License Jam Looms For Temiskaming

Hon. H. L. Rowntree, QC, Ontario Minister of Transport, showed great concern today when he said, "Renewals of motor vehicle registrations and drivers' licences are far behind last year. Up to date less than 40 per cent have been issued."

"This means," the minister continued, "the department, with only 18 business days remaining before March 15 deadline, has yet to issue some two million plates and licences. This could mean serious congestion and long line-ups if it continues."

Mr. Rowntree added that the department could handle the situation without any inconvenience to motorists, provided there was no further delay in applications being made.

The minister again warned that there definitely would be no extension of the March 15 deadline. He urged all those who have yet to obtain their new registrations and drivers' licences to do so now.

"Remember, there are only 18 business days remaining to March 15."

Following are the licence statistics for this district:

Local Statistics for week ending February 18	Percentage of Licences issued	1960	1961
To this date	1960	36%	
Percentage of Licences Still to be issued	1961		34%
Issuing Days Left			66%
