

Cobalt High Has Annual Tea

COBALT — Cobalt High School Students' Council held their annual Tea and Bake Sale in the school on Saturday, April 30. The auditorium was a picture of Spring with its attractive decorations of tulips, daffodils and crepe paper.

The very unique 'tea bowl' was a quaint 'wishing well' placed in the centre of the room. Barbara Birch and Helen Dunning presided at the tea table.

This was very lovely with its cloth of ecru lace, and long, low arrangement of yellow mums in a blue bowl and tall blue candles which are the school colours. Tea assistants were girls from the Home Economics class.

The well stocked bake table was in charge of Carol Fenton, Carol Thibeault and Patricia Mercier while Evelyn Pickard looked after the sewing table. Mr. W. S. Lavery of New Liskeard had a table set up with a display of Spode china.

Hostesses were Misses Beverly Welch and Jill Buffam, who, during the afternoon welcomed and visited around amongst the guests.

Winners of the draw which students had been selling tickets on for the past few weeks were, first hammered aluminum casserole, Mrs. Ken Burton; second, aluminum tray, Mrs. John Hunt. The door prize was the floral centre-piece and this was won by Mrs. H. Rowdon.

Leo Labine Guest Speaker At Rotary Club

Leo Labine, Boston Bruins hockey star, whose career in hockey started on the rinks of his home town, Haileybury, was guest speaker at the Rotary Club dinner meeting this week, bringing out many items of interest regarding the National Hockey League and his participation in it's games.

Mr. Labine also informed the Rotary members that he would donate a trophy for annual competition, to be awarded for the best all-round athlete in Haileybury. The trophy will be in charge of the Rotary Club, under a committee composed of K. J. MacDonald, G. L. Cassidy and Rev. Leblanc.

The winner of the trophy, will be required to display it in his school rather than his home, for the year during which it is in his possession.

In introducing Mr. Labine, president Sam Hughes spoke of the enormous amount of free advertising that Haileybury receives when Mr. Labine's name comes up in the newspapers following the games he plays, as his home town is always mentioned too.

Masons Observe "McAulay Night"

On Thursday evening, May 5, local Masons observed their annual 'McAulay Night'. Since the death of Neil J. McAulay this has been a feature of the Haileybury Lodge, held as a memorial for a member who made a wonderful contribution to the Haileybury Lodge in particular and to Masonry in general. On these occasions, Past Masters occupy all the chairs and tribute is paid to Mr. McAulay's memory by officers and members alike.

On Saturday, May 7, a Masonic School of Instruction was held, covering the district from Cobalt to Elk Lake and New Liskeard. The meeting was under the direction of W.M., H. C. Coull, with A. S. R. Easey, DDGM of North Bay, as the presiding officer.

The sixty members present enjoyed a banquet at the Hotel Haileybury at six o'clock, after which the evening session continued until 10:30.

Ladies Win In Ice Contest

Once again Lake Temiskaming is open for navigation and this year three persons were lucky enough to pick the correct date, May 4th, as laid down by the oracle, Neil Fleming. And so three ladies, (the men didn't have a look-in at all), Mrs. W. Woodrow, 220 Colborne St., West, Orillia; and Mrs. C. R. Plaunt, and Mrs. H. Hurteau, both of Haileybury, will go a year's subscription each to the Haileyburian, with the congratulations of the publishers and a wish for "better luck next time" to those whose guesses were incorrect.

Maybe we should have had a contest on "how many feet is the lake going to rise?"

And again this year, Mrs. Ruby Stevenson's Grade V class in the Public School conducted their own private Ice Contest, each contributing a few pennies to a common fund to go to the one who guessed the correct date.

Gail Gibson was the one and only pupil with the correct date of May 4, and has won the sum of \$1.50.

Northern Floods — Bear

Animals as well as humans are having trouble with the northern flood waters. Last Tuesday as Jeff Lamothe was returning from Elk Lake he saw a bear, evidently just aroused from its winter hibernation, struggling in a flooded ditch along the highway. It floundered and drifted in circles for almost three hundred feet before it finally found enough secure footing to crawl out, exhausted, by the side of the ditch.

Mr. Lamothe said he threw it some food he had in the car, but when he finally drove on, it was still more interested in resting than in eating.

Delegates Attend Annual Meeting

Mrs. C. E. Peacock, Mrs. H. Pickard and Mrs. W. C. Arnold were in Noranda recently to attend the 34th annual Presbyterian meeting of the United Church, when Mrs. G. E. K. Highlights of the Toronto conference were given by Mrs. G. Edwards and Mrs. N. O. Webb of Englehart.
