

# Ranney - Stabler

A wedding of interest to Cobalt residents took place Saturday May 16th at 10 a.m. at St. Anne Roman Catholic Church, Mattawa. Fay Theresa Stabler daughter of Mr. and Mrs. A. Leblanc of Mattawa exchanged marriage vows with Richard Malcolm Ranney of Calander. Given in marriage by A. Leblanc the bride wore a lovely gown of peau de soie fashioned with a scalloped neckline, seed pearl and iridescent sequins embroidered bodice and lily point

sleeves. The skirt was very bouffant with bustle effect back. Her finger-tip veil was held with a rhinestone tiara. She wore the gift of the groom, a two strand pearl necklace and earrings. Her bouquet was a cascade of red and white roses. She was attended by Miss Anne Keon of Cobalt who wore a blue nylon tulle waltz length gown with matching head-dress and shoes. She carried pink carnations and corn flowers.

The best man was the brother of the groom. Following the wedding a reception was held at the Mattawa Curling Club where the

guests were received by the bride's mother who looked lovely in a beige lace dress with mint green accessories. She wore a corsage of tea roses. She was assisted by the groom's mother who chose a becoming dress of midnight blue with pale blue accessories and her corsage was tea roses. The young couple left for a wedding trip to Cape Cod. For travelling the bride chose a beige silk sheath dress with duster to match, beige hat and shoes, brown bag and wore a corsage of pink roses. On their return Mr. and Mrs. Ranney will reside in North Bay. Highlight of the reception was a poem read by

