New Service for Rural Homes

To help farm and other rural customers meet their growing electrical needs, Ontario Hydro will sell 100-ampere outdoor service entrance boxes and circuit breakers through its 98 rural area offices this fall.
 Hydro has been urging its farm customers to install outdoor boxes to provide a central point of supply for distribution to their houses and farm buildings, and is promoting the installation of 100-amp or larger services to handle future requirements.
 Lack of suitable outdoor equipment, however, has made it difficult for them to carry out such improvements.
 Until provided through regular commercial suppliers, 100-amp outdoor boxes, with socket bases and breakers will be carried by Hydro's rural area offices for resale to customers. When available, 200-amp equipment may also be sold.
 At present, Hydro's rural areas carry low capacity outdoor boxes. When the supply is exhausted, their sale will be discontinued and 100-amp will be the minimum size.
 There has been greatly increased interest in larger capacity services for farms since a recent change in the farm rate made billing independent of breaker size.

The **EXCELSIOR LIFE Insurance Company**

congratulates its representative

R. D. "BOB" McCHESNEY, C.L.U.

of the Northern Ontario Branch

upon graduation from the Career Course of the Life Insurance Marketing Institute, Purdue University, Lafayette, Indiana, Purdue provides one of the two on-campus courses in North America for life underwriters desiring to offer a broader professional service. Graduation represents the successful completion of a one year course of intensive study in advanced life underwriting, estate analysis and business insurance.
