District Pioneers 50th Anniversary

Saturday night February 21 was the scene of a very enjoyable evening at the home of Mr. and Mrs. H. J. Hack of Browns Line in Alderwood, it being the occasion of the celebration of the 50th anniversary of the wedding of Mr. and Mrs. Ervin Craig of New Liskeard who were married in that town on February 19th, 1909.

There were five children as the result of their marriage. The eldest a daughter Cora, who later married Harold Barton of Coxwell Avenue, Toronto who have a daughter now Mrs. J. Allen, unfortunately Mrs. Barton passed away some years ago which left four boys, Harold of New Liskeard, Gordon of Oak Ridges, Howard of Lakeview and Clifford in Durham, England. They now are the grandparents of 14 children. Two live in England whom they have not seen yet but hope to see soon.

Mr. and Mrs. Craig are among the Pioneers of the north country both arriving here in 1902, traveling by boat from the foot of Lake Temiskaming to Haileybury. They both were present when the steel was laid for the railway which is now the Ontario Northland. They were here also when silver was first discovered at Cobalt.

Mrs. Craig was the eldest daughter of the late Mr. and Mrs. A. J. Faulkner of Haileybury. Mr. Craig's occupations have been quite varied starting in Haileybury as a clerk in a men's furnishing store.

After the disastrous fire of 1906, he took to carpenter work, and followed by accepting a position with the Dominion Express Company and culminating with being Agent at New Liskeard. Being moved from place to place and having no permanent home he gave up the job and returned to carpentry.

After being discharged from the Army in 1917 the family moved to Toronto where they spent five years, moving then to Alderwood where they lived for 17 years.

They then moved to a small farm at Richmond Hill where they lived for 5 years and finally ended up back north where they now live.

During the time the couple lived in Toronto and Alderwood, Mr. Craig spent seven years building greenhouses for the King Construction Co. He also spent two years at the Research Enterprises at Leaside.

Mr. and Mrs. Craig have a comfortable new home near New Liskeard and on completion of their visit in Toronto they returned to their home and with them they took the lovely gifts which they received from their many friends.

According to a survey of American Indians sponsored by the Canadian Cancer Society the mortality rate from cancer among Indians is only about half as great as with whites.

Cancer is the disorganized, unregulated growth of body cells. Although a great deal has been discovered about the nature of this growth, the cause is still unknown.
