

Around the Square

Cobalt Guides

First Company Cobalt Guides met in the Community Hall on Monday, October 19, for their regular weekly meeting. Routine opening was followed. Genevieve Garreau acted as Camp Leader for the meeting. Quite a lengthy discussion took place on the Jubilee Inter Provincial Camps for 1960.

An article was read from The Guider magazine, pertaining to the new headquarters building which is being erected in Toronto. The report on the Taffy Apple Sale that was held on October 10, was very gratifying, the proceeds of this are to go to the headquarters building fund. Patrol boxes were checked and plans made for a Halloween party to be held on Monday, November 2. The meeting closed with Taps after which the Catholic Girl Guides went in a group to pay Father Kavanagh a short visit before his departure this week to take over the duties of his new parish in Kirkland Lake.

Legion Euchre

The convener of the regular Tuesday night euchres that are

held in the Legion Lounge reported only a fair attendance at the one on Tuesday, October 20. Winner of first prize was Mrs. Roma Cooper, 2. Mrs. B. Leonard, 3. Mrs. D. Moore.

Bingo

Mrs. Sarah Wink was the winner of the \$50 door prize at the Legion Bingo held on Friday, October 23. Winners of specials were Mrs. F. Chapman, Mrs. B. Leonard, Mrs. B. Peebles, Mrs. Hart of Haileybury; Mrs. L. O'Shaughnessy, Mrs. B. Jones, Mrs. Cobden, Mrs. Edwards; Mrs. H. Cooper; Mrs. M. Cunningham, Mrs. Upton of New Liskeard; Mrs. McBrayne of New Liskeard.

St. James WA Holds Fall Tea

COBALT — A delicate handmade ecru lace cloth graced the tea table for the Fall Bazaar and Tea held in the Community Hall in Cobalt on Friday, October 23 by the W.A. of St. James Anglican Church.

In the centre of the table, a large wicker Cornucopia spilled forth its bountiful harvest of colourful grapes, and other autumn fruits interspersed with the fresh green of pine branches. Tall pink candles and the lovely silver services completed the attractive setting.

Mrs. G. Lonsdale and Mrs. M. Southall presided over the tea table. Guests were greeted on their arrival by the President of the W.A. Mrs. I. Fildes.

Many tables were set up around the hall displaying a great array of baking, aprons and needlework, candy, "touch and take" Xmas novelties and one table of potted plants, featuring Shamrocks grown from seeds that were brought out from Ireland this year.

Mrs. A. Moore was in charge of

The Haileyburian Page 13

the plants, Mrs. G. Birnie, Mrs. E. Whitehead and Mrs. E. Othmer the produce, Mrs. Hickey and Mrs. E. Greensides the aprons and needlework, Mrs. E. Fenton the touch and take, Mrs. H. Smith the candy and Mrs. E. Geck looked after the Junior Auxiliary table of Xmas novelties until school was out and the J. A. could take over.

Individual tables were set around for the convenience of the guests. Fancy tablecloths, sprigs of pine and dainty lacy serviettes made these most attractive.

Tea conveners were Mrs. J. Burton and Mrs. E. Greening who also assisted Mrs. B. Verity, Mrs. M. Kelly, Mrs. L. Humphry, and Mrs. C. Saxton who were serving. Mrs. H. Armstrong and Mrs. H. Audette kept things running smoothly in the kitchen.

First Balloon Ascent

The flying machine is a fairly modern invention, but ascents by other means date back much further. For instance, it is 250 years ago this year since the first balloon ascent was made by Bartholomew Gusmae at Lisbon, Portugal.

Pulp and paper pays wages of \$500 million every year.

NOW... '60 CHEVROLET STURDI-BILT TRUCKS

WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION!!!!

Chevy's done the next best thing to paving every road in Canada!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day.

Brawnier bulldozer build!

They're tougher than any Chevy trucks ever made. Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for sheet metal.

More comfortable cabs!

