

Across the Kitchen Table

BY MRS. MAC

A MILE - AND - A - HALF FROM CHURCH

We're a mile-and-a-half from church you know,
And it's raining today, so we cannot go.
We'd go ten miles to a feed, or show
Though the rains should fall and the winds should blow;
But church is not the same, you know,
That's why, when it rains, we just can't go.
But we always go to things we like—
We ride if we can; if we can't, we hike!

We're a mile-and-a-half from church, you know
And a tire is flat so we cannot go.
We'd fix it twice to make a visit;
A game of ball we wouldn't miss it!
We'd mend the tire in no time at all,
We'd sure be there, if we had to crawl!
For hunting new fun is all the style;
The poor old church will wait a while!

We're a mile-and-a-half from church, you know,
And our friends are coming, so we can't go.
To disappoint them is sure unkind,
But avoiding church, we do not mind.
We want to entertain our friends on earth,

And spend the day in feast and mirth.
But some time, nearing the end of our days,
We'll go to church to mend our ways!

George G. Degen

This little poem hits quite a few of us, doesn't it? I didn't realize just how hard it hit me until I read it a second time.

By the time this appears in print, I will be away down almost on the shores of Lake Erie, just doing what I please, and it will be mostly talking! My son, of course, will be watching ball games, mumbling or yelling, depending on which team is winning. I am hoping that the autumn leaves will not be too far gone by the time we get started because I do want to get some more pictures and slides. And will everyone pray that there will be some nice weather after I get back, because I am quite sure I'm not going to get all my bulbs planted before I go!

The Leaders' Training School for Block Printing sponsored by the Home Economics service of the Department of Agriculture in the Community Hall, Thursday and Friday, September 28 and 29, will provide an interesting project for Women's Institute members and their friends. A leader and assistant from each branch attend the School and will then bring back to their members details of the work learned. Miss Isobel Leslie from the Home Economics Service is the instructress and arrangements for the school were made by Miss Kathleen Shevkenek, Home Economist for the district.

Active Program for Junior Red Cross

Last week was Junior Red Cross Week and in connection with it, the following resume of Junior Red Cross activities in the Haileybury Public School was compiled from school records.

