

Handbook Going to Every Canadian Home Clarifies True Choice For Free World

TORONTO, March 7 — In a nation-wide distribution through the Post Office every home in Canada will receive a manifesto which is clarifying for hundreds of millions of people across the world the issues created by the cold war.

A handbook, "Ideology and Co-Existence", prepared by Moral Re-Armament, will this week go to 4,300,000 Canadian homes. Patriotic Canadians determined that Canada play her part to put the free world on the ideological offensive have taken this initiative.

Canadians will join the ranks of 18 million families throughout Europe who have already received "Ideology and Co-Existence" which expresses the ideology of the free world in clear terms and presents an answer to Communism. It has gone to every home in Denmark, Norway, Sweden, Finland, Iceland, Holland and Switzerland. Within the next weeks it goes to 40 million homes in Britain, France, West Germany, Italy, Australia and the key areas of Asia, Africa and Latin America.

In this handbook are expressed the forthright convictions of world statesmen such as: M. Robert Schuman, former Prime Minister and Foreign Minister of France; Prime Minister Diefenbaker; Chancellor Konrad Adenauer; John Riffe, late Executive Vice-President of the CIO; US Admiral William H. Standley; and Dr. Douglas Cornell, Executive Officer of the National Academy of Sciences, Washington, D.C.

Moscow has attacked "Ideology and Co-Existence" in over 100 articles noting that "it is putting an end to the ideological softening up of the free world".

In Switzerland, General Henri Guisan, wartime Commander-in-Chief of the Swiss Army, wrote in a foreword, "Our country follows a non-committal policy in international affairs. On the ideological plane, however, neutrality can be dangerous, for refusal to fight for what is right plays the enemy's game."

In Cyprus former EOKA freedom fighters distributed the booklet by hand to every Greek home.

The German Foreign Office ordered 1200 copies for its officials. National distribution will follow.

In Holland, "Volkskrant", the official organ of the Prime Minister's Catholic Party, stated, "In an age in which statesmen from the West are negotiating with great difficulty with the Kremlin to achieve peaceful co-existence... when representatives of trade unions and parliaments hurry to Moscow to undergo friendly brainwashing — in this age Moral Re-Armament hoists the storm signal: co-existence is impossible... The Catholic community of Holland wholeheartedly subscribes to the present call."

Scandinavia warranted the all-out attack of Moscow when "Ideology and Co-Existence"

went to 6,700,000 homes in five Nordic languages. Earlier, Premier Khrushchev had been forced to cancel his visit to Scandinavia by a group of leaders who had planned a strategy to keep their nations free from totalitarianism. These same men again took the lead to distribute the handbook. It went to every home from the West Coast of Greenland to Finnish villages on the Russian border and the northernmost town of Norway's Arctic coast to the Danish German border. On the East Coast of Greenland it reached tiny villages and snow huts by dog-sled. In remote areas it was dropped in postbags from aeroplanes.

In Kerala, India, recently freed from a Communist administration, leaders of the liberation movement are giving their State a unifying idea. "Ideology and Co-Existence" was carried in full by twelve main newspapers and will go to a million families.

out that Church "Union" became a fact in that town in 1917 which was eight years before the United Church of Canada came into being. The present United Church there was also like Haileybury, built after the fire.

Mr. Robert McGill, the church treasurer, spoke of the needs of the churches to meet their current expenses and find resources to secure better heating plants for both churches. There are also the missionary appeals of our great church which we cannot and should not neglect if we are to be an effective Christian Church in the community.

Mr. James Watson, spoke on the needs of a canvass among our families to reach this objective goal of \$50,000.

His honour Judge J. B. Robinson, as the final speaker, spoke on the manner of making a pledge that would be worthy as a Christian witness in the life of a person in the Church and community.

The minister of the churches, Rev. C. E. Peacock brought the meeting to a close with a brief exhortation for all to do their best and with the Canvass Prayer and Benediction.

While the older ones were at the hotel their children, to the number of 103, were served supper in the United Church hall by the members of the Legion Auxiliary and entertained with movie films under the guidance of Mr. and Mrs. J. D. Rodgers.

Every night this week members of the two churches are visiting the homes of the church people seeking their commitment of Time, Talents, and Treasurer to their church.

The 1951 census reported that 1.9 per cent of Canada's population over ten years of age, about 166,000 persons, had never attended school and presumably were illiterate.
