Haileybury Beach Open to Swimmers

The Haileybury Beach sponsored by the Town of Haileybury and governed by the local Recreation Commission officially opened July the first. From this time until the last day in August the Beach will be supervised by one Red Cross instructress and two life guards holding their Red Cross senior swimmer and bronze medallion respectively. The hours of supervision will be from 9:30 a.m. until 6:00 p.m., seven days a week.

Red Cross swimming classes will be held for beginners, junior, intermediate and senior swimmers. Also, if desired, lessons will be taught to swimmers interested in obtaining Bronze Medallion or Award of Merit from the Royal Life Saving Society. Artificial respiration will be taught once a week on Wednesday evening from 7:30 p.m. until 8:30 p.m.

No child under six years of age will be allowed on the beach without a parent or someone competent enough to be held responsible for the child's safety. If certain children below the age limit persist in coming to the beach, the local police will be called in and the child taken home.

Further, non-swimmers should not attend the beach without a person capable of taking care of them except at the time of their swimming lesson. Lessons will not be taught to any child who is not six at the beginning of the month of July.

All adults who are interested in learning to swim have only to

contact Cathy Neelands at OS 2-3238 or at the Beach and times will be arranged at which they may also learn to swim.

We urge all parents to co-operate with us throughout the following two months of the swimming season.

Post Script:

Due to the present condition of the beach, swimming lessons will not begin until a later date. The date will be advertised.

Catherine Neelands,
Red Cross Instructress

North Chambers Planning Festival

The Associated Northland Chambers of Commerce met in Haileybury Hotel on Tuesday evening and received a progress report on the five day Summer Carnival planned for the area at the end of this month.

Representatives were present from Chambers in Temagami, Cobalt, Haileybury, New Liskeard and Ville Marie. Elk Lake was not represented at the meeting, but forwarded word that their organization planned to participate in the district Jamboree.

Temagami and New Liskeard had advanced planning for the project, and the other municipalities were not lagging far behind. Reports indicate that the program will include spots of interest for all ages and tastes.

There will be swing bands for the teenagers, Go-carts and harness racing for the sporting types, and fishing for those who like to spend their time on the water.

The program will also include the Water Carnival at Temagami, Cobalt's Bass Lake Annual, Elk Lake's Water sports, miners' sports at Cobalt, and a Sports Day at Haileybury. Ville Marie has not yet completed its planning, but the pretty little town on the other side of the lake is noted for its ability to produce a top quality carnival.

The committee gave a green light to the erection of a sign south of North Bay to advertise the district and its attractions.

Members of the special committee will meet again next week

Two Timmins men were dragged out of this car when it rolled upside down against the wall in the background. The accident occurred Tuesday evening at the splint factory on Highway 11 south of New Liskeard.

N. O. D. A. Expands Many New Members

Continued expansion of the Northeastern Ontario Development Association is predicted by Mayor W. Barr, who is president of the organization. Mr. Barr told the Speaker that fourteen new members, including seven municipalities that have never belonged to the association and seven that have re-joined, have indicated they will support the association this year.

It is expected that total membership will reach 49. Assessment fees based on seven cents per capita have been received from 35 members to date.

Mr. Barr said that the staff of the Northeastern Ontario Development Association will be increased by the addition of two men during the next two years. It is planned to engage the first assistant to the General Manager effective April 1st, 1961. The second man would be engaged during the year 1962. Recommendations of the Executive Committee for reorganization of the administrative setup of N.O.D.A. were adopted by unanimous decision of the Board of Directors. In his statement, Mr. Barr stressed that the need for economic feasibility studies, market analyses

and other similar work by the Association, warrants the addition of staff. Plans also call for the engagement of a writer or public relations man to produce feature articles on various aspects of the economy of the region and also

Pro Golfer

Dr. G. S. Wallace, chairman of the Nurses' Residence campaign announced to-day that Al Balding, top Canadian Professional Golfer, will play at the Haileybury Golf Course in the near future.

Proceeds from the exhibition will be used to help the Nurses' Residence Fund. The date of the game will be announced later.

Real Crazy

As we went press to-day, the Club 60 marathon dance was still going on. Eight couples started dancing at eight o'clock Wednesday night and at ten o'clock this morning two couples were still there.

The marathon has resolved into a battle between Cobalt and Liskeard. Howard Evans and his partner Giselle Piette are carrying New Liskeard banner. Pat Slaght (Junior that is) and Fay Bigelow are jitterbugging like mad for dear old Cobalt.

That's right, they're still all jitterbugging, real crazy man, just crazy.

High School Promotions

Promoted to Grade X

Note (H)—Honours; (C)—Conditional.

Black, Murray; Elomaa, Elaine; Hargrave, Lynn; Hough, Paul (H); Houghtling, Earle; Lavallee, Arthur; Macdonald, Sally (H); McCarty, Dennis; Olson, Ronald (H); Perry, Philip; Ross, Bob (H); Sauve, Darlene; Childs, Beverley; Culhane, George (C); Gilkes, Vicki; McFarlane, Sheila; Mahon, Brian (C); Perry, John; Rutt, Sandra; Kenty, Cheryl; Menzie, Margaret (C); Nielsen, Carl (C); Russell, Wayne (C).

Promoted to Grade XI

Camsell, Janet; Cranston, Fred;

Girard, Michael; Groom, Emerson; Groom, Jack (H); Hennessy, Donna (H); Herbert, Dennis (H); Houghtling, Barbara; Jenkinson, Dwight; Lendt, Raymond (C); Macpherson, Karen; Neelands, Thomas; Plaunt, Marion; Thomson, Ian; Visser, Robert (H); Westlake, Harvey; White, Betty; Wiseman, William (C).

Promoted to Grade XII

Black, David; Champagne, Patricia; Doran, Rodney (French); Gibson, Judy; Grozelle, Robert (French); St. Cyr, Real; Mikkola, John (H); Humphreys, Barbara; Johnson, Ross; McIntyre, James; Smallman, Sheila (French, Latin); Belanger, Fern (Physics); Cavanagh, Aine; Carter, Freeman (History); Todd, Herbert (Geometry); Willard, Gail (History).

Secondary School Graduation Diploma

Camsell, Barbara 5 options (Science, Maths, Latin, French, Music).

Carlson, Carol 3 options (Latin, French, Science).

Mahon, George 3 options (Mathematics, Science, French).

Olson, Anne 4 options (Mathematics, Science, French, Latin).

Pelangio, Carolyn 4 options (Mathematics, Science, French, Latin).

St. Louis, Erna 4 options (Mathematics, Science, French, Latin).

Brown, Robert 4 options (Mathematics, Science, Latin, French).

Grozelle, Lynda 3 options (Science, Latin, French).

MacDiarmid, Robert 3 options (Mathematics, Science, French).

Stevenson, Judy 3 options (Mathematics, Science, French).

Whitby, Sally (Honours) 4 options (Mathematics, Science, French, Latin).

Watson, Wayne 3 options (Mathematics, Science, French).

(Abraham, Norma (History II— all other papers passed).

What is probably the youngest group of students studying geology in the province are pictured here at their last session before the summer holidays. The class comprise some 40 students in grade four of the Cobalt public school. Mining claim inspector Paul Hermon of Cobalt is giving them basic instruction in geology, with the blessing of the Ontario department of mines. Above, the youngsters are gathered round an outcropping of conglomerates. Ten prizes have been donated by the department to encourage outstanding students.
