Library Notes

There are a great number of new books in the library this week. Among them, "Food for Contours" by Robert Graves is a collection of poems, short stories, and essays by the English poet. In it are included two speeches he made about poetry and the poet. These speeches give a delightful new dimension to anyone's perception of life and art to-day.

"Voice from the Attic" is a collection of essays by Robertson Davies, a Canadian, who is causing a sensation below the border. It has received rave reviews and is indeed very good fun to read. He pokes fun at all sorts of books. Every type of current popular reading. "The Best Seller", "The Sex Manual", "How to be Popular" book, "How to be Successful by Faith in God", written by Mr. Peale and his followers; all receive a biting commentary. Mr. Davies' theme is that readers should use their intellect.

"The Rise and Fall of the Third Reich" by William Shiren is a very distinguished history which is being acclaimed as the history of this period. It is on the best seller list, and is a book of the month club selection.

These are just a few of the new books. Come in to the library and browse around.

John McGovern was in New Liskeard Monday, along with his tame wolf Cindy, at left, and Lucky, a German shepherd. Mr. McGovern is hitchhiking from Edmonton to Ottawa. He picked the wolf up as a puppy at Dawson Creek, and reports that the animal has aided his trip, as many curious motorists stop to ask about it. When they first met, the dog and the wolf tried to tear each other to pieces, but now they are the best of friends.

Silvertown Kiwanis Club Has Excellent Record Of Service

COBALT—The Kiwanis Club of Cobalt celebrated its 35th Anniversary in 1960 and for each of those 35 years the Club has carried out a full program of youth work and community service.

When the Kiwanis Charter was received in 1925, Cobalt was a thriving mining community, with

a population many times that of today.

Despite the fact that membership was reduced as the fortunes of the town ebbed, the Cobalt Kiwanis Club has been carrying on the projects started in bygone years and at the same time has been meeting the other needs of the community too, as far as possible.

The year 1960 saw the Club continue this work and the achievements for this year cover a wide field.

Kiddies and Youth are always foremost in the work of a Kiwanis Club and in this field during the past year, the Cobalt Club expended over \$500.00 for the purchase of winter clothing and overboots for needy children attending the elementary schools.

Sponsorship of the Boy Scouts and Wolf Packs was continued as well as support of organized sports for school children.

A donation was made to the Girl Guides new camp. The Annual Kiwanis Winter Carnival and a Kiwanis Kiddies Day at Bass Lake were again very popular with the Youth of the Community.

In the field of Education the scholarships of \$100.00 per year for four years were continued to graduates of the Cobalt High School who won this award each year.

In co-operation with the Ontario Society for Crippled Children, the Easter Seal Campaign was held again and financial assistance was given to many crippled children who required transportation to hospitals, or special boots, etc. One crippled child was sent for a vacation at Camp Northwood.

In this field far more money was spent than was collected in the Easter Seal Campaign in Cobalt and Latchford.

Other work done by the Cobalt Club in 1960 included a donation of \$600.00 to the C.N.I.B. for a new building to be erected in Sudbury for the benefit of blind people in Northern Ontario, a gift of reference books to the Cobalt Public Library, and in the Spirit of Christmas, 32 Christmas Cheer baskets were distributed to needy families and the Kiwanis Nativity scene was again displayed.

However, of all the projects undertaken by the Cobalt Kiwanians the one which benefitted the most

people in the community has been the Kiwanis Beach at Bass Lake. This project was started by Kiwanians of the late 1920's, who realized that the prime need of a mining town with its hot streets and bare rocks was a beach within reasonable distance from the town.

From a modest beginning, the beach was developed and improved each year until today the Kiwanis Beach at Bass Lake receives compliments from all over the continent.

Last year a major improvement was made in the installation of flush toilets and the booth renovated both inside and out.

All cabins were redecorated and some were equipped with refrigerators. Once again expenditures at Bass Lake far exceeded the revenue.

In maintaining Bass Lake as a modern, free beach the Cobalt Kiwanis Club feels that it is fulfilling the ideals of Kiwanians who passed this way many years ago.

In reporting their achievements for 1960 the Cobalt Kiwanis Club gratefully acknowledges the support and co-operation they have received from many members of the public.

Three New Songs For Brownie Pack

Patsy Treen and Heather Rodgers were the Fairy Queens for this week's meeting of the 1st Haileybury Brownie Pack.

They learned to sing three new rounds, "O How Lovely is the Evening", "Fires Burning", and "Row, Row, Row Your Boat".

The girls also learned a joke to tell their families in which, with the aid of a kleenex, they play the part of, first, a villain, second, a heroine, and then, a hero.

Linda Bryson led the Pack in a game of "Simon Says".

Inspection was followed by the usual test work.
