

Hydro Beats Bush With Helicopters

Ontario Hydro is taking to the air to conquer the dense bush country of Northern Ontario during construction of a 50-mile transmission line between the communities of Manitowadge and Hornepayne.

The project is airborne operation from almost from start to finish. Helicopters will be used for all phases of construction, including movement of personnel, for only a small portion of the proposed line's right-of-way is accessible by road.

The 'copters will carry wood poles, set them in the ground and string conductors. The line will hook-up Hornepayne, a divisional point on the Canadian National Railway's trans-continental line about 200 air miles north of Sault Ste. Marie, to Hydro's Northwestern system, at Manitowadge, a small copper-mining community.

At present, Hornepayne's electric power is supplied by diesel electric generators.

First major "air" construction of a transmission line by Hydro, the project is now under way. Individual clearing contractors are cutting a 66-foot wide strip through the heavily-bushed country, which is dotted with many small lakes, for the three phase, 44,000-volt line.

Helicopters have already air-lifted survey crews and camp equipment into the area, and this work is well in hand. All items necessary for the clearing contractors' camps will also be flown in, and line construction crews and their equipment will be similarly transported.

The construction technique, though relatively new, has been used to some extent in the United States. Hydro itself has used helicopters for polesetting and experimental line-stringing work on a small scale in recent months. The

Hospital Bowlers Enjoy Party

The Hospital Bowling League was organized in November, and consists of six teams made up of girls from the hospital staff and two teams of girls from the town. They bowl every Wednesday night, going by chartered bus to the Happy Lanes Bowling Centre at New Liskeard.

The teams, their captains and their scores at the end of the first half of the season are as follows:

Eager Beavers — captain, Denise Bujold, 28 points (won all games); Les Alouettes — captain, Mariette Verrier, 18 points; Haileybury Eagles — captain, Yvette LaPalme, 13 points; Black Hawks — captain, Pat O'Grady, 13 points; Sad Sacks (all registered nurses) — captain, Lyle Clark, 11 points; Ti-Cats — captain, Ann Fisher, 10 points; Blue Birds — captain, Jeanne D'arc Labreche, 8 points; Gliders — captain, Frieda Soucie, 7 points.

Lena Bordeleau holds the record for the High Single with 218; Jeanne Quesnel with 557 has the High Triple, and the High Average goes to L. Donoghue with 152. Last week Lucille Gautier and Pat Wilson won two Christmas cakes donated by Happy Lanes for the Hidden Score, and this week Miss J. Quesnel was the winner of another cake. Following the games last Wednesday night, the League presented a Christmas gift to Mr. and Mrs. Ernie Maddock, operators of the Bowling Lanes, and also to Mr. Walsh, the driver of their bus. When they returned to Haileybury, a buffet lunch was served in the hospital auditorium, which was gay with Christmas decorations and a tree, the handwork of Tilly Levesque and Denise Bujold. Santa also appeared to take part in an exchange of gifts. As a bit of special entertainment, the members of the Eager Beaver team sang an original song regarding all the members of the League.

Manitowadge-Hornepayne project presents an opportunity to use this method for all phases of the work.

Hydro has brought an S-58D Sikorsky helicopter — one of the largest commercial models available — to do the job. This machine can carry a pilot, observer and 12 other passengers, or a material payload of approximately 3,600 pounds.

Other helicopters from Hydro's fleet — a Sikorsky S55 and a Bell G2A — will also be used where the loads are within their capacities.

The job is scheduled for completion by mid-1962.

Christmas Is Time For Remembering

While it is not true, of course, that "Christmas is for children", no other season or holiday brings to both young and old such vivid memories of earlier, happier times.

Christmas is certainly a happy time for the young. There is a sparkle and sweetness to the Christmas season that time cannot dim within our heart.

When the snow falls and the winter winds blow cold against the frosted pane, there is warmth and contentment in the glow of a hearth fire, and it is a luxury for children of all ages to close the eyes and call back joyful, happy scenes that are so deeply treasured they can never be forgotten.

Provincial Playdowns In Dominion Silver 'D'

TORONTO — Ontario's bulky Southern Zone will battle representatives from the three other provincial districts in the Dominion Silver "D" Ontario ladies' curling championship February 13-16 at Toronto's Boulevard Club.

The winning rink from this four-day double round-robin playoff will carry Ontario's hopes into the second Dominion Diamond "D" national championship at Regina Stadium, February 26 - March 1. All 10 provincial Dominion Silver "D"s and the national Diamond "D" final are sponsored by Dominion Stores Limited and are held under the auspices of the Canadian Ladies' Curling Association and

the provincial associations in each case.

