COBALT — About twenty-five members of the Friendship Group of Cobalt United Church travelled to New Liskeard on Tuesday, October 20 to share the fifteenth year birthday anniversary of the Group with the residents of Northdale

Mrs. Churchill, superintendent of the Manor welcomed the Cobalt visitors on their arrival and invited them to circulate among the residents and get acquainted. Margaret Rajala presided over the meeting in the absence of President Helen Mallett.

The worship service opened with the singing of "Sing to the Lord of Harvest" followed by a reading "Thanksgiving Guest" by Vera Cassidy. Margaret McDougall gave the scripture reading which was taken from 1 Corinthians, Chapter 9; 24-27 and ended in a short prayer. With the singing of "The Day Thou Gavest, Lord is Ended" the worship service ended.

and took the roll call. Alice Browne gave the treasurer's report and Esther McGugan, Card Secretary reported she had sent out several sympathy, get well and birth cards. Thank you notes were read from several people to whom cards had been sent.

Mrs. Duncan thanked the Group for the splendid job they did of catering for her Anniversary. Volunteers were asked for to help out at the Lions Club breakfast which the Friendship Group will be in charge of this week.

Mrs. Rajala mentioned that now when the church hall is available for meetings, members should make an all out effort for new members and each member is to bring one potential member to the November meeting.

It was announced that the paint for the kitchen cupboards in the new hall would be delivered on Thursday and that members who had volunteered for the job of painting would be able to start anytime after that.

A letter was read containing a questionnaire about the amalgamation of the different women's groups of the church. A motion was made that this be turned over to the Executive to deal with as they wish. The meeting adjourned

Wrecked cars and other evidence of a recent accident always attract a lot of attention. The Ontario Safety League points out that the curiosity that makes drivers crawl past an accident scene on a busy highway often delays and irritates hundreds of following drivers, thereby increasing the risk of further accidents.
