

Even the tying of a shoe can be a big accomplishment for a young lad whose legs and arms are weakened by a physical handicap. There are more than 15,000 crippled children who are being assisted by the Ontario Society for Crippled Children — and this work is only possible because of the support given to the Easter Seal Campaign. The month-long campaign opens today and has a provincial objective of \$875,000.

Dial Telephones For Gowganda

A. W. Wilder, Branch Manager of Northern Telephone's New Liskeard area announced plans are being finalized to convert the telephone system in Gowganda to dial service.

The equipment, which will be placed in service this summer, will begin in the late spring on automatic telephone service for some 65 subscribers in this rich mining area. A house to house survey with regard to the types of service required has been recently completed and work will begin in the late spring on the Company's pole lines and cable plant, to build it up to the requirements of the new equipment.

Orders already have been placed for the new dial equipment Mr. Wilder announced, and

delivery is expected within a few months.

Installation of the new and modern equipment will call for an expenditure of more than \$30,000 and will represent a major improvement in local telephone service. In addition, this expansion will meet the demand for increased use of all telephone lines.

This changeover is another step in the gigantic dial conversion program of Northern Telephone Limited, a program which will eventually see all exchanges converted, where economically feasible.

The only methods of curing cancer to-day are radiation or surgery, or a combination of both. In the treatment of certain types of cancer, however, hormones, drugs, and some radioactive substances have proved valuable. To step up the research attack on cancer, support the Canadian Cancer Society's Crusade.

CARD OF THANKS

I would like to take this opportunity of expressing my thanks and appreciation to all those who helped in any way during the fire at the Bus terminal. To my own employees, the bus operators throughout the North who offered help so I could continue my service under difficult circumstances, to those who offered garage and office space, and those who wrote and phoned, my sincere thanks. N. D. McIsaac. 1

Coming Events

More school children die of cancer than from any other disease. The Canadian Cancer Society needs money to defeat this killer by means of research and public education. Give to its April campaign.
