The Rambling Reporter

It pays to advertise. Last week's picture of Ernie Walton and his big catch of speckled trout had no sooner appeared in The Speaker than the same evening the shores of Bartle Lake were almost lined with fishermen, all trying to not only beat Ernie's catch, but also to get a strangle hold on The Speaker and Haileyburian \$15. The night was cold and so were the fishermen. Even Les Evans was out to try his luck — without avail. And while the fishermen have been quite numerous — at one time Vic Medland could not even get to his own dock — and didn't like it, the waters of the lake grudgingly gave up very few specimens. About two fish a day, except Friday when Terry Matheson got a couple in the morning and about two more were landed in the evening. Gordon Wallingford also was successful in landing a couple in two or three sessions. This week-end promises to be better — at least that is the hope of

some fishermen and they plan to take to the hinterland in search of the big ones. McKnight, Eastman, Spencer and Company have been out this week and bought new compasses and are planning on hitting the trail again, but not planning on duplicating last year's feat in getting lost. Reports are that they are getting Pete Proulx to ride herd on them, and if Pete keeps them in sight of his camp on Lake Animapissing they should arrive back home in one piece and not have too much to report. Other parties are planning on heading up in Divide Lake country. With luck, Ernie's three pound, seven ounce trout should be topped from top place—but not by me.

With a few more days of warm weather seeding should be quite general in Temiskaming, which will be somewhat earlier than last year. Farmers are reporting that the land is drying nicely and that with an early start a good crop is looked for. The rain on Monday may have delayed the start some of them were going to make, but then others were hoping for a nice warm rain to bring out the rest of the frost and start the pastures going again.

Europe here we come. There seems to be quite a number of Tri-Town residents heading for overseas this summer. To head the parade will be Roy and Winnie Anderson who are leaving about May 20th for almost six weeks. The last time Roy was overseas was just before he was married — sort of a last fling. He spent about six months on the other side of the pond and then returned and got married. Quite a group of New Liskeard Business Women are planning a safari this summer, with reports mentioning at least a dozen. Then a couple of W.I. members are also hitting the trail for England and the continent come early July.

Spadea's INTERNATIONAL DESIGNER PATTERN

At Ascot the races are only part of the picture. British beauties are a major attraction, and Ronald Paterson is their favorite designer. The reasons are obvious in this dress which can't fail to wrest a glance from even the most rabid racing fan. The bodice, fitted in front and bloused at the sides and back, has a high scoop neck and slight sleeves. A flat bow below the bosom tops a wide curved waistband, released darts make a graceful skirt. Printed silk or rayon, novelty cotton, shantung, crepe are all good materials. From this size chart select the one size best for you.

Sizes	Bust	Waist	Hips
10	34	24	35
12	35	25	36
14	36½	26½	37½
16	38	28	39
18	40	30	41
20	42	32	43

Sizes	Length*
10	16½ inches
12	16 3/4 inches
14	17 inches
16	17¼ inches
18	17½ inches
20	17¾ inches

* From nape of neck to waist.
Size 16 requires 3 3/8 yards of 39 inch material for dress and ¼ yard of 39 inch material for lining.

To order Pattern No. S-432, state size, send \$1.25. For Ronald Paterson label, send 25c. For new Jumbo 144 page International Designer Pattern Book B-C, send \$1.25. Address SPADEA, c/o Norman Hartnell (Canada) Limited, 214 Main Street, Toronto 13, Ontario or newspaper box number W-7. Please allow two weeks for delivery.

(Next week look for an International Designer Pattern by JOSET WALKER).

Newest Industry For Northland

Establishment of Ansonville's newest industry, Nosov-Pedskalny Limited, should result in the equivalent of 25 permanent jobs for local residents.

News came from the recently-formed construction firm's co-founder, Bill Pedskalny of Porquis, who said today that approximately 75 local people would be employed during the five month construction season this year, and about five employees would be hired on a permanent basis.

The firm, which plans to specialize in pipeline construction, holds a contract with Northern Ontario Natural Gas Company Limited for

construction of gas main extensions and service lines this year in the 17 franchised communities between Cobalt and Hearst.

Construction plans call for the installation of about 5,000 service lines — the small underground gas pipes which connect street mains with customer's premises — this summer. The project will begin early in May.

Construction is scheduled for Hearst, Kapuskasing, Smooth Rock Falls, Cochrane, Iroquois Falls, Ansonville, Matheson, Ramore, Timmins, Schumacher, Porcupine, South Porcupine, Kirkland Lake, Englehart, New Liskeard, Haileybury and Cobalt this summer.

The construction contract between the gas company and Nosov-Pedskalny stipulates that local labour is to be employed wherever possible on the project.