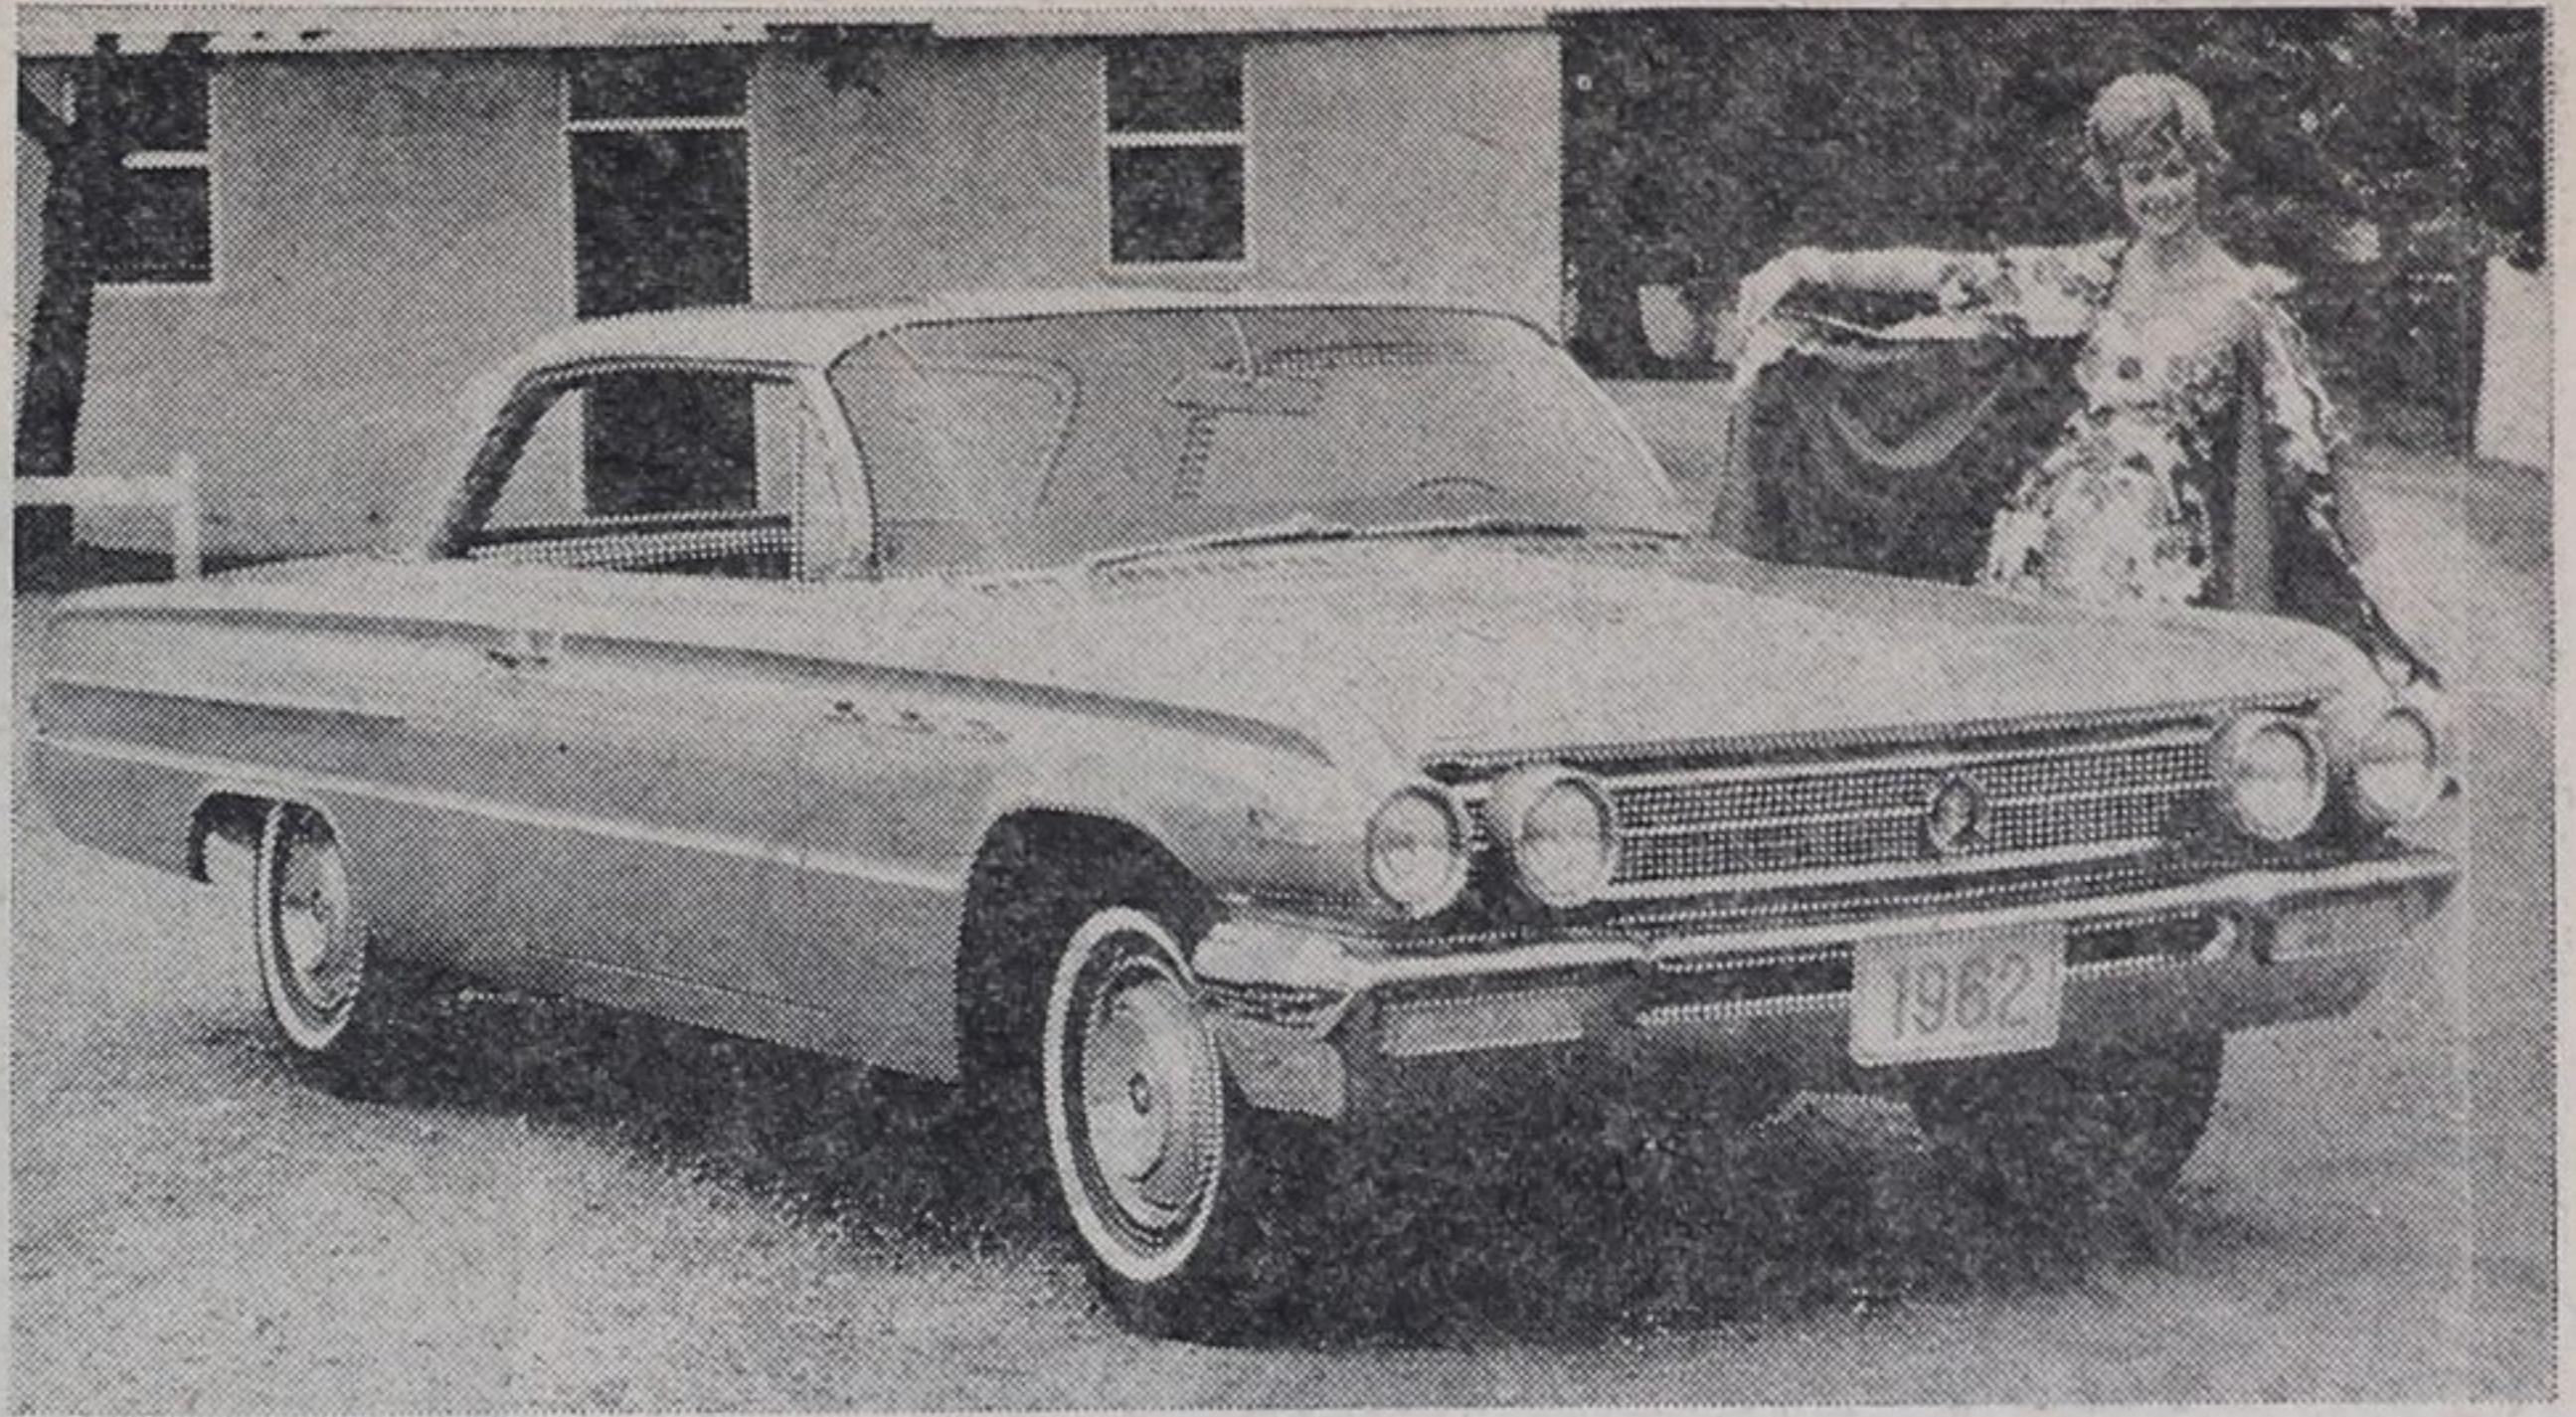

In Grades One, Two and Three, each meeting is in charge of a Grade Three pupil, who is responsible for planning a program for the others to take part in or to listen to. Officers are changed twice yearly and a collection is taken at each meeting. One Grade Two pupil held a sale of Freshie and candy at her own home and turned the proceeds over to the fund. Christmas gifts and Valentines for hospital use were mailed to headquarters.

Grade Six raised the sum of \$12.00 through donations, auction and candy sales.

Grade Eight students have carried out five major projects during the past year; a program to educate the smaller children in the rules of good citizenship around the school; sending magazines to a Teachers' Training College in Sarawah, Borneo; Christmas gifts of magazines and candies to the patients in the local hospital; making fifteen Health Kits, with soap, wash cloth, towel, tooth brush and paste, comb and other small articles, which were sent to the Red Cross Headquarters in Toronto, and giving a small cash donation to the Junior Red Cross Fund.