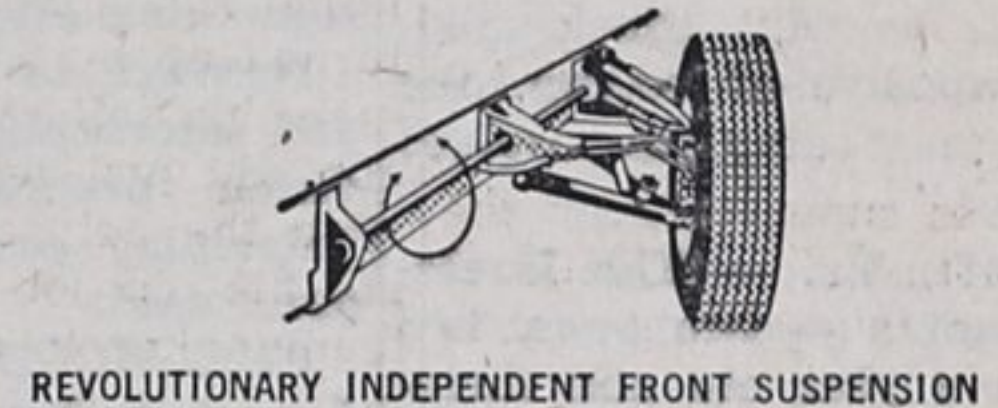

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips.

Big in the power department!

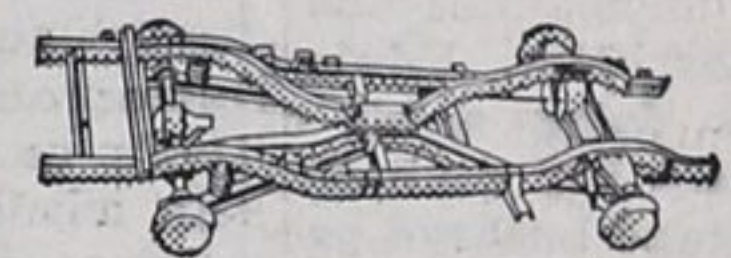

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in new L.C.F. models.

More models than ever!

New 4-wheel-drive models, tandems and high-styled Suburban Carryalls. It's the handsomest, hardest Chevy fleet ever to report for duty. See your dealer for the whole story, and be sure to take a ride!

