bowers beside going to almost all the bingos in town goes to the market every Saturday morning where she meets many old friends, regardless of the weather, she is on hand to chat.

Rebekah Lodge

One visitor was welcomed, when Noble Grand, Sister Agatha Cameron, presided at the regular meeting of Silver Rebekah Lodge on Wednesday, January 28th in the I.O.O.F. Hall. There were twenty-three members present. Lodge opened in regular form. Routine business was dealt with. Sister Muriel Tresidder who reported for the sick committee, said there were a number of members families bereaved and also a number ill. Correspondence was dealt with and filed. Sister Greensides reminded the members of their donation for the Penny Sale to be held February 19th. Final arrangements were made for the annual party for Rebekah, I.O.O.F. and their families to be held on January 30th. A number of members thanked their unknown friends for cards, and a number also thanked the Lodge for flowers and cards sent during bereavement and illness.

Visitor Sister D. Stanley from Victory Lodge No. 161 B.C. was welcomed. Noble Grand Sister Cameron expressed her appreciation to the members who filled in for officers absent. Lodge adjourned.

The trouble with a chronic borrower is that he always keeps everything but his word.

WHAT HAVE WE GOT HERE?

You could guess it's an orebody surrounded by drill holes. And you'd be right!

It's the surface outline of a new Quebec copper deposit, and each of the dots represents a drill hole needed to ascertain its underground extension.

You'll say it has taken a lot of drill holes to get the whole picture and we'll say it did. Also, it has taken a heap of study to interpret the results. That's where The Northern Miner comes in, with its corps of engineer-editors. They interpret the results, put them into language understandable by any reader, yet adequate to the needs of technical men. And they are first with the significant drilling news because they're first on the job!

One drill hole can spell a million dollars, a hundred holes, many millions—and much new business and employment.

Get yourself right into the drilling picture by reading the world's largest mining paper.