The budget for the above activities amounted to well over \$50.00, which was raised by means of candy sales, an auction sale and small donations. Quite a sum was realized from the sale of bird houses made in the Manual Training classes, and pie and candy from the Home Economics classes, under the guidance of Mr. Reavell and Mrs. Kirk. This year's plans have not been completed but a Safety Drive will be a definite part of the program.

The Ontario Junior Humane Society teaches children to be kind to animals. Remember the rules of humanity towards people and animals this week and every week of the year.

A new roofline — almost identical to that of a convertible — is a styling innovation featured on the 1962 Buick two-door hardtop models. The LeSabre hardtop is shown here. The new Buick has a restyled grille and redesigned hood.

Annual Bursary Tea Of Tri-town B & PW Rally Day Service At St. Andrew's

Miss Edna Sumbler, President of the Tri-Town B & P Women's Club and Mrs. Lucille Hardy, convener, welcomed the guests to the Annual Bursary Tea held in the Community Hall September 30, and which was quite a success, despite the poor weather.

The tea table was very attractive with the bronze, yellow and green floral arrangement and silver appointments. Mrs. Jerome of Haileybury and Mrs. Hylands of Cobalt poured tea the first part of the afternoon, Mrs. Chester and Mrs. Churchill of New Liskeard presided later.

Yellow and green floral arrangements were also used for the small tea tables. Miss Marjorie Munro, convener, was assisted by several very attractive young ladies, non-members. We hope they will become members in the near future.

Mrs. Grace O'Brien was in charge of the bake table. Miss Beatrice McDonald the candy table, Miss Muriel Rice displayed and sold travel souvenirs. Mrs. Nora Eplett and Miss Marguerite Campbell were in charge of the tickets. Convener of the kitchen was Mrs. Mary Reid.

The last thrill was the draw for the prize of \$25. Mrs. E. L. Smith had the honour of drawing Mrs. Eva Boyce's ticket, who was the lucky winner.

Need Sidewalks On Rorke Avenue

Two children have died on Rorke Avenue in Haileybury within the past two months. As a result there is increasing pressure for an extension of sidewalks in the area.