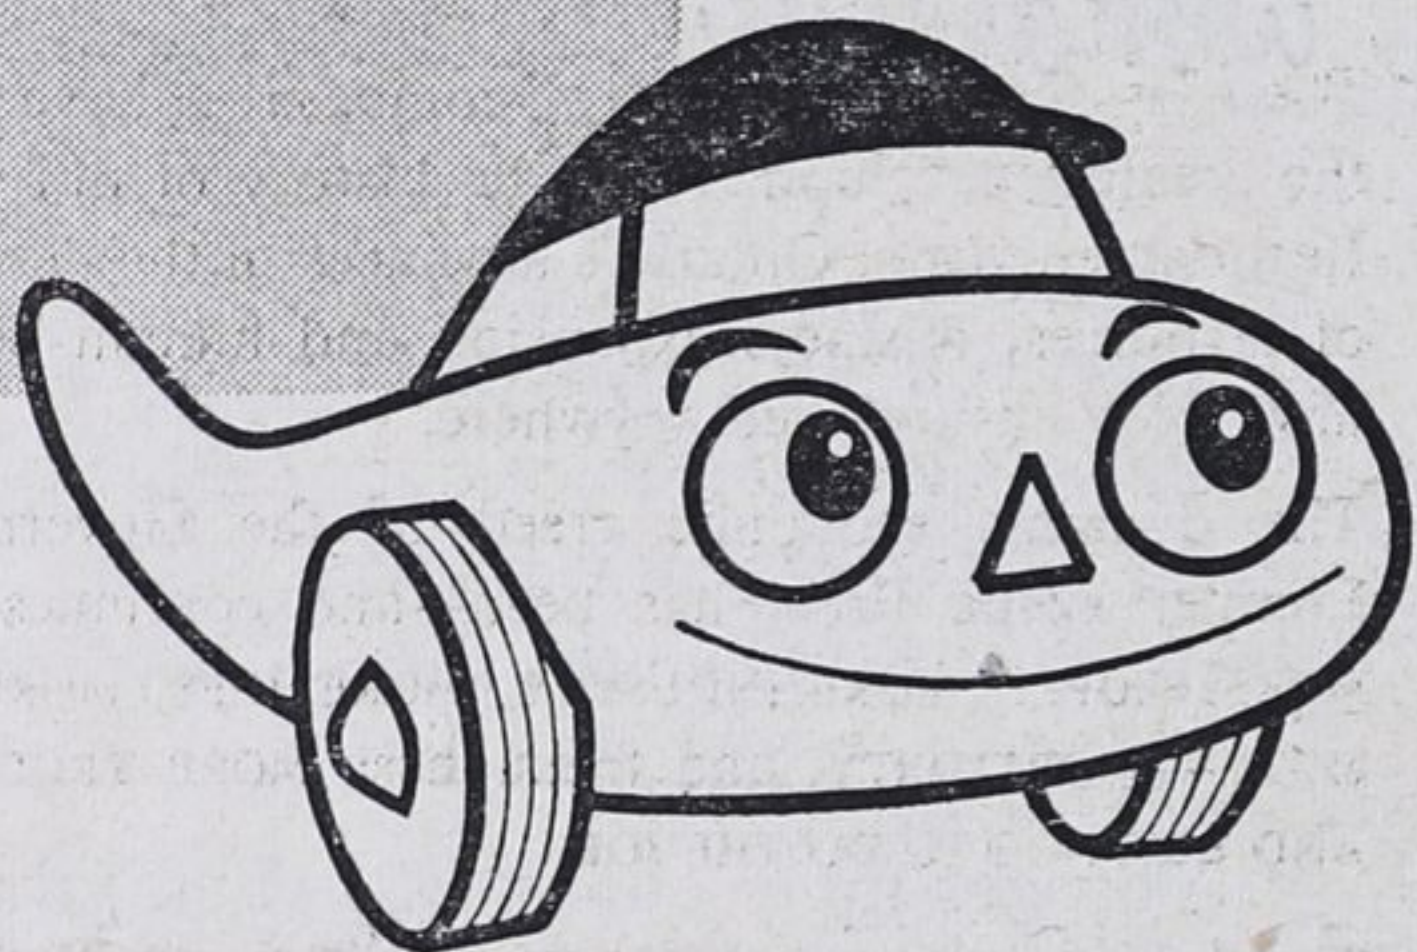

Len Selle which he had composed in the bride's honour. Numerous cards and telegrams also arrived from relatives and friends in England and Scotland. Guests attended from Sudbury, Manitoulin Island, Timmins, Iroquois Falls, Cobalt, North Bay, Virginiatown and Montreal.

In duckpin bowling the ball and pins are smaller than in standard bowling. The ball is five inches in diameter and weighs three pounds five ounces. The bowler is allowed three deliveries in a frame, rather than two.

# Fund Raising Easy For Burying Editors

An editor died after a lingering illness. His savings barely covered hospital and doctor bills, leaving nothing for funeral expenses. A friend, after soliciting funds all day, lacked only \$1 of having enough. Wearily, he said to a stranger, "Could you give me a dollar to bury an editor?"

The stranger pulled out a \$5.00 bill and said "Here — bury five of them."

"People have a right to know the Facts"

People have a right to know what goes into the making of good petroleum products. They value their automobiles. They must have confidence that the fuels and lubricants they buy will protect their investment. That confidence will come from knowledge of the capabilities and resources of BP Canada Ltd.

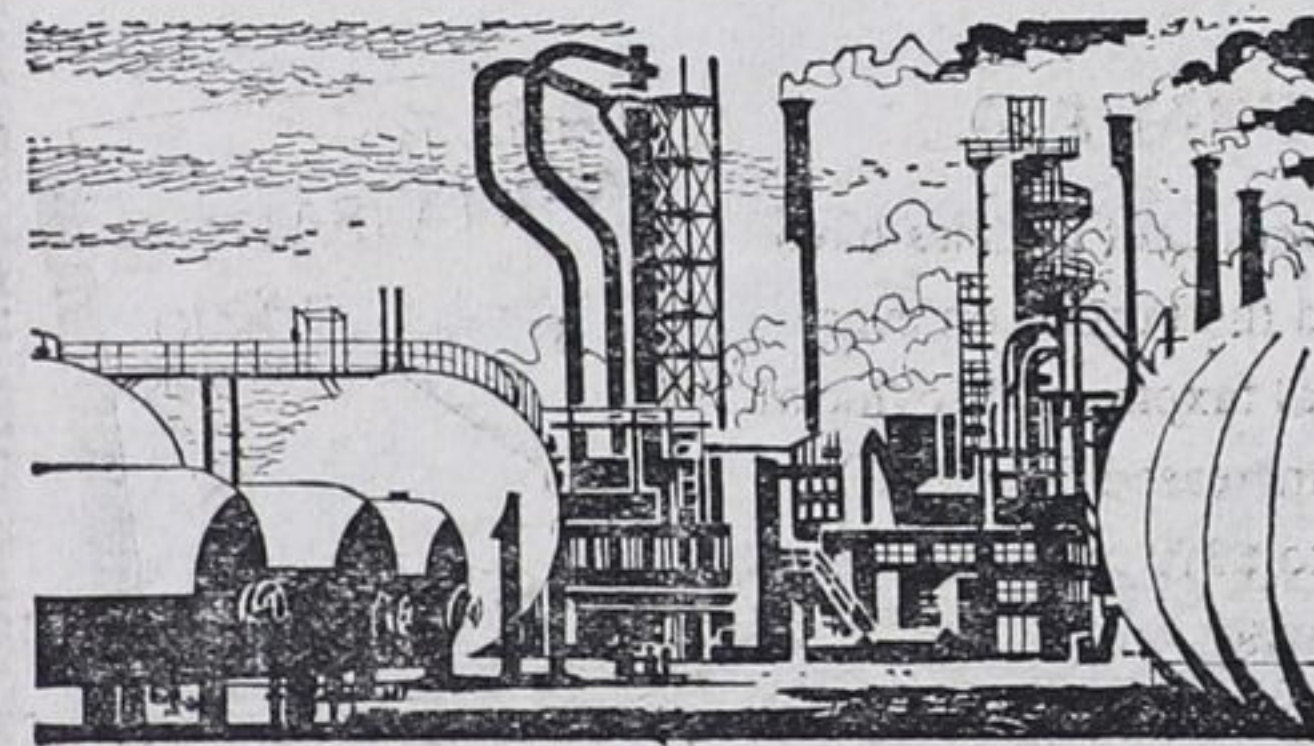

OVER ONE-TWENTIETH OF THE WORLD'S CRUDE OIL comes from wells producing for BP. With active wells in Alberta, The United Kingdom, Trinidad and the Middle East, BP is one of the world's greatest oil companies.

