

O'Brien Residents Killed In Level Crossing Crash

Mr. and Mrs. William Joseph Devlin of O'Brien, near Gowganda, died of injuries when their car was demolished in a collision with the CPR's "Canadian" at the crossing at the entrance to St. Joseph's College moments before they were to enjoy a visit with their three daughters.

Mrs. Devlin was at the controls of the car at the time of the accident. The tragedy was witnessed by Pat Mitchell a student at the school.

The train slowed down quickly after the collision but the impact was sufficient to completely demolish the car and dragged it along the track for 100 feet.

The body of Mr. Devlin was found directly beside the car, he was killed instantly. Mrs. Devlin was found 70 feet from the point of impact, unconscious, but still alive.

Dr. Hendrick of Regina, a passenger on the train gave Mrs. Devlin immediate first aid until the ambulance arrived, when she was taken to the St. Joseph's hospital. She died later that evening.

Dr. E. J. Brennan, acting as coroner, pronounced Mr. Devlin dead.

City police conducted an immediate investigation of the fatality.

One of the most tragic aspects of the accident was that the Devlins were practically at the gate of the college, where their three daughters were waiting to see them. They had driven down from O'Brien, where Mr. Devlin was a mechanical superintendent. He was 59.

The Devlins are survived by seven children. Their sons, William, 20 of the Oblates' Seminary, Ottawa, and Thomas, 15, of St. Patrick's College, Ottawa. Their daughters are, Sister Linda Marie and Sister Patrice who are sisters at the College; Lucille, 16, a student at the college; Aileen, 22, a registered nurse at the Sault Ste. Marie general hospital; and Kathleen Barrett, 22, of Sault Ste. Marie.

Mrs. Devlin's mother, Mrs. Delina Lafrance, two brothers, Ernest Lafrance and Dolan Lafrance, and two sisters, Mrs. Lucille Whyte of Gowganda and Mrs. Alf. Laurin of Larder Lake also survive her.

Mr. Devlin has a brother and sister living, Alex T. Devlin, of Ottawa, and Mary Trudeau, of Ottawa.

Funeral services for Mr. and Mrs. Devlin were conducted at the Pro-Cathedral of the Assumption Wednesday morning at 10 o'clock. Interment took place in the family plot at Elk Lake.

