# Cubs Plan Win On Friday Night

Coach Don Shepherdson said his team stunk out the house, and fans who travelled to South Porcupine Sunday expecting the Cubs to wrap up their series with the Gold Kings said that the Liskeard team played a lack-lustre, uninspired game and lost by a 4-2 count.

The Cubs penalty killers are usually able to slow down the attack when the team is short handed, but Kings got all their goals when the Cubs had a man in the sin bin.

Larouche counted for the Cubs early in the first period, and this was the only serious attack the Cubs made on the King citadel until the same player picked up his second goal with less than a minute of play.

The only other player on the Cubs to get any praise from the fans was Jean Paul Grenon, and according to them he was the only reason the Kings did not win in double figures.

The story of the King's scoring is simple, Chevrier scored with Steele in the penalty box, Lahaie scored with Haines in the same place; Lahaie scored another in the third with Steele away again, and Chevrier counted another seconds later before the Cubs got sorted out.

It will be do or die for the Cubs on Friday night at the New Liskeard Arena, if they lose, they will have to travel to South Porcupine on Sunday for the final and deciding game.

In spite of the bad game on Sunday, Coach Shepherdson is confident his team will end it all here. "The boys got a bad game out of their systems," he said, "and it is possibly the worst effort of the season. But they know what was wrong, and they will come out flying on Friday, and we will move into the next series."

## Press for New PO for Haileybury

Haileybury is vigorously campaigning for a new federal building. The lease on the present post office expires this year, and if the government intends to build, the decision will have to be reached soon.

Charles Camsell and Foster Rice were in Ottawa late last week, and called on the post office department and the department of public works to press Haileybury's case.

Mr. Camsell said that they asked for a building big enough to provide for future expansion, and with office facilities for a representative of the unemployment insurance commission, and the federal department of public works.

He said that they were received by the personal assistants of the two ministers, and that all the federal authorities seemed very sympathetic to their request.

## Safe Drivers

J. J. Whelan and J. J. McMahon, well-known Haileybury residents received Safe Driving Awards at the annual Brewers' Warehousing presentation dinner held in Kirkland Lake last week. Mr. Whelan has a record of 13 years of safe driving. Mr. McMahon has been driving safely for five.