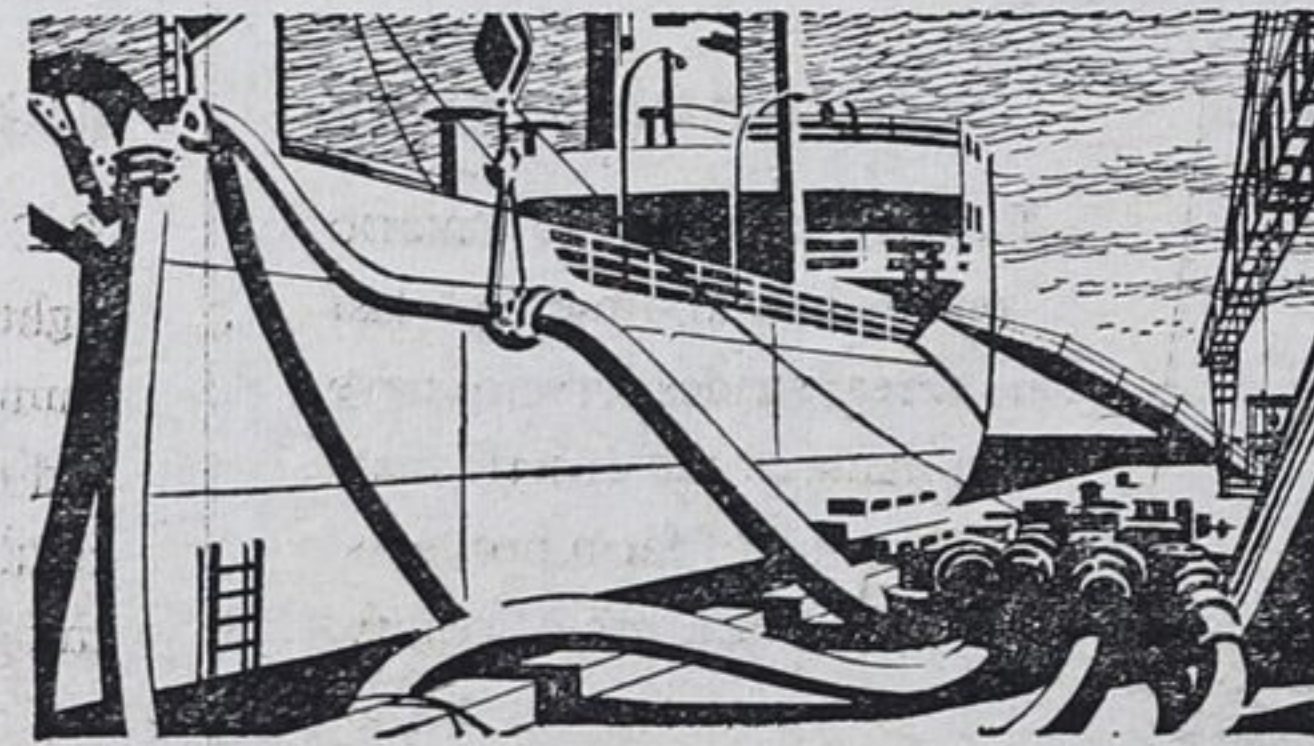

KEEPING PACE WITH INCREASING DEMAND for its petroleum products BP maintains a continuing search for further oil reserves. At present BP has interests in about 20% of the world's proven reserves of oil.

A PROGRAM OF RESEARCH, recognized as the finest in the industry, has resulted in the development of new and better BP petroleum products and processes. In addition, all products are subject to rigorous field tests.

THE TREMENDOUS OUTPUT OF BP REFINERIES is under precise control of the laboratories to ensure uniform production and high quality of product. 14 large refineries are in full production with 2 more under construction.

THE WORLD'S LARGEST SEAGOING FLEET of any kind, under one flag is owned and operated by BP. This assures a steady flow of crude oil to the refineries and finished products to the consuming markets.

TRAINING IN BUSINESS MANAGEMENT and servicing of cars is given all BP station operators in an award winning course. You can be confident that the man who serves you with BP products knows his business.

Back of all this equipment and activity is a dedication of purpose — that no one shall make a better petroleum product or provide a better service. Coupled with this desire to please is a genuine friendliness. You'll feel welcome at every BP station — we enjoy serving you.