Cohailis Ties North Bay

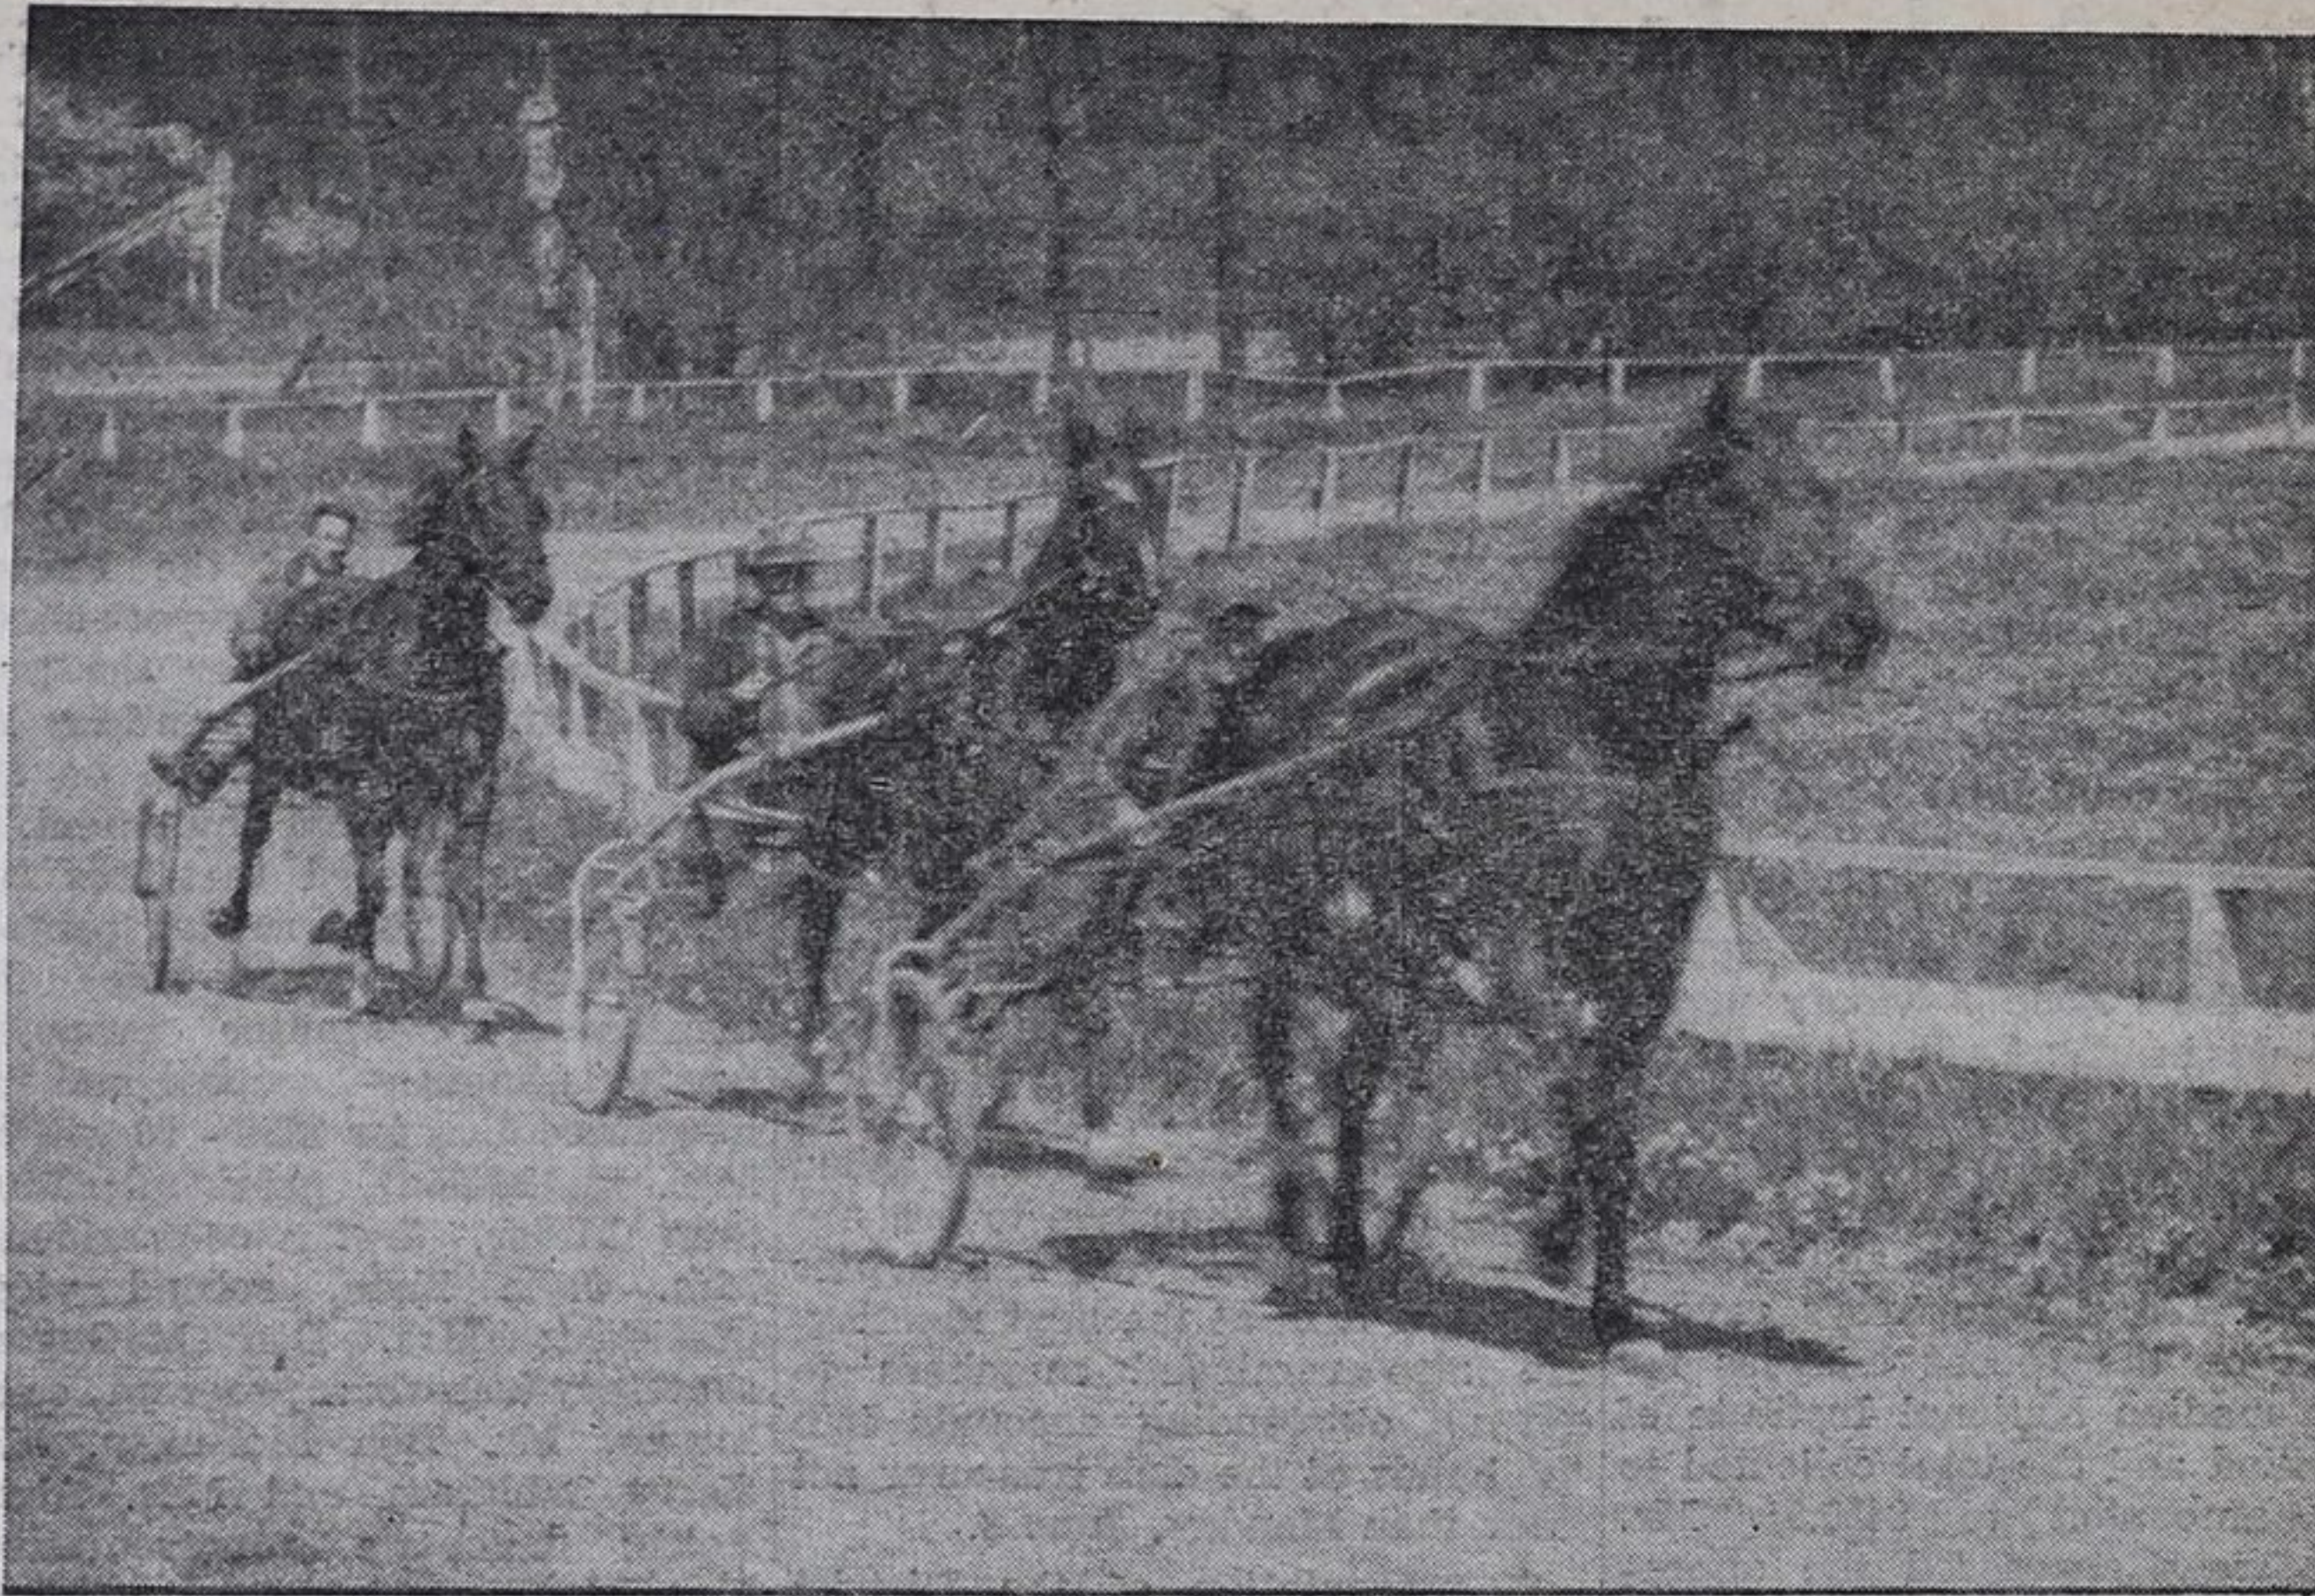

The New Liskeard Cohailis soccer team outplayed the North Bay Italians Sunday afternoon but had to settle for a one all tie as the Italians scored on a penalty kick

to tie the score late in the game. Hans Snakenberger played an outstanding game in goal for the Cohailis team stopping the visitors

cold in the second half as the Italians broke through the Liskeard defense on four different occasions only to be stopped by the

Liskeard goalie.

Next Sunday in North Bay the Cohailis team will play the highly rated Hungarian team.

New Liskeard Turf Club is planning an active summer of racing at the Beach half mile track, and some of the locals were out last Sunday morning sharpening up their standardbreds for the Wednesday night meet. Here three of the pacers are working up a lather in the bright morning sunshine.

Premier Leslie Frost in his Report to the People of Ontario 4th May, 1959.

"EVEN GREATER PROGRESS LIES AHEAD"

On June 11, the people of Ontario will exercise their democratic right to chart the future course of our province.

Before them will be the record of achievement of a decade of wise policies and sound management under the government of Premier Leslie Frost... ten years in which Ontario's advances in the development of resources, business expansion and human betterment on all fronts have been unprecedented in Canada or anywhere in the world.

Under Progressive Conservative administration, the stage has been set for even greater progress in the years ahead. The Premier has announced far-reaching and far-sighted plans for government action to continue and increase this dynamic development which has become the envy of the entire world.

The election issue is therefore simple and straightforward. The accomplishments of the past have been tremendous, but *even greater progress lies ahead*. It can and will be achieved only under these same wise policies and with the same skilled and steady hand at the helm of the ship of state.