Mayor Arthur H. Cooke has stated that he will bring the matter to the attention of the council at the next regular meeting. But he warned that all the money budgeted for sidewalk construction has been used up this year.

A coroner's jury last Friday recommended the extension of sidewalks after investigating the recent death of Lorain Dupuis of Haileybury. The six-year-old daughter of Mr. and Mrs. Leo Dupuis of Albert Street was killed by a truck on the highway.

On August 6, a coroner's jury enquiring in the death of 14-year-old Jacqueline Perron of Notre Dame du Nord, also called for more sidewalk construction in the area. Miss Perron died under similar circumstances.

Mr. Cooke has indicated that he is favourable to the extension of sidewalks from the Separate School to Albert Street. Many students from Fleuryville walk along the highway to reach the Separate School. They normally walk down Albert Street, but Mr. Cooke pointed out that Fleuryville is in Bucke Township, and that many students could avoid the highway completely by cutting across the rear of the school grounds.

Haileybury Personals

Max Whitby was called to Port Perry, Ontario, on Tuesday last, to attend the funeral of his only brother, Jack, who died suddenly at his home. He is survived by his wife, Kathleen, and two sons.

Rev. Walter E. McAllister of Toronto, General Superintendent of the Pentecostal Assembly, will be in Haileybury to take the services at the first anniversary of the opening of the new church on October 8th.

Mr. and Mrs. Ken Presley and daughters Carol, Susan and Judy, have returned to their home in Kitchener after spending ten days in town as the guests of Mr. Presley's mother, Mrs. M. Weight, and Mr. Weight.

First Concert

The J. M. C. executive members are happy to announce that this year they will again present four outstanding concerts. For the first concert you will have the opportunity to hear world wide artists such as Guy Fallot, Ayla Erduran, Jean Sevilla in a perfect instrumental trio ensemble.

The membership tickets are now on sale. Anyone interested please get in touch with T. Cote, New Liskeard, Ph. 7-4321 or 7-5287, Roland McMahon, Haileybury, Ph. OS 2-5376, or M. Therese Fleury, North Cobalt, Ph. 3180.

Award Scholarships At Mining School

Last week-end at the Provincial School of Mines in Haileybury, scholarships were presented to a number of the students, based on the examinations held last May.

The J. P. Bickell Foundation Mining Scholarships were awarded as follows: Joseph Mather, Sudbury, \$200.00; Mike Weatherley, St. Catharines, \$150.00; David Welmore, Port Credit, \$100.00; Brian Glassford, Hamilton, \$75.00; Lionel Gunther, Ormsby, \$75.00.

Prizes donated by the Women's Association of the Mining Industry of Canada went to Laurent Caron, Evain, Quebec, and Balfour Thomas, Capreol, who each received \$100.00.

Winners of the prizes donated by the Northern Ontario Mines were Marcel Caron, Haileybury, \$50.00; Ian Dickie, Sudbury, \$50.00; Ralph Hargrave, Virginiatown, \$50.00; Brian Glassford, Hamilton, \$50.00; Lionel Gunther, Ormsby, \$50.00.

A Rally Day service was held in St. Andrew's United Church on Sunday, September 24, with the Call to Worship and the Prayer of Invocation given by the leader, Miss Muriel Rice.

Responsive reading was led by Miss Sally Macdonald; Litany prayers by Mr. C. E. Blackwell, and the Scripture reading was taken by Billy Hoyles.

The Junior Sunday School classes sang "Praise Him, Praise Him". Mrs. Faith Plaunt told the story, "The Church is There", which was followed by the hymn, "From Ocean Unto Ocean, Our Land Shall Own Him Lord".

Mrs. W. A. Gagnon was guest organist, and the ushers were James Reavell, Charles Plaunt, Robert Gilroy and Larry Byles.

footnote from

Glenn Walton

a man in the making...

In not too many years Dad's hat won't cover his ears. You see proof of how quickly he's growing when coats become too small, and seemingly overnight pants suddenly are too short. Less obvious, but most important is the growth of young feet. Until he's six the average child's foot size changes every 1-2 months. After that every 2-3 months. Through experience we know that it doesn't pay ever to take chances with growing feet. Bring your child in regularly for a free size check. There's no obligation. If new shoes are needed we have a complete selection of Savage shoes for boys and girls. Savage shoes are well made of good materials over correct lasts.