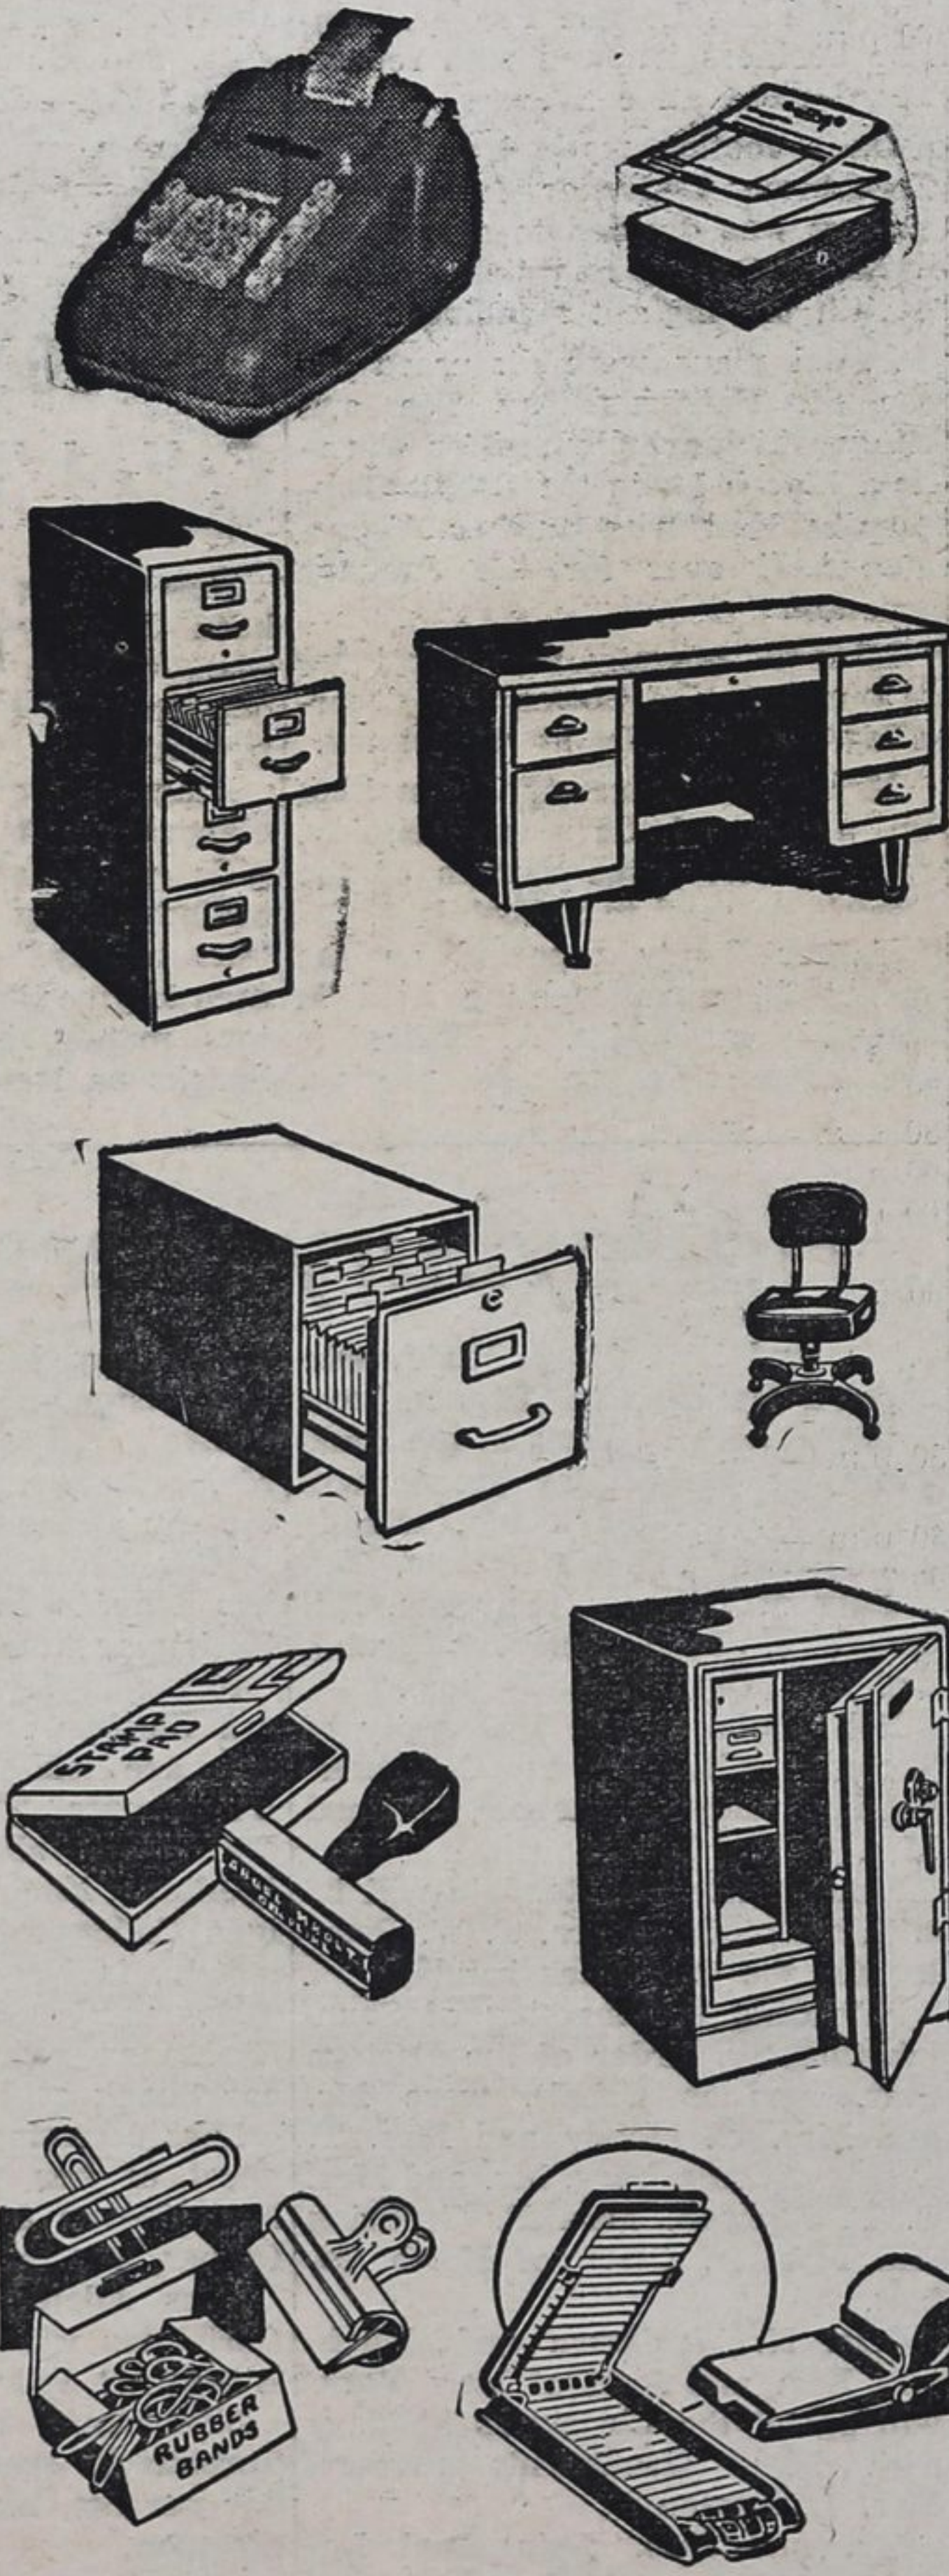

In last year's Ontario championship at Fort William, Mrs. Emily Woolley's Toronto Granite Club rink was unbeaten in turning back the three other district winners, Mrs. Peggy Wellings of Terrace Bay, Mrs. Doris McInnes of Sudbury and Mrs. Gladys Armsden of Arnprior. Mrs. Woolley's crew tied for third place with Manitoba, each with 5-4 won-lost records in the Dominion Diamond "D" final, won by Mrs. Joyce McKee's Hub City Club rink from Saskatoon.

Of Ontario's 16,500 registered women curlers, nearly 12,400 comprise the vast Southern section.

Office Supplies Equipment - Printing

Now is the time to re-order your office supplies — forms — Printing and that extra piece of new furniture and equipment.

- Electric and hand ADDING MACHINES
- Desks and Chairs
- Typewriters
- Filing Cabinets
- Safes
- Cardboard Storage Files
- FILING FOLDERS
- CONTINUOUS FORMS
- Snap-out Carbon Forms
