Haileybury will Vote On Sunday Movies

The right to show Sunday movies in Haileybury will be decided in a plebiscite near the end of the month, it was decided at a meeting of town council on May 8.

Only a simple majority vote is needed for the acceptance of Sunday entertainment. Responsibility then lies with the Haileybury Council to draw up restrictive times for shows.

The request for the plebiscite was brought to council by Robert Ashford, manager of the Strand Theatre in Haileybury. According to provincial law the plebiscite must be advertised for three straight weeks before it is brought to a vote.

Rev. C. Lapointe, Roman Catholic Parish Priest, and Rev. W. Churchill, Pentecostal Minister, went on record as opposed to the move. Rev. Lapointe objected to holding Sunday movies that might interfere with the afternoon mass. In addition he believes mid-night movies are a factor in demoralizing youth.

Police Chief Roy Feeley stated in a letter to Council that he would have to spend too much time in supervising theatre traffic. According to the policeman there have been numerous complaints from residents in the area about noise after the last show.

Should movies be voted in, Chief Feeley requested the performances be restricted to the months between September and May. He felt during this period, in winter, a Sunday showing would be most appreciated.

Mr. Churchill wanted the people to defeat Sunday movies with a liberal dosage of Christian spirit.

Mr. Ashford announced he would be in favor of calling off all but four or five midnight shows falling on holidays, should the plebiscite support Sunday films.

Mayor Arthur H. Cooke emphasized that council had power only to authorize the plebiscite for films. The 1,000 Haileybury adult voters must decide the outcome.

Monthly Meeting Of Cobalt Council

Routine matters occupied most of the Cobalt Council meeting on Tuesday night. Councillor Duncan Sopha expressed some concern about the location of the new subdivision.

He is afraid that if too many houses are built close to Sass Lake, it may lead to pollution of the town's water supply. Mr. Sopha suggested that the town take a look at land close to the townsite road area.

The town of Latchford sent its cheque for \$225 in payment of the volunteer fire department's work at the fire which destroyed Burns' motel at Latchford.
