Production Record At Gowganda Mine

Silver output at the mine at Gowganda, Ontario, of 1,267,393 ozs. for the year 1958 again established a new production record. Underground exploration and development was increased during the year and will be further accelerated in 1959.

Consolidated net profit was \$70,333 up from \$36,460 in the previous year. Consolidated surplus at \$1,310,459 showed a reduction of \$37,633 against 1957. A dividend paid during the year absorbed \$150,000.

Net liquid assets, including investments at market value, were \$2,226,417 as at December 31, 1958, increased from \$1,557,830 at the year end 1957. Part of this increase resulted from the receipt of \$260,954 from the sale of 359,937 of the Company's own shares to Conzinc Investments Limited.

Higher revenue, 29% above 1957, is reported for Siscalta Oils Limited in which Siscoe owns 57% of the outstanding share capital. Increased revenue is due, in part, to regular sales of natural gas to Trans-Canada Pipe Lines Limited from the Bindloss field. Proven oil reserves at 978,756 barrels and pipe line gas reserves at 43.8 billion cubic feet were estimated as at August 31, 1958, by a firm of independent oil engineers. Increased proven oil reserves result largely from successful wells in the Swan Hills field, Alberta, completed by Home Oil Company Limited.

Sales of MICAFIL insulating products from Siscoe's vermiculite manufacturing operations established a record and measures are planned for 1959 to improve production, storage and handling facilities in Montreal.

On May 8, 1958, Mr. J. B. Lynch was elected Chairman of the Board and Mr. M. F. Nicholson, Director and General Manager of the Consolidated Zinc Corporation of Canada Limited, became President.

After the massacre of General Custer and his regiment the Sioux Chief Sitting Bull and 5,000 of his followers fled north into Canada and lived here for five years.
