Vandalism

Vandals caused damage in the New Liskeard Public School during Monday night that amounted to hundreds of dollars.

Breaking into the school they smashed the glass panel in every door leading to classrooms. They then used an iron crowbar taken from the boiler room to force open each teacher's desk.

They stole about \$300 in cash, mostly money collected from the students towards the school liability insurance plan.

The 700 students were told to wait outside the school while Corporal Ted Dunnett checked the building, and someone spread the story that there would be no school Tuesday.

As a result the teachers faced almost empty classrooms for several hours, before the children could be rounded up.

Infant Dies

Pauline Tessier, infant daughter of Mr. and Mrs. Roger Tessier, New Liskeard, died last Friday in a tragic accident in her Jaffrey St. home.

The little girl was playing around a bunk bed which she shares with her twin brother Paul, and it is believed that she pulled the ladder over and caught her head between a rung and a small table.

The child was discovered by her mother, Mrs. Clemente Tessier who went to the bedroom to investigate the noise made by the falling ladder.

Dr. A. C. Farlinger rushed to the scene of the accident, but there was no help possible for the little child. In his official capacity of coroner, Dr. Farlinger said there would be no inquest.

Fresh Fruit

On September 27, Charles Eplett wandered into the printing plant with a nice big leaf of rhubarb wrapped around a handful of strawberries, raspberries and wild plums he had picked in one of the local gardens.

It looks as though the Niagara fruit belt has moved up to the 48th parallel.

Events at the Academy

By DIANE ROBERT

Two weeks have gone by since the opening of Saint Mary's Academy. Gradually all new pupils are getting accustomed to the rules of the Academy and everyone admits that the two weeks of labour have just fled.

Last Sunday all new students were initiated and entertained by former pupils. Games and tricks were played and all those chosen were brave enough to face the trial. In return the new pupils will show their savoir-faire, Sunday the 25th.

Sister Madeleine du-Rosaire has re-organized teams for basketball and volleyball. In volleyball Grade IX girls have defeated Grade X girls Saturday. They are now preparing to meet Grade IX pupils from Holy Cross School. Tennis, badminton and shuffle board can also be enjoyed by the students if the weather permits. If I may judge by the number and ability of our sportsmen, this year will prove to be "a year of sports".

Even if the weatherman seems to be against us, we still hope to have favourable weather for our annual outing.

The French association, the A. J. F. O. has been active since the beginning of the year. A meeting was held on Sunday and the president, Diane Robert, welcomed all new members from Grades eleven, twelve and thirteen. Each and every member agrees to con-

tinue the great work begun by former pupils.

Briefly, the Academy possesses everything to favour moral, intellectual, and physical growth.

New Members For Art Group

COBALT — Seven members of the Cobalt Art Group saw interesting films at the home of Mr. and Mrs. Don McGugan on Wednesday, September 21.

The first film entitled Canadian Landscapes, followed the artist A. Y. Jackson through Northern Ontario and Quebec. The following five films were on clay work and pottery showing the vivid colours of the glazed pottery.

The Art Club will be meeting as usual in their room in the Inch building commencing October 5 at 7 p.m.

All interested in any form of Art are invited to these meetings and it is the hope of the Club that many people will come out to their meetings, visit with them and perhaps become a member of their group.

In net value of production the manufacturing industry in Manitoba now accounts for more than twice the value of that province's agricultural output.
