Political

(Continued from page one)

has based his campaign on the platform of his leader John Wintermeyer.

Access roads to expand the mining industry, lumbering and tourist trade to be made immediately is his promise; he also pledges a better deal for the farmers.

A. R. Herbert, member for the past two terms is campaigning on his record, and on the record of the Frost government.

Speaking at Latchford, Temagami and North Cobalt he challenged any previous government to

match the record of advancement made in Ontario under the Frost Government.

"Industrial development under the dynamic leadership of Leslie Frost has been phenomenal," he said, "and from the prosperous operations has come revenue to jump municipal grants for roads, schools, and other services. There has been nothing like it in the history of the country."

Mr. Herbert also said that the Frost government had won 12 bye elections since the last general election. A definite indication that the Conservative Party has the confidence of the people and will be returned in this election.

"I have worked hard for Temiskaming and Northern Ontario during my two terms in office," said Mr. Herbert, "and have been able to direct the government's attention to the problems of the north."

"There is no doubt in anyone's mind that a member of the government is better able to present the problems of the riding than any member in opposition," he said, "and if you see fit to return me to Queen's Park I will continue to work hard for the district."
