

Jeunesses Musicales Start New Season

At a recent general meeting, Jeunesses Musicales of Haileybury resumed their activities for the 1960-61 season. A committee was appointed to direct the organization; they are as follows: A. Larocque, president; Ed. Legault, vice-president; Theresa Cote; treasurer; Annette Murphy, secretary; councillors: Roland McMahon, Lucille Parent, Jeanine Morris, Andre Parent, Cecile Larocque, Raymond Gosselin, Anita Gaboury, Rheel St-Cyr, Marie Denommee, Roger Grignon, Rachelle Gelinas, Jean-Paul Lessard, Eveyne Rivard.

The above persons each took their assigned places in five different committees such as funds, publicity, recreation and musical education.

On August 21st, a group of five delegates attended the celebration of the 10th Anniversary of JMC at the Musical Camp in Magog, Que. This event was marked by the opening of a new concert hall, in which was given a recital of high

calibre by well known artists such as Victor Bouchard, Renee Morisset, Ronald Turini, pianists, Raoul Jobin, tenor with the orchestra under the direction of Sir Ernest McMillan and Sylvio Lacharite.

The JMC campaign will be launched this year from Sept. 19 to the 30th. The public will have the opportunity of hearing on Oct. 24th: Jacques Verdon, violinist, and William Stevens, pianist; on Nov. 28th, an opera from the well-known Canadian composer, Maurice Blackburn, "Une Mesure de Silence"; on Jan. 23rd, Pierre Bourque, saxophonist and lastly, on Feb. 27th, the renowned chamber music orchestra of Paul Kuentz, coming directly from Paris.

The following persons are responsible for the sale of tickets in their respective towns: Cobalt, Gerald Mino, Tel. 4211; North Cobalt, Claude St-Cyr, Tel. 3304; Haileybury, Roland McMahon, Tel. OS 2-5376; New Liskeard, Celine Mino, Tel. MI 7-6355; Earleton, Mme. Beaulne, Tel. 20.

Chess Club

Haileybury Chess Club is preparing for the winter season and draw master Cliff Lowery is anxious to arrange the first tournament. Experienced players or newcomers who want to learn the game are welcome at the Wednesday evening sessions in the Hotel Haileybury.

During the summer months teams from Haileybury took part in tournaments with the Kirkland Lake Chess Club and the Sudbury Club, and it is hoped to have strong teams ready to take them on again in the near future.

At July 31, 1960, 536 million bushels of wheat from previous years' crops remained in storage in Canada.

Connelly - Loach

Robert A. Connelly of Smooth Rock Falls and Rose Helen Lillian Loach of New Liskeard were united in marriage recently. St. Andrew's Presbyterian church in New Liskeard was decorated with asters and snapdragons for the event, and the Reverend T. A. A. Duke officiated.

The groom is the son of Mr. and Mrs. Arnold Connelly of New Liskeard and the bride is the daughter of Mr. and Mrs. Alma S. Loach of New Liskeard.

Mrs. W. S. Carr was organist for the services and Will Hastie of Kirkland Lake and Wayne Lajoie of Noranda were ushers.

The bride, who was given in marriage by her father, was attended by a bridesmaid, Miss Francis Bennett of New Liskeard. Her niece Patricia Loach was flower girl.

The groom was attended by his brother-in-law, Norman Watson of Kirkland Lake.

The bride wore a full length gown of nylon and acetate lace and nylon net over rayon taffeta with long lily pointed sleeves. The neck of the bodice was adorned with sequins. She wore a veil of tulle, and a bridal crown with drop pearls. She carried a cascade of red rose buds and lily of the valley.

The bridesmaid's dress was yellow nylon net over satin with a white hat and gloves. She carried a nosegay of white and blue mums. The flower girl wore blue nylon taffeta and carried a nosegay of yellow baby mums.

For travelling the bride donned a blue embossed nylon dress with matching blue coat and white accessories. The couple will reside at Smooth Rock Falls.

The bride's mother wore a dusty rose nylon jersey dress with white accessories and a corsage of white baby mums and pink rose buds.

The groom's mother wore a beige knitted dress with brown accessories and a corsage of yellow rose buds. Many out of town guests attended the wedding.

Seat Belts Important In Plane and Auto

Seat belts in cars cost money which is one superficially good reason why people do not go for them. Belts also take a second or two to buckle into position . . . and many people believe their time too precious to squander in this way. So by and large, seat belts are not put in very many cars; and those that are installed, are often left unused.

However, the Ontario Safety League would like the public to look a little beyond these two objections to belts, to see if some of the benefits might not outweigh the disadvantages.

Here is the outstanding advantage. Seat belts offer about 60% reduction in the risk of injury arising from a car accident. Yes, as high as 60%! In a study made by Cornell University, it was found that in cars without seat belts involved in an accident 75.5%

of the occupants were injured. In cars where belts were in use at the time of the accident, 29.9% were injured. Applying these percentages to Ontario traffic accident figures suggests that, if seat belts were in universal use, of thousands of personal injuries a year would be avoided in the province. That's a lot of injuries; and the subject deserves a lot of consideration.

The League unreservedly recommends the use of seat belts in cars. They could save any person who reads (or hears) these words from death, of painful and disfiguring injuries. But seat belts are no antidote for carelessness, nor can their use alone prevent traffic tragedy. Belts and other comparable safety devices help tremendously to reduce the severity of accidents. The finest safety device will always be . . . a good driver.

LANSING, Mich. — A thief assumed the burden of wealth here — about 60 pounds of it, all in a red plastic basket.

The basket contained an estimated \$600-\$800 in nickels, dimes and quarters. It was taken from the back of a truck driven by Zob Walters, 25, who was collecting the money from coffee vending machines.

Walters' truck was parked in front of a bar, where he was making a collection, when the culprit struggled off with the change.

Duck hunters for the sake of safety should locate their blinds at least 150 yards from other blinds. Double that distance is even better. Duck hunters should never fire in the direction of other blinds. Wait until your bird is clearly out of the path of other blinds, before pulling the trigger.
