

CASH FOR CANCER

FIGHT CANCER

with a check-up
and a cheque

This is the annual local appeal to residents of Haileybury, Cobalt, New Liskeard and Latchford and is being made by the Tri-town branch of the Canadian Cancer Society. On Tuesday, April 21, commencing at seven in the evening and finishing at eight o'clock, the canvassers for the Society will call at all homes in the four towns, asking for a donation to help in the fight against cancer. This will be your chance to help combat this dread disease. Give generously, it may be your own life you are saving.

Your dollar is a vital factor in the continued search being made by scientists for a cure or control of cancerous growths. Much has been learned since the Canadian Cancer Society started to finance research, and it looks as if the goal is in sight. Don't let us fail for want of funds "Cash for Cancer" is the slogan of the Tri-Town Cancer Society. Do your part.

Each branch of the Canadian Cancer society has responsibilities in addition to the annual appeal for funds — the preparing and distribution of cancer dressings is one of these. Each year thousands of these dressings are prepared by members of the branch, and distributed freely to sufferers. Your contributions make these services possible.