REVOLUTIONARY INDEPENDENT FRONT SUSPENSION

STRONGER FRAMES - BIGGER BRAKES

ROOMIER COMFORT - FINE CABS

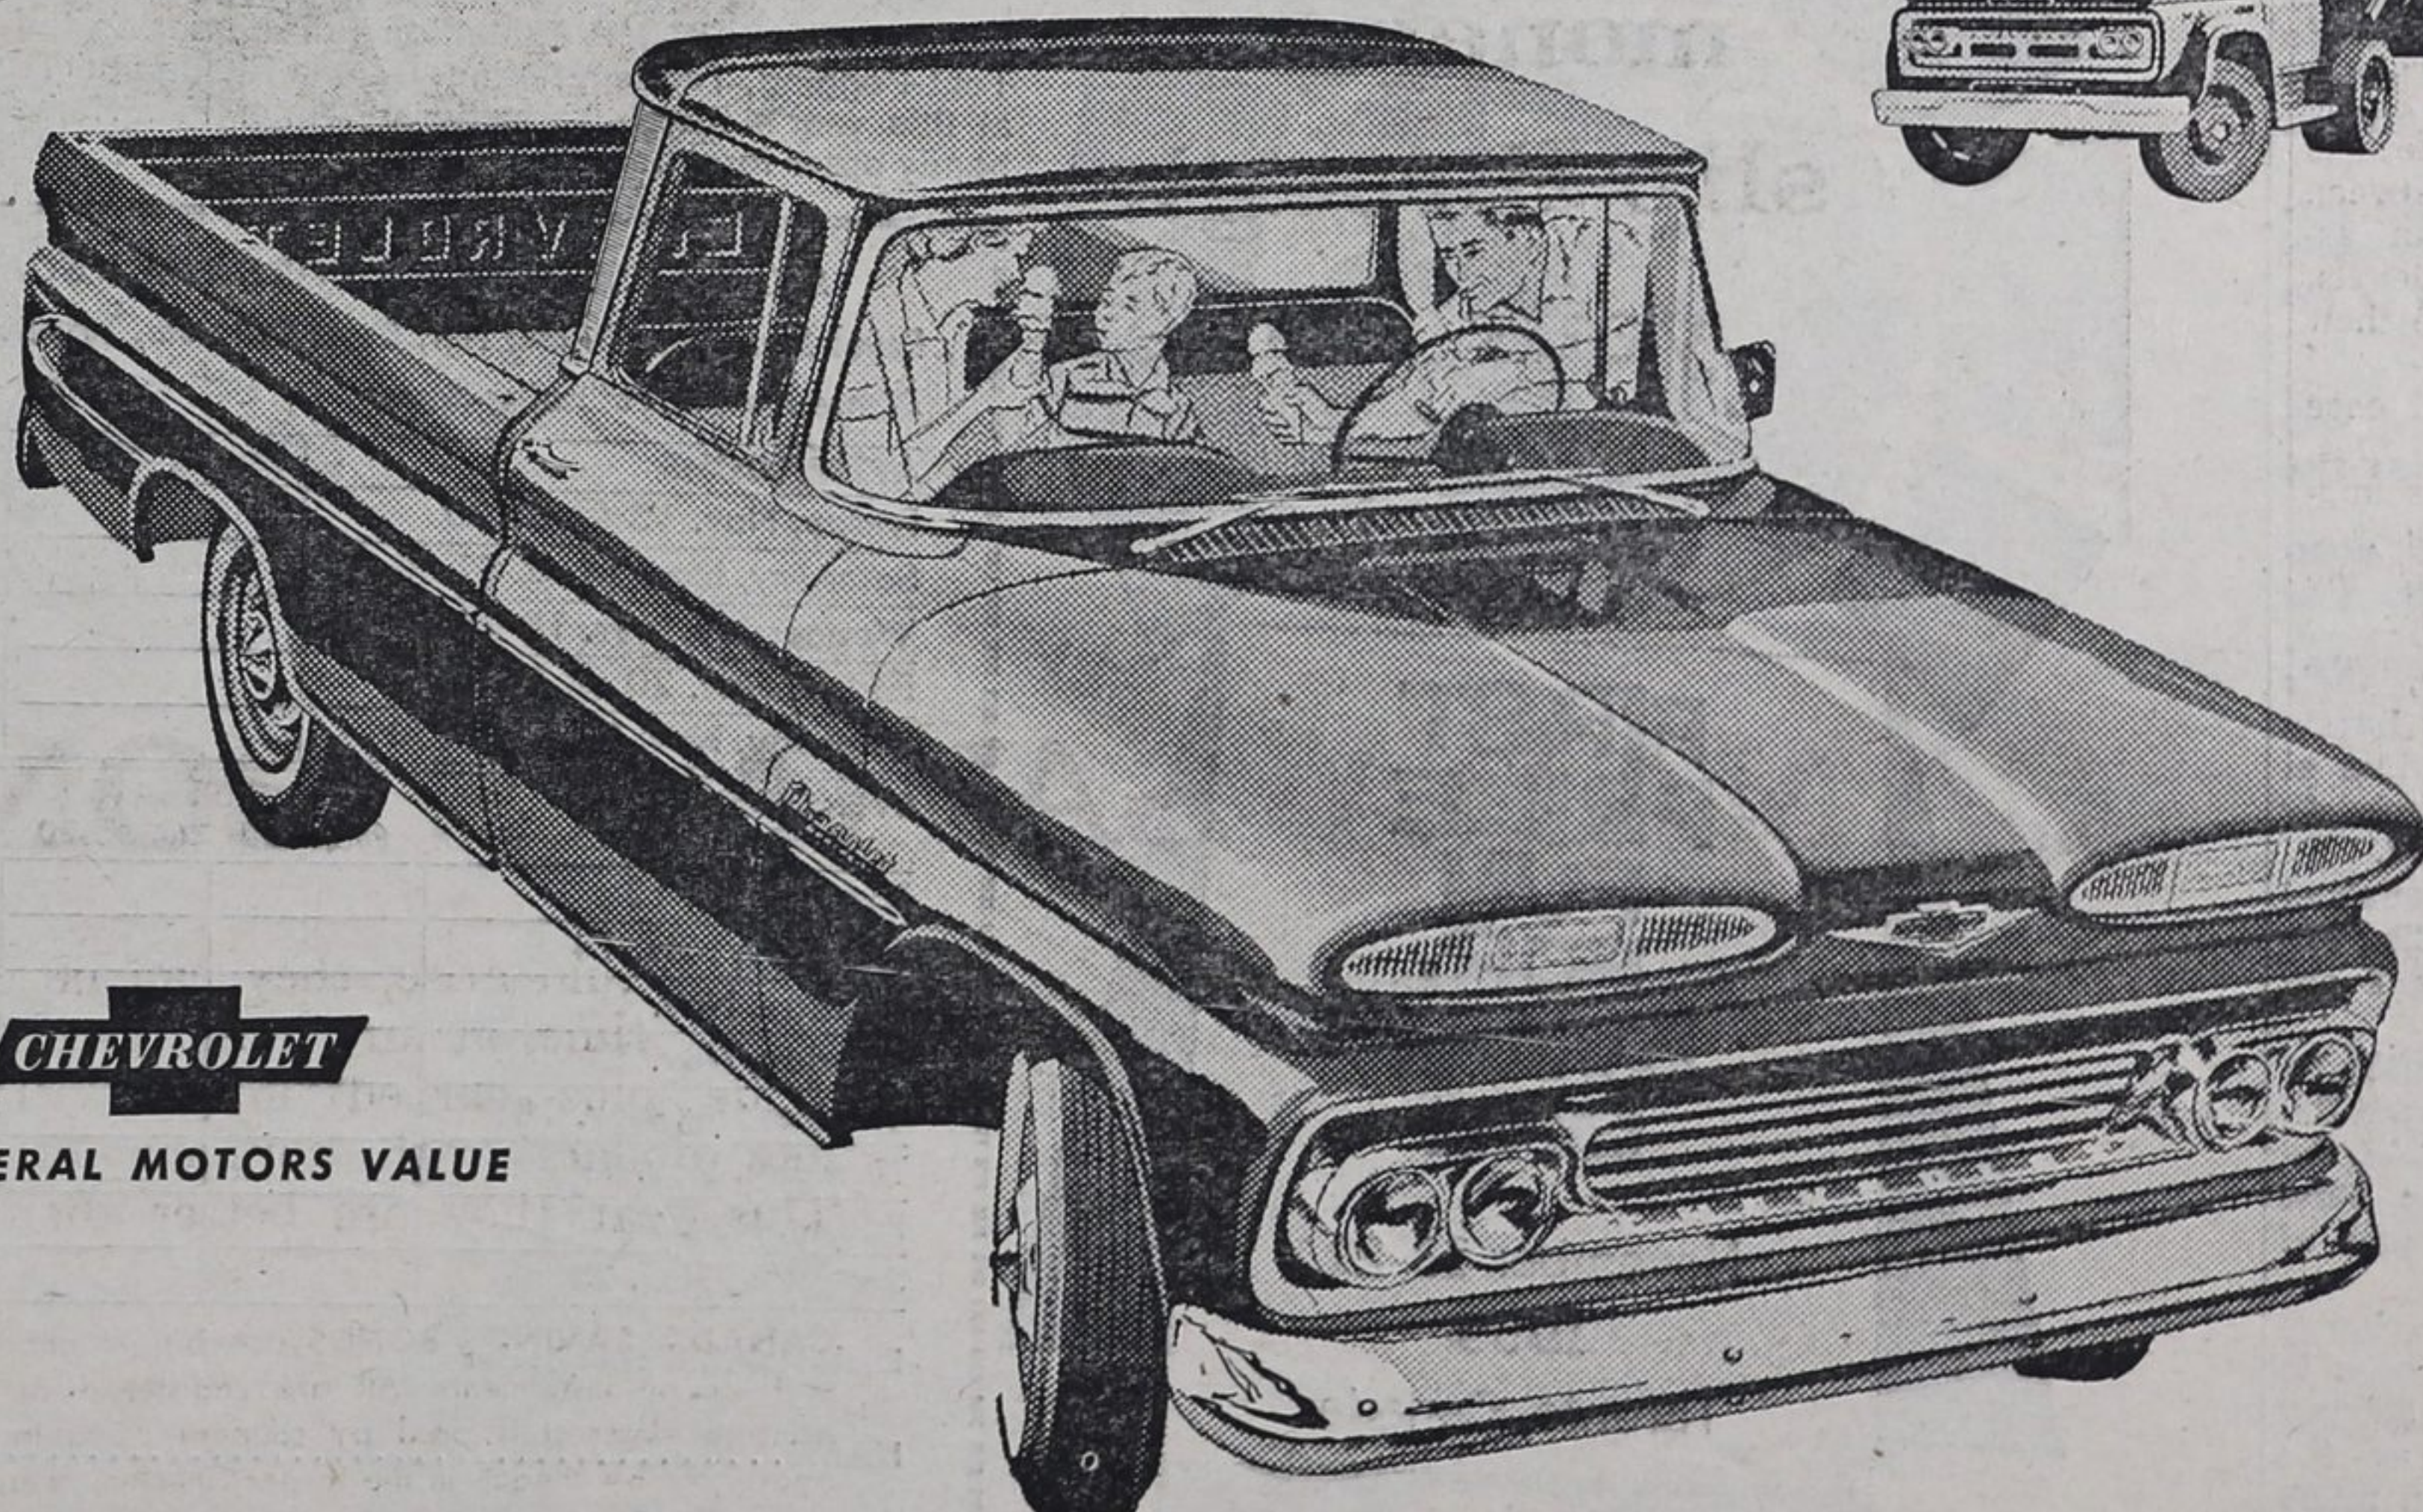

WIDER POWER CHOICE

GREATER MODEL SELECTION

Anything less is an old-fashioned truck!
