<b>Hockey — Pee Wee</b> Raiders 6 v. Milton 1	<b>Hockey — NHL</b> Maple Leafs 3 v. Canadiens 4

### Novice Raiders Keep Rolling

The Georgetown Minor Novice Raiders continued their winning ways with a 3-2 road win in Norwich.

Chris Darling opened the scoring for the Raiders in the first period on a set up from Greg Heywood and Cory McLaughlin. The Raiders record now stands at 10-4-3 for the season.

## Special teams let Raiders down

BY TERRY ROUSE

The Georgetown Gemini Special teams played an important role in Saturday's Georgetown Raiders hockey game as the visiting Bramalea Blues managed three power play markers and a short-handed goal, in a 7-2 Georgetown loss.

"Bramalea had a little more savvy around the net," said head coach and GM Rick Bince. "The chances were

fairly even in the game, Bramalea was just able to finish them off."

Bill Rennie and Krystopher Barch were able to finish off their chances, scoring the lone goals for the Raiders.

"We are a young team right now and young players make mistakes," added Bince. "It is a matter of growth," said Bince. "Teams that don't have patience are

like a revolving door, they won't get anywhere."

Building credibility is in the first interest of the club. "This is a plan where players will come and learn to be quality people as well as good hockey players.

"Some of the players we have selected have not been taught the fundamentals."

One player Bince, has high hopes for is 16-year-old Andrew Peters. "When he

matures, he could go to the NHL, remember he's only 16."

As for the second half of the season, Bince just wants to improve with what he has. "I don't want to flush the season down the toilet. We just have to continue to work at the team concept."

As for the next community fund-raiser there will be casino nights on Nov. 29 and 30 at the McGibbon Hotel.
