

# Transportation Licked By Bucke School Board

The Bucke Township School Board reviewed its program of buying education at the regular September meeting held last Monday evening.

This year, residents of Fleuryville, the West Road and the south portion of Highway 11 are sending their children to the Haileybury Public School. Residents of Highway 11 north from Dixon's Creek and Radley's Hill are sending their children to New Liskeard.

All problems of transportation now seem to be operating smoothly. Board Chairman Tom Willis said Mrs. Nora Perry deserved a lot of credit for her capable handling of this formidable problem. The School Board arranges transportation for all High School as well as Public School children in the township.

An agreement has been signed between the Haileybury Board of Education and the Bucke Township School Board and payment for the education of the children attending the Haileybury School has been made for the months of September and October. The agreement from the New Liskeard Board of Education is still pending and it is expected that this will be in hand shortly.

The Board also decided that it would pay for the cost of educating Kindergarten children, provided that parents could make arrangements with the Haileybury or New Liskeard school to have their children admitted and also provided that parents would make their own arrangements for transportation.

The Kindergarten problem is not an easy one. There has been no definite commitment from either Haileybury or New Liskeard on the availability of Kindergarten but in some cases it may be possible for parents to arrange.

In future it is possible that more complete facilities may be provided by either or both schools concerned. Transportation is difficult for the Board to arrange economically as these small children attend either a morning or afternoon class only.

There is some confusion about insurance for the children. Bucke Township School Board pays for the cost of insurance for all Public School children, covering medical expenses incurred through accident or injury sustained while the pupil is en route to or from any regular class or supervised activity. A circular explaining the coverage provided will soon be delivered to all children of Bucke Township who are attending either New Liskeard or Haileybury Schools.

Meanwhile the North Cobalt School has an initial enrollment only four less than at the end of June last year. As at that time the enrollment included Fleuryville and the pupils of senior grades from the Moore's Cove area, it is evident that there has been a substantial increase in School population.

With the expected continued efficiency of the North Cobalt school which the Board feels has an excellent staff, and with the pupils from Fleuryville, and the area from Haileybury to New Liskeard attending these two schools respectively, in the opinion of the Board the children of Bucke Township will receive far better education than has ever been available to them before.

# Closing Dance At Golf Club

On Saturday, September 23, the Haileybury Golf Club will hold the closing dinner and dance of the season.

Following the dinner, which will be held at 6:30, the presentation of prizes won in both the ladies' and men's sections during the season will take place.

The members of the men's executive for the year have been A. Hawkins, president; G. Black, vice-president; G. Stewart, secretary; W. Grozelle, club captain; J. Michiel, J. B. Knox, J. Sargent, Russ Murphy, D. McLennan and W. Gow, directors.

# Night Classes At High School

If a sufficient amount of interest is shown, night classes for adults will be conducted in the Haileybury High School during the fall and winter months. G. L. Cassidy, principal of the High School, has announced that if the number of applications warrant it, classes can be organized to commence on October 11th.

The classes considered at present include Conversational French to begin on October 11, on Wednesday evenings, with Mrs. F. L. Charbonneau instructing; Drawing and Painting, to begin in early October, on either Tuesday or Thursday evenings, depending on the wishes of the majority of the class, with G. L. Cassidy as instructor; English Literature (Gr. XIII Course of Study) Wednesday evenings, beginning on November 15, with G. L. Cassidy as instructor.

Classes will also be organized in Grade XIII History or Mathematics if sufficient applications are received. These would likely be held on Wednesday evenings.

Classes will run from 7:30 to 9:30 p.m. in the new High School building, and a small deposit fee will be charged on registration which will be refunded if a reasonably good attendance is kept up.

Preliminary registration may be made either by letter or telephone to G. L. Cassidy, Principal, and if possible should be received by October 2nd.

Mr. and Mrs. Denis Morin were married recently in Ste Therese Church, Cobalt. The bride is the former Aline Ouelette, daughter of Mr. and Mrs. W. Ouelette of Cobalt. The groom is the son of Mr. and Mrs. F. Morin of Cobalt.

# Rummage Sale At Parish Hall

Members of St. Paul's Anglican W.A. held their first fall meeting in the Parish Hall on Tuesday, September 12, with the president, Mrs. G. L. Cassidy opening the meeting with appropriate W.A. prayers, after which she welcomed new members.

Business reports were given. The annual Fall Rummage Sale under the convenership of Mrs. Humphry, will be held Friday, October 6th, in the Parish Hall. Mrs. E. Campbell and Mrs. J. Shouldice offered to look after collecting the rummage.

It was decided to hold a Corporate Communion on Thursday, September 28th at 10:00 o'clock.

The date of Saturday, November 4, for the annual Christmas Bazaar was approved by the W.A. Members. The conveners will be appointed at the October meeting. Mrs. W. MacFarlane, secretary of the Little Helpers Group, reported that they would hold their annual party on Wednesday, September 20, in the Parish Hall.

The tea table setting under the auspices of St. John's Anglican Church in New Liskeard, was brought up for discussion and it was unanimously decided that the W.A. enter this competition. Mrs. E. Campbell was appointed convener to arrange the table setting for St. Paul's.

A sewing meeting will be held Tuesday in the Parish Hall to prepare articles for the Christmas Bazaar.

At the completion of the business discussions, the meeting was closed with prayer.

# Organ Destroyed in Cobalt Church Fire

The new electric organ in Cobalt United Church was destroyed by fire last Thursday night. Despite the intense heat generated by the blaze, the main structure of the church did not catch fire.

Nothing was left of the organ but a small heap of twisted metal lying in an ash filled hole in the floor. The fire burned a hole in the ceiling, but was apparently stopped by insulation.

The intense heat blackened and twisted floor tiles 25 feet away, and covered most of the pews with a layer of smoke and grime.

The organ was used for choir

practice Thursday evening, but the practice was cut short when the hydro-electric power failed during the heavy rainstorm.

In the morning, Mrs. Helmut Wipprecht, wife of the minister, opened the church to be greeted with a cloud of smoke.

The heat cracked several windows, none of them fell in. Mr. Wipprecht said that he believed the fire must have smothered itself as no doors or windows were open.

Installed last January, the organ cost \$2,000. Total damage has been estimated at between \$5,000 and \$6,000.

Top car in the Mercury line for 1962 is the Monterey Custom seen here in the four door hardtop model. Side appearance of the Mercury Monterey is noticeably different in line and trim while the conical shaped taillights set into tubular-shaped fins make a complete change from last year's car. Several major mechanical features are incorporated in the 1962 Monterey to save maintenance costs and eliminate many service steps that have been accepted as normal in the past.

## Governor General's Itinerary

MONDAY, SEPTEMBER 25th

### COBALT

Cobalt Arena	9:30 a.m.
Met by Mayor and Mrs. Purdy. His Worship will introduce school children. Council and guests will be presented.	
Mining Museum	10:10 a.m.
Ribbon cutting ceremony and official opening of Museum by His Honor.	
Leave Mining Museum for Haileybury	10:40 a.m.
